~~(3) The election administrator shall determine prior to an election whether an absentee voter has provided sufficient identification to allow a ballot to be counted. If the information is insufficient, the election administrator shall follow procedures described in 13-13-241 to allow an absentee elector who failed to provide proper identifying information in the outer return envelope to verify eligibility to vote. An absentee elector whose ballot is determined to be provisional has until 5 p.m. on the day after the election to provide valid identification information either in person, by facsimile, by electronic mail, or by mail postmarked on the day of the election or the day after the election.~~

~~(4)~~*(3)* A provisional ballot must be counted if the election administrator verifies the elector's eligibility pursuant to rules adopted under 13-13-603. However, if the election administrator cannot verify the elector's eligibility under the rules, the elector's provisional ballot must be rejected and handled as provided in 13-15-108. If the ballot is provisional because of a challenge and the challenge was made on the grounds that the elector is of unsound mind or serving a felony sentence in a penal institution, the elector's provisional ballot

must be counted unless the challenger provides documentation by 5 p.m. on the day after the election that a court has established that the elector is of unsound mind or that the elector has been convicted and sentenced and is still serving a felony sentence in a penal institution.

~~(5)~~*(4)* The election administrator shall provide an elector who cast a provisional ballot but whose ballot was not counted with the reasons why the ballot was not counted.

~~(6)~~*(5)* A provisional ballot cast by an elector whose voter information is verified before 5 p.m. on the day after the election must be removed from its provisional envelope, grouped with other ballots in a manner that allows for the secrecy of the ballot to the greatest extent possible, and counted as any other ballot."

Section 23. Section 13-15-201, MCA, is amended to read:

"13-15-201. Preparation for count. (1) ~~(a)~~ Subject to 13-10-311, to prepare for a manual or automatic count of ~~paper~~ ballots ~~before or after the close of the polls~~, the counting board ~~of election judges designated under 13-15-112~~ *or, if appointed, the absentee counting board* shall take ballots out of the box ~~unopened~~ to determine whether each ballot is single.

~~(b) If an absentee ballot counting board has been appointed pursuant to 13-15-112, the absentee ballots must be delivered to the absentee ballot counting board and counted as provided in 13-15-104. If an absentee ballot counting board has not been appointed, the regular counting board shall, subject to 13-13-244, remove each absentee ballot secrecy envelope and open it to determine whether the ballot for each election is single.~~ *(2)* An absentee ballot must be rejected and handled as provided in 13-15-108 if in the envelope there is more than one voted ballot for each election.

~~(c)~~*(3)* The ~~counting~~ board shall count all ballots to ensure that the total number of ballots corresponds with the total number of names in the pollbook.

~~(d)~~*(4)* If the ~~counting~~ board cannot reconcile the total number of ballots with the pollbook, the board shall submit to the election administrator a written report stating how many ballots were missing or in excess and any reason of which they are aware for the discrepancy. Each judge on the board shall sign the report.

~~(e)~~*(5)* A ballot that is not marked as official is void and may not be counted unless all judges on the ~~counting~~ board agree that the marking is missing because of an error by election officials, in which case the ballot must be marked "unmarked by error" on the back and must be initialed by all judges.

~~(f)~~*(6)* If two or more ballots are folded or stuck together to look like a single ballot, they must be laid aside until the count is complete. The counting board shall compare the count with the pollbooks, and if a majority believes that the ballots folded together were voted by one elector, the ballots must be rejected and handled as provided in 13-15-108, otherwise they must be counted.

~~(2) For nonpaper ballots, the counting board shall prepare for the official count in a manner prescribed by the secretary of state pursuant to 13-17-211.~~"

~~(ii) if~~

(b) If the voting system cannot process the ballot because of the ballot's condition or if the voting system registers *an unvoted ballot or* an overvote ~~or undervote~~, which must be considered a questionable vote, the entire ballot must be set aside and the votes on the ballot must be counted as provided in subsection (4).

(c) If an election administrator or counting board has reason to believe that a voting system is not functioning correctly, the election administrator shall follow the procedures prescribed in 13-15-209.

AN ACT REVISING SCHOOL DISTRICT DEBT LIMITATIONS; CLARIFYING ANB CALCULATIONS FOR FACILITY-GUARANTEED MILL VALUE PURPOSES; AMENDING SECTIONS 20-9-406 AND 20-9-407, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-406, MCA, is amended to read:

"20-9-406. Limitations on amount of bond issue — definition of federal impact aid basic support payment. (1) (a) Except as provided in subsection (1)(d), the maximum amount for which an elementary district or a high school district may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding

obligations under 20-9-471 and 20-9-502, and any other loans or notes payable that are held as general obligations of the district, is ~~45%~~ *50%* of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(b) Except as provided in subsection (1)(d), the maximum amount for which a K-12 school district, as formed pursuant to 20-6-701, may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471 and 20-9-502, and any other loans or notes payable that are held as general obligations of the district, is up to ~~90%~~ *100%* of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(c) The total indebtedness of the high school district with an attached elementary district is limited to the sum of ~~45%~~ *50%* of the taxable value of the property for elementary school program purposes and ~~45%~~ *50%* of the taxable value of the property for high school program purposes.

(d) (i) The maximum amount for which an elementary district or a high school district with a district mill value per elementary ANB or per high school ANB that is less than the facility guaranteed mill value per elementary ANB or high school ANB under 20-9-366 may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471 and 20-9-502, and any other loans or notes payable that are held as general obligations of the district, is ~~45%~~ *50%* of the corresponding facility guaranteed mill value per ANB times 1,000 times the ANB of the district. For a K-12 district, the maximum amount for which the district may become indebted is ~~45%~~ *50%* of the sum of the facility guaranteed mill value per elementary ANB times 1,000 times the elementary ANB of the district and the facility guaranteed mill value per high school ANB times 1,000 times the high school ANB of the district. *For the purpose of calculating ANB under this subsection, a district may use the greater of the current year ANB or the 3-year ANB calculated under 20-9-311.*

(ii) If mutually agreed upon by the affected districts, for the purpose of calculating its maximum bonded indebtedness under this subsection (1)(d), a district may include the ANB of the district plus the number of students residing within the district for which the district or county pays tuition for attendance at a school in an adjacent district. The receiving district may not use out-of-district ANB for the purpose of calculating its maximum indebtedness if the out-of-district ANB has been included in the ANB of the sending district pursuant to the mutual agreement. *For the purpose of calculating ANB under this subsection, a district may use the greater of the current year ANB or the 3-year ANB calculated under 20-9-311.*

(2) The maximum amounts determined in subsection (1) do not pertain to indebtedness imposed by special improvement district obligations or assessments against the school district or to general obligation bonds issued for the repayment of tax protests lost by the district. All general obligation bonds issued in excess of the amount are void, except as provided in this section.

(3) The maximum amount of impact aid revenue bonds that an elementary district, high school district, or K-12 school district may issue may not exceed a total aggregate amount equal to three times the average of the school district's

annual federal impact aid basic support payments for the 5 years immediately preceding the issuance of the bonds. However, at the time of issuance of the bonds, the average annual payment of principal and interest on the impact aid bonds each year may not exceed 35% of the total federal impact aid basic support payments of the school district for the current year.

(4) When the total indebtedness of a school district has reached the limitations prescribed in this section, the school district may pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this chapter.

(5) Whenever bonds are issued for the purpose of refunding bonds, any money to the credit of the debt service fund for the payment of the bonds to be refunded is applied toward the payment of the bonds and the refunding bond issue is decreased accordingly.

(6) As used in this part, "federal impact aid basic support payment" means the annual impact aid revenue received by a district under 20 U.S.C. 7703(b) but excludes revenue received for impact aid special education under 20 U.S.C. 7703(d) and impact aid construction under 20 U.S.C. 7707."

Section 2. Section 20-9-407, MCA, is amended to read:

"20-9-407. Industrial facility agreement for bond issue in excess of maximum. (1) In a school district within which a new major industrial facility ~~which~~ *that* seeks to qualify for taxation as class five property under 15-6-135 is being constructed or is about to be constructed, the school district may require, as a precondition of the new major industrial facility qualifying as class five property, that the owners of the proposed industrial facility enter into an agreement with the school district concerning the issuing of bonds in excess of the ~~45%~~ *50%* limitation prescribed in 20-9-406. Under ~~such~~ an agreement, the school district may, with the approval of the voters, issue bonds ~~which~~ *that* exceed the limitation prescribed in this section by a maximum of ~~45%~~ *50%* of the estimated taxable value of the property of the new major industrial facility subject to taxation when completed. The estimated taxable value of the property of the new major industrial facility subject to taxation ~~shall~~ *must* be computed by the department of revenue when requested to do so by a resolution of the board of trustees of the school district. A copy of the department's statement of estimated taxable value ~~shall~~ *must* be printed on each ballot used to vote on a bond issue proposed under this section.

(2) Pursuant to the agreement between the new major industrial facility and the school district and as a precondition to qualifying as class five property, the new major industrial facility and its owners shall pay, in addition to the taxes imposed by the school district on property owners generally, ~~so~~ *as* much of the principal and interest on the bonds provided for under this section as represents payment on an indebtedness in excess of the limitation prescribed in 20-9-406. After the completion of the new major industrial facility and when the indebtedness of the school district no longer exceeds the limitation prescribed in this section, the new major industrial facility ~~shall be~~ *is* entitled, after all the current indebtedness of the school district has been paid, to a tax credit over a period of no more than 20 years. The credit ~~shall~~ *must* as a total amount be equal to the amount ~~which~~ *that* the facility paid the principal and interest of the school district's bonds in excess of its general liability as a taxpayer within the district.

(3) A major industrial facility is a facility subject to the taxing power of the school district, whose construction or operation will increase the population of the district, imposing a significant burden upon the resources of the district and

requiring construction of new school facilities. A significant burden is an increase in ANB of at least 20% in a single year."

[HB 742]

AN ACT PROVIDING FOR THE ADMISSIBILITY OF HEARSAY STATEMENTS TO PROVE THE OCCURRENCE OF, OR THE IDENTITY OF THE ABUSER, IN CASES OF PHYSICAL OR SEXUAL ABUSE OF AN INDIVIDUAL WITH A DEVELOPMENTAL DISABILITY; AND PROVIDING AN APPLICABILITY DATE.

WHEREAS, physical or sexual abuse of an individual with a developmental disability is an abhorrent phenomenon that should not be tolerated in any society; and

WHEREAS, physical or sexual abuse of an individual with a developmental disability is sometimes hard to prove because no one except the abuser and the individual are present and the individual is sometimes incapable of expressing in language the circumstances of the abuse sufficiently to allow for criminal prosecution of the abuser and because testimony of another individual on behalf of the developmentally delayed individual could be excluded by various provisions of the Montana Rules of Evidence, especially the rule governing exceptions to the rule against the admissibility of hearsay evidence, contained in Rule 804 of the Montana Rules of Evidence, adopted by the Montana Supreme Court in 1976; and

WHEREAS, Rule 802 of the Montana Rules of Evidence adopted by the Montana Supreme Court allows the Legislature to provide exceptions to the rule against admission of hearsay statements into evidence because Rule 802 provides that hearsay is inadmissible except as provided by statute; and

WHEREAS, the Legislature therefore believes that it is appropriate for the Legislature to adopt, using as a guide the guidelines on child hearsay adopted by the Montana Supreme Court in State v. J.C.E., 235 Mont. 264, 767 P.2d 309 (1988), and applied in such opinions as State v. Osborne, 1999 MT 149, 295 Mont. 54, 982 P.2d 1045 (1999), a statute allowing the admission into evidence of testimony of third persons under circumstances in which there are sufficient guarantees of trustworthiness to render the testimony of the third person probative and valuable to the trial court or jury.

Be it enacted by the Legislature of the State of Montana:

Section 1. Testimony of third person in cases of abuse of individual with developmental disability. (1) Otherwise inadmissible hearsay may be admitted into evidence in a criminal proceeding, as provided in subsections (2) and (3), if:

(a) the declarant of the out-of-court statement is an individual with a developmental disability who is:

(i) an alleged victim of a sexual offense or other crime of violence, including partner or family member assault, that is the subject of the criminal proceeding; or

(ii) a witness to an alleged sexual offense or other crime of violence, including partner or family member assault, that is the subject of the criminal proceeding;

(b) the court finds that the time, content, and circumstances of the statement provide circumstantial guarantees of trustworthiness;

(c) the individual with a developmental disability is unavailable as a witness;

(d) the hearsay testimony is offered as evidence of a material fact and is more probative on the point for which it is offered than any other evidence available through reasonable efforts; and

(e) the party intending to offer the hearsay testimony gives sufficient notice to provide the adverse party with a fair opportunity to prepare. The notice must include the content of the statement, the approximate time, date, and location of the statement, the person to whom the statement was made, and the circumstances surrounding the statement that the offering party believes support the statement's reliability.

(2) The court shall issue findings of fact and conclusions of law setting forth the court's reasoning on the admissibility of the testimony.

(3) When deciding the admissibility of offered hearsay testimony under subsections (1) and (2), a court shall consider the following:

(a) the attributes of the hearsay declarant, including:

(i) the individual's age;

(ii) the individual's ability to communicate verbally;

(iii) the individual's ability to comprehend the statements or questions of others;

(iv) the individual's ability to tell the difference between truth and falsehood;

(v) the individual's motivation to tell the truth, including whether the individual understands the general obligation to speak truthfully and not fabricate stories;

(vi) whether the individual possessed sufficient mental capacity at the time of the alleged incident to create an accurate memory of the incident; and

(vii) whether the individual possesses sufficient memory to retain an independent recollection of the events at issue;

(b) information regarding the witness who is relating the individual's hearsay statement, including:

(i) the witness's relationship to the individual;

(ii) whether the relationship between the witness and the individual has an impact on the trustworthiness of the individual's hearsay statement;

(iii) whether the witness has a motive to fabricate or distort the individual's statement; and

(iv) the circumstances under which the witness heard the individual's statement, including the timing of the statement in relation to the incident at issue and the availability of another person in whom the individual could confide;

(c) information regarding the individual's statement, including:

(i) whether the statement contains knowledge not normally attributed to an individual of the declarant's age;

(ii) whether the statement was spontaneous;

(iii) the suggestiveness of statements by other persons to the individual at the time that the individual made the statement;

(iv) if statements were made by the individual to more than one person, whether those statements were consistent;

(v) the nearness in time of the statement to the incident at issue; and

(vi) whether the statement is testimonial or nontestimonial in character; and

(d) other considerations that in the judge's opinion may bear on the admissibility of the individual's hearsay testimony.

(4) As used in this section, "developmental disability" has the meaning provided in 53-20-102.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 46, chapter 16, part 2, and the provisions of Title 46, chapter 16, part 2, apply to [section 1].

Section 3. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

[HB 744]

AN ACT REVISING CERTAIN SCHOOL LAWS; REVISING TERRITORY TRANSFER LAWS RELATED TO K-12 DISTRICTS; AMENDING SECTION 20-6-105, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-6-105, MCA, is amended to read:

"20-6-105. Transfer of territory from one district to another — hearing on effects of proposed transfer — burden of proof — standard of proof — appeal to district court. (1) *(a)* Except as provided in 20-6-214, 20-6-215, 20-6-308, ~~and~~ 20-6-322, *and subsection (1)(b) of this section,* a petition

to transfer territory from one school district to another may be presented to the county superintendent if:

~~(a)~~*(i)* the petition is signed by 60% of the registered electors qualified to vote at general elections in the territory proposed for transfer;

~~(b)~~*(ii)* the territory to be transferred is contiguous to the district to which it is to be attached, includes taxable property, and has school-age children living in it;

~~(c)~~*(iii)* the territory to be transferred is not located within 3 miles, over the shortest practicable route, of an operating school in the district from which it is to be transferred; and

~~(d)~~*(iv)* the board of trustees of the school district that would receive the territory has approved the proposed transfer by a resolution adopted by a majority of the members of the board of trustees at a meeting for which proper notice was given.

(b) A petition to transfer territory to or from a K-12 district may not be presented to a county superintendent unless both school boards and the county superintendents have agreed in writing.

(2) ~~On or after March 27, 2003, once~~ *Once* a petition to transfer territory has been filed, an additional petition to transfer that territory may not be filed for 4 years.

(3) The petition for a transfer of territory must be delivered to the county superintendent and must:

(a) provide a legal description of the territory that is requested to be transferred and a description of the district to which the territory is to be transferred;

(b) state the reasons why the transfer is requested; and

(c) state the number of school-age children residing in the territory.

(4) If both the trustees of the receiving and transferring school districts have approved the proposed territory transfer in writing, the county superintendent shall grant the transfer.

(5) For any petition that meets the criteria specified in subsection (1) and contains the information required by subsection (3) but that has not been approved in writing by the board of trustees of the school district that would transfer the territory, the county superintendent shall:

(a) not more than 40 days after receipt of the petition, set a place, date, and time for a hearing to consider the petition; and

(b) give notice of the place, date, and time of the hearing. The notice must be posted in the districts affected by the petition for the transfer of territory in the manner prescribed in this title for notices for school elections, with at least one notice posted in the territory to be transferred. Notice must also be delivered to the board of trustees of the school district from which the territory is to be transferred.

(6) The county superintendent shall conduct a hearing as scheduled, and any resident, taxpayer, or representative of the receiving or transferring district must, upon request, be heard. At the hearing, the petitioners have the initial burden of presenting evidence on the proposed transfer's effect on:

(a) the educational opportunity for the students in the receiving and transferring districts, including but not limited to:

(i) class size;

(ii) ability to maintain demographic diversity;

(iii) local control;

(iv) parental involvement; and

(v) the capability of the receiving district to provide educational services;

(b) student transportation, including but not limited to:

(i) safety;

(ii) cost; and

(iii) travel time of students;

(c) the economic viability of the proposed new districts, including but not limited to:

(i) the existence of a significant burden on the taxpayers of the district from which the territory will be transferred;

(ii) the significance of any loss in state funding for the students in both the receiving and transferring districts;

(iii) the viability of the future bonding capacity of the receiving and transferring districts, including but not limited to the ability of the receiving district and the transferring district to meet minimum bonding requirements;

(iv) the ability of the receiving district and the transferring district to maintain sufficient reserves; and

(v) the cumulative effect of other transfers of territory out of the district in the previous 8 years on the taxable value of the district from which the territory is to be transferred. In cases where the cumulative effect of other transfers of territory out of the district in the previous 8 years is equal to or greater than 25% of the district's taxable value, the following additional factors must be considered and weighed in the decision:

(A) the district's rate of passage of discretional levies placed before the voters over the previous 8 years;

(B) the district's reduction or elimination of instructional staff or programs over the previous 8 years; and

(C) any increase in district taxes over the previous 8 years and the likely increase in district taxes if the transfer is granted.

(7) After receiving evidence from both the proponents and opponents of the proposed territory transfer on the effects described in subsection (6), the county superintendent shall, within 30 days after the hearing, issue findings of fact, conclusions of law, and an order.

(8) If, based on a preponderance of the evidence, the county superintendent determines that the evidence on the effects described in subsection (6) supports a conclusion that a transfer of the territory is in the best and collective interest of students in the receiving and transferring districts and does not negatively impact the ability of the districts to serve those students, the county superintendent shall grant the transfer. If the county superintendent determines that, based on a preponderance of the evidence presented at the hearing, a transfer of the territory is not in the best and collective interest of

students in the receiving and transferring districts and will negatively impact the ability of the districts to serve those students, the county superintendent shall deny the territory transfer.

(9) The decision of the county superintendent is final 30 days after the date of the decision unless it is appealed to the district court by a resident, taxpayer, or representative of either district affected by the petitioned territory transfer. The county superintendent's decision must be upheld unless the court finds that the county superintendent's decision constituted an abuse of discretion under this section.

(10) Whenever a petition to transfer territory from one district to another district creates a joint district or affects the boundary of an existing joint district, the petition to transfer territory must be delivered to the county superintendent of the county in which the territory proposed to be transferred is located. The county superintendent shall notify any other county superintendents of counties with districts affected by the petition, and the duties prescribed in this section for the county superintendent must be performed jointly. If the number of county superintendents involved is an even number, the county superintendents shall jointly appoint an additional county superintendent from an unaffected county to join them in conducting the hearing required in subsection (6) and in issuing the decision required in subsection (8). The decision issued under subsection (8) must be made by a majority of the county superintendents.

(11) A petition seeking to transfer territory out of or into a K-12 district must propose the transfer of territory for both elementary and high school purposes. In the case of a proposed transfer out of or into a K-12 district, a petition that fails to propose the transfer of territory for both elementary and high school purposes is invalid for the purposes of this section."

(c) horizontally completed well production:		
(i) first 18 months of qualifying production	0.5%	14.8%
(ii) after 18 months	9%	14.8%

(3) The reduced tax rates under subsection (2)(a)(i) on production for the first 12 months of natural gas production from a well begins following the last day of the calendar month immediately preceding the month in which natural gas is placed in a natural gas distribution system, provided that notification has been given to the department.

(4) The reduced tax rate under subsection (2)(c)(i) on production from a horizontally completed well for the first 18 months of production begins following the last day of the calendar month immediately preceding the month in which natural gas is placed in a natural gas distribution system, provided that notification has been given to the department.

(5) Oil is taxed on the gross taxable value of production based on the type of well and type of production according to the following schedule for working interest and nonworking interest owners:

	Working Interest	Nonworking Interest
(a) primary recovery production:		
(i) first 12 months of qualifying production	0.5%	14.8%
(ii) after 12 months:		
(A) pre-1999 wells	12.5%	14.8%

(B) post-1999 wells	9%	14.8%
(b) stripper oil production:

(B) post-1999 wells	9%	14.8%

(6) (a) The reduced tax rates under subsection (5)(a)(i) for the first 12 months of oil production from a well begins following the last day of the calendar month immediately preceding the month in which oil is pumped or flows, provided that notification has been given to the department.

(b) (i) The reduced tax rates under subsection (5)(d)(i) on oil production from a horizontally completed well for the first 18 months of production begins following the last day of the calendar month immediately preceding the month in which oil is pumped or flows if the well has been certified as a horizontally completed well to the department by the board.

(e) For the purposes of subsections (6)(c) and (6)(d), the average price for each barrel must be computed by dividing the sum of the daily price for west Texas intermediate crude oil as reported in the Wall Street Journal for the calendar quarter by the number of days on which the price was reported in the quarter.

(7) (a) The tax rates imposed under subsections (2) and (5) on working interest owners and nonworking interest owners must be adjusted to include the total of the privilege and license tax adopted by the board of oil and gas conservation pursuant to 82-11-131 and the derived rate for the oil, gas, and coal natural resource account as determined under subsection (7)(b).

(b) The total of the privilege and license tax and the tax for the oil, gas, and coal natural resource account may not exceed 0.3%. (i) exceeds 0.22%, the rate for the tax to fund the oil, gas, and coal natural resource account is equal to the difference between the rate adopted by the board of oil and gas conservation and 0.3%; or

(ii) is less than 0.18%, the rate for the tax to fund the oil, gas, and coal natural resource account is equal to the difference between the rate adopted by the board of oil and gas conservation and 0.26%.

(c) The board of oil and gas conservation shall give the department at least 90 days' notice of any change in the rate adopted by the board. Any rate change of the tax to fund the oil, gas, and coal natural resource account is effective at the same time that the board of oil and gas conservation rate is effective.

(8) Any interest in production owned by the state or a local government is exempt from taxation under this section."

~~(5)~~*(7)* If an investigation of a complaint of racial profiling reveals that a peace officer was in direct violation of the law enforcement agency's written policy prohibiting racial profiling, the law enforcement agency shall take appropriate action against the peace officer consistent with applicable laws, rules, ordinances, or policies.

~~(6)~~*(8)* For the purposes of this section, the following definitions apply:

(5) The appointment or election of an employee as an officer of a corporation, a partner in a partnership, a partner in a limited liability partnership, or a member in or a manager of a limited liability company for the purpose of

exempting the employee from coverage under this chapter does not entitle the officer, partner, member, or manager to exemption from coverage.

AN ACT REQUIRING BREAK TIME AND PRIVACY FOR NEEDS OF BREASTFEEDING MOTHERS IN STATE AND COUNTY GOVERNMENTS, MUNICIPALITIES, SCHOOL DISTRICTS, AND THE UNIVERSITY SYSTEM; AND PROVIDING THAT IT IS DISCRIMINATION TO REFUSE TO HIRE OR EMPLOY, BAR, OR DISCHARGE FROM EMPLOYMENT AN EMPLOYEE WHO EXPRESSES BREAST MILK OR TO DISCRIMINATE IN TERMS, CONDITIONS, OR PRIVILEGES OF EMPLOYMENT.

Be it enacted by the Legislature of the State of Montana:

Section 1. Public employer policy on support of women and breastfeeding — unlawful discrimination. (1) All state and county governments, municipalities, and school districts and the university system must have a written policy supporting women who want to continue breastfeeding after returning from maternity leave. The policy must state that employers shall support and encourage the practice of breastfeeding, accommodate the breastfeeding-related needs of employees, and ensure that employees are provided with adequate facilities for breastfeeding or the expression of milk for their children. At a minimum, the policy must identify the means by which an employer will make available a space suitable for breastfeeding and breast pumping for a lactating employee, including the provision of basic necessities of privacy, lighting, and electricity for the pump apparatus. The space does not need to be fully enclosed or permanent, but must be readily available during the term that the employee needs the space.

(a) to refuse to hire or employ or to bar or to discharge from employment an employee who expresses milk in the workplace; or

(2) All public employers are encouraged to establish policies to allow mothers who wish to continue to breastfeed after returning to work to have privacy in order to express milk and to provide facilities for milk storage.

Section 3. Break time for working mothers. All state and county governments, municipalities, and school districts and the university system shall provide reasonable unpaid break time each day to an employee who needs to express breast milk for the employee's child, as provided in [sections 1 and 2], if breaks are currently allowed. If breaks are not currently allowed, the public employer shall consider each case and make accommodations as possible. The

break time must, if possible, run concurrently with any break time already provided to the employee. A public employer is not required to provide break time under this section if to do so would unduly disrupt the public employer's operations.

Section 4. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 39, chapter 2, part 2, and the provisions of Title 39, chapter 2, part 2, apply to [sections 1 through 3].

(b) the member may not choose to directly receive the amounts deducted from the member's termination pay instead of having them paid by the employer to the system;

(c) the member may not prepay any portion of the contributions; and

(d) the effective date of the pickup is the date that the irrevocable written election is signed by both the member and employer. The effective date must be at least 90 days prior to the date of the member's termination. The pickup does not apply to a contribution made before the effective date of the pickup.

(3) Pursuant to subsection (2), contributions required under subsection (1)(a) or (1)(b) must be:

(a) deducted from the portion of termination pay that:

(i) constitutes wages for the purposes of section 3121 of the Internal Revenue Code, determined without regard to the wage base limitation; and

~~(b)~~*(ii)* one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(ii) the value of housing provided by the employer to the retired member;

(iii) the amount of employment-related travel expenses reimbursed to the retired member by the employer;

(iv) de minimis fringe benefits, as defined in 26 U.S.C. 132(e), paid by the employer to or on behalf of the retired member; and

The recalculated normal form benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were canceled.

(5) If an early-retired member under 19-20-802 is reemployed with the same employer within 30 days from the member's effective date of retirement or if the early-retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Section 2. Residential gray water reuse — restrictions. (1) Gray water may not be used to irrigate plants to be consumed by humans.

Section 3. Section 75-5-305, MCA, is amended to read:

"75-5-305. Adoption of requirements for treatment of wastes — variance procedure — appeals. (1) The board may establish minimum requirements for the treatment of wastes. For cases in which the federal government has adopted technology-based treatment requirements for a particular industry or activity in 40 CFR, chapter I, subchapter N, the board shall adopt those requirements by reference. To the extent that the federal government has not adopted minimum treatment requirements for a particular industry or activity, the board may do so, through rulemaking, for parameters likely to affect beneficial uses, ensuring that the requirements are cost-effective and economically, environmentally, and technologically feasible. Except for the technology-based treatment requirements set forth in 40 CFR, chapter I, subchapter N, minimum treatment may not be required to address the

discharge of a parameter when the discharge is considered nonsignificant under rules adopted pursuant to 75-5-301.

(2) *(a)* The board shall establish minimum requirements for the control and disposal of sewage from private and public buildings, including standards and procedures for variances from the requirements.

(ii) address the uses of gray water, including when and how gray water may be applied to land; and

(iii) include any other provisions that the board considers necessary to ensure that gray water reuse systems comply with laws and regulations and protect public health and the environment.

(3) An applicant for a variance from minimum requirements adopted by a local board of health pursuant to 50-2-116(1)(i) may appeal the local board of health's final decision to the department by submitting a written request for a hearing within 30 days after the decision. The written request must describe the activity for which the variance is requested, include copies of all documents submitted to the local board of health in support of the variance, and specify the reasons for the appeal of the local board of health's final decision.

(4) The department shall conduct a hearing on the request pursuant to Title 2, chapter 4, part 6. Within 30 days after the hearing, the department shall grant, conditionally grant, or deny the variance. The department shall base its decision on the board's standards for a variance.

(5) A decision of the department pursuant to subsection (4) is appealable to district court under the provisions of Title 2, chapter 4, part 7."

Section 4. Local gray water regulations. The requirements of 75-5-305 and [section 2] are minimum requirements and do not restrict a local governing body from adopting stricter or additional regulations for gray water reuse systems.

Section 5. Codification instruction. [Sections 1, 2, and 4] are intended to be codified as an integral part of Title 75, chapter 5, part 3, and the provisions of Title 75, chapter 5, part 3, apply to [sections 1, 2, and 4].

[HB 425]

AN ACT REVISING REQUIRED CONTENTS OF SUBDIVISION REGULATIONS; REQUIRING SUBDIVISION REGULATIONS TO REQUIRE A SUBDIVIDER TO MEET WITH AN AGENT OF THE GOVERNING BODY PRIOR TO SUBMITTAL OF A SUBDIVISION APPLICATION; AMENDING SECTION 76-3-504, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-3-504, MCA, is amended to read:

"76-3-504. Subdivision regulations — contents. (1) The subdivision regulations adopted under this chapter must, at a minimum:

(a) list the materials that must be included in a subdivision application in order for the application to be determined to contain the required elements for the purposes of the review required in 76-3-604(1);

(b) except as provided in 76-3-210, 76-3-509, or 76-3-609, require the subdivider to submit to the governing body an environmental assessment as prescribed in 76-3-603;

(c) establish procedures consistent with this chapter for the submission and review of subdivision applications and amended applications;

(d) prescribe the form and contents of preliminary plats and the documents to accompany final plats;

(e) provide for the identification of areas that, because of natural or human-caused hazards, are unsuitable for subdivision development and prohibit subdivisions in these areas unless the hazards can be eliminated or overcome by approved construction techniques;

(f) prohibit subdivisions for building purposes in areas located within the floodway of a flood of 100-year frequency, as defined by Title 76, chapter 5, or determined to be subject to flooding by the governing body;

(g) prescribe standards for:

(i) the design and arrangement of lots, streets, and roads;

(ii) grading and drainage;

(iii) subject to the provisions of 76-3-511, water supply and sewage and solid waste disposal that meet the:

(A) regulations adopted by the department of environmental quality under 76-4-104 for subdivisions that will create one or more parcels containing less than 20 acres; and

(B) standards provided in 76-3-604 and 76-3-622 for subdivisions that will create one or more parcels containing 20 acres or more and less than 160 acres; and

(iv) the location and installation of public utilities;

(h) provide procedures for the administration of the park and open-space requirements of this chapter;

(i) provide for the review of subdivision applications by affected public utilities and those agencies of local, state, and federal government identified during the preapplication consultation conducted pursuant to subsection (1)(q) or those having a substantial interest in a proposed subdivision. A public utility or agency review may not delay the governing body's action on the application beyond the time limits specified in this chapter, and the failure of any agency to complete a review of an application may not be a basis for rejection of the application by the governing body.

(j) when a subdivision creates parcels with lot sizes averaging less than 5 acres, require the subdivider to:

(i) reserve all or a portion of the appropriation water rights owned by the owner of the land to be subdivided and transfer the water rights to a single entity for use by landowners within the subdivision who have a legal right to the water and reserve and sever any remaining surface water rights from the land;

(ii) if the land to be subdivided is subject to a contract or interest in a public or private entity formed to provide the use of a water right on the subdivision lots, establish a landowner's water use agreement administered through a single entity that specifies administration and the rights and responsibilities of

landowners within the subdivision who have a legal right and access to the water; or

(iii) reserve and sever all surface water rights from the land;

(k) (i) except as provided in subsection (1)(k)(ii), require the subdivider to establish ditch easements in the subdivision that:

(A) are in locations of appropriate topographic characteristics and sufficient width to allow the physical placement and unobstructed maintenance of open ditches or belowground pipelines for the delivery of water for irrigation to persons and lands legally entitled to the water under an appropriated water right or permit of an irrigation district or other private or public entity formed to provide for the use of the water right on the subdivision lots;

(B) are a sufficient distance from the centerline of the ditch to allow for construction, repair, maintenance, and inspection of the ditch; and

(C) prohibit the placement of structures or the planting of vegetation other than grass within the ditch easement without the written permission of the ditch owner.

(ii) Establishment of easements pursuant to this subsection (1)(k) is not required if:

(A) the average lot size is 1 acre or less and the subdivider provides for disclosure, in a manner acceptable to the governing body, that adequately notifies potential buyers of lots that are classified as irrigated land and may continue to be assessed for irrigation water delivery even though the water may not be deliverable; or

(B) the water rights are removed or the process has been initiated to remove the water rights from the subdivided land through an appropriate legal or administrative process and if the removal or intended removal is denoted on the preliminary plat. If removal of water rights is not complete upon filing of the final plat, the subdivider shall provide written notification to prospective buyers of the intent to remove the water right and shall document that intent, when applicable, in agreements and legal documents for related sales transactions.

(l) require the subdivider, unless otherwise provided for under separate written agreement or filed easement, to file and record ditch easements for unobstructed use and maintenance of existing water delivery ditches, pipelines, and facilities in the subdivision that are necessary to convey water through the subdivision to lands adjacent to or beyond the subdivision boundaries in quantities and in a manner that are consistent with historic and legal rights;

(m) require the subdivider to describe, dimension, and show public utility easements in the subdivision on the final plat in their true and correct location. The public utility easements must be of sufficient width to allow the physical placement and unobstructed maintenance of public utility facilities for the provision of public utility services within the subdivision.

(n) establish whether the governing body, its authorized agent or agency, or both will hold public hearings;

(o) establish procedures describing how the governing body or its agent or agency will address information presented at the hearing or hearings held pursuant to 76-3-605 and 76-3-615;

(p) establish criteria that the governing body or reviewing authority will use to determine whether a proposed method of disposition using the exemptions

provided in 76-3-201 or 76-3-207 is an attempt to evade the requirements of this chapter. The regulations must provide for an appeals process to the governing body if the reviewing authority is not the governing body.

(q) establish a preapplication process that:

(i) ~~allows~~ *requires* a subdivider to meet with the agent or agency, other than the governing body, that is designated by the governing body to review subdivision applications prior to the subdivider submitting the application;

(ii) requires, for informational purposes only, identification of the state laws, local regulations, and growth policy provisions, if a growth policy has been adopted, that may apply to the subdivision review process;

(iii) requires a list to be made available to the subdivider of the public utilities, those agencies of local, state, and federal government, and any other entities that may be contacted for comment on the subdivision application and the timeframes that the public utilities, agencies, and other entities are given to respond. If, during the review of the application, the agent or agency designated by the governing body contacts a public utility, agency, or other entity that was not included on the list originally made available to the subdivider, the agent or agency shall notify the subdivider of the contact and the timeframe for response.

(iv) requires that a preapplication meeting take place no more than 30 days from the date that the agent or agency receives a written request for a preapplication meeting from the subdivider; and

(v) establishes a time limit after a preapplication meeting by which an application must be submitted as provided in 76-3-604.

(2) In order to accomplish the purposes described in 76-3-501, the subdivision regulations adopted under 76-3-509 and this section may include provisions that are consistent with this section that promote cluster development.

(3) The governing body may establish deadlines for submittal of subdivision applications."

CHAPTER NO. 318

[HB 461]

AN ACT ESTABLISHING REQUIREMENTS FOR CIGARETTES SOLD IN THE STATE; ESTABLISHING REDUCED IGNITION PROPENSITY STANDARDS AND TESTING AND CERTIFICATION REQUIREMENTS; PROVIDING DEFINITIONS; REQUIRING THAT RECORDS OF TESTING BE MAINTAINED AND MADE AVAILABLE UPON REQUEST; REQUIRING THE DEPARTMENT OF JUSTICE TO REPORT TO THE LEGISLATURE EVERY 4 YEARS; REQUIRING CERTAIN INFORMATION FOR CERTIFICATION OF CIGARETTES; REQUIRING A CIGARETTE MANUFACTURER TO PAY A FEE FOR CERTIFICATION AND REQUIRING REVENUE FROM THE FEE TO BE USED FOR CERTAIN PURPOSES; REQUIRING SPECIFIC MARKING ON CIGARETTE PACKAGING; PROVIDING PENALTIES FOR NONCOMPLIANCE; ALLOWING RULEMAKING BY THE DEPARTMENT OF JUSTICE AND THE

DEPARTMENT OF REVENUE; ALLOWING INSPECTION OF CIGARETTES AND OF RECORDS KEPT BY SELLERS OF CIGARETTES; CREATING A FIRE PREVENTION AND PUBLIC SAFETY FUND; AND PROVIDING A DELAYED EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 10], the following definitions apply:

(1) "Agent" means a person authorized by the department of revenue to purchase and affix stamps on packages of cigarettes.

(2) "Cigarette" means any roll for smoking made wholly or in part of tobacco, irrespective of size or shape and whether or not the tobacco is flavored, adulterated, or mixed with any other ingredient, the wrapper or cover of which is made of nontobacco paper or any other substance or material except tobacco.

(3) "Manufacturer" means:

(a) an entity that manufactures or otherwise produces cigarettes or causes cigarettes that the manufacturer intends to be sold in this state to be manufactured or produced anywhere, including cigarettes intended to be sold in the United States through an importer;

(b) the first purchaser anywhere that intends to resell in the United States cigarettes manufactured anywhere that the original manufacturer or maker does not intend to be sold in the United States; or

(c) an entity that becomes a successor of an entity described in subsections (3)(a) and (3)(b).

(4) "Quality control and quality assurance program" means the laboratory procedures implemented to ensure that operator bias, systemic and nonsystemic methodological errors, and equipment-related problems do not affect the results of testing. The program ensures that the testing repeatability remains within the required repeatability values provided in [section 2(2)(f)] for all test trials used to certify cigarettes in accordance with [sections 1 through 10].

(5) "Repeatability" means the range of values within which the repeat results of cigarette test trials from a single laboratory will fall 95% of the time.

(6) "Retail dealer" means a person, other than a manufacturer or wholesale dealer, engaged in selling cigarettes or tobacco products.

(7) "Sale" means any transfer of title of cigarettes for consideration, exchange, barter, gift, offer for sale, or distribution, in any manner or by any means.

(8) "Wholesale dealer" means a person who sells cigarettes or tobacco products to retail dealers or other persons for purposes of resale, and a person who owns, operates, or maintains one or more cigarette or tobacco product vending machines in, at, or upon premises owned or occupied by any other person.

Section 2. Cigarette test method and performance standard — conditions on sale — alternative test method and performance standard. (1) Except as provided in subsection (8), cigarettes may not be sold or offered for sale in this state or sold or offered for sale to persons located in this state unless:

(a) the cigarettes have been tested in accordance with the test method provided in this section;

(b) the cigarettes meet the performance standard specified in this section;

(c) the manufacturer has filed a written certification with the state fire marshal in accordance with [section 3]; and

(d) the cigarettes have been marked in accordance with [section 4].

(2) (a) Testing of cigarettes must be conducted in accordance with the American society for testing and materials standard E2187-04, the standard test method for measuring the ignition strength of cigarettes.

(b) Testing must be conducted on 10 layers of filter paper.

(c) No more than 25% of the cigarettes tested in a test trial in accordance with this section may exhibit full-length burns. Forty replicate tests compose a complete test trial for each cigarette used.

(d) The performance standards required in subsection (2)(c) may be applied only to a complete test trial.

(e) Written certifications must be based upon testing conducted by a laboratory that has been accredited pursuant to standard ISO/IEC 17025 of the international organization for standardization or another comparable accreditation standard required by the state fire marshal.

(f) Laboratories conducting testing in accordance with this section shall implement a quality control and quality assurance program that includes a procedure for determining the repeatability of the testing results. The repeatability value may not be greater than 0.19.

(g) This section does not require additional testing if cigarettes are tested for any other purpose in a manner that is consistent with [sections 1 through 10].

(h) Testing performed or sponsored by the state fire marshal to determine a cigarette's compliance with the required performance standard must be conducted in accordance with this section.

(3) Each cigarette listed in a certification submitted pursuant to [section 3] that uses lowered permeability bands in the cigarette paper to achieve compliance with the performance standard provided in this section must have at least two nominally identical bands on the paper surrounding the tobacco column. At least one complete band must be located at least 15 millimeters from the lighting end of the cigarette. For cigarettes on which the bands are positioned by design, there must be at least two bands fully located at least 15 millimeters from the lighting end and 10 millimeters from the filter end of the tobacco column or, for nonfiltered cigarettes, 10 millimeters from the labeled end of the tobacco column.

(4) (a) A manufacturer of a cigarette that the state fire marshal determines cannot be tested in accordance with the test method prescribed in subsection (2)(a) shall propose a test method and performance standard for the cigarette to the state fire marshal.

(b) Upon approval of the proposed test method and a determination by the state fire marshal that the performance standard proposed by the manufacturer is equivalent to the performance standard prescribed in subsection (2)(c), the manufacturer may employ that test method and performance standard to certify a cigarette pursuant to [section 3].

(c) If the state fire marshal determines that another state has enacted reduced cigarette ignition propensity standards that include a test method and performance standard that are the same as those contained in [section 2] and the state fire marshal determines that the officials responsible for implementing those requirements have approved the proposed alternative test method and performance standard for a particular cigarette proposed by a manufacturer as meeting the fire safety standards of that state's law or regulation under provisions comparable to this section, the state fire marshal shall authorize the manufacturer to employ the alternative test method and performance standard to certify the cigarette for sale in this state, unless the state fire marshal demonstrates a reasonable basis why the alternative test is unacceptable. All other applicable provisions of this section apply to the manufacturer even if the alternative test method and performance standard are authorized.

(5) Each manufacturer shall maintain copies of the reports of all tests conducted on all cigarettes offered for sale for a period of 3 years and shall make copies of these reports available to the state fire marshal and the attorney general upon written request. A manufacturer who fails to make copies of the reports available within 60 days of receipt of a written request is subject to a civil penalty not to exceed $10,000 for each day after the 60th day that the manufacturer does not make the copies available.

(6) The state fire marshal may adopt a subsequent American society for testing and materials standard test method for measuring the ignition strength of cigarettes upon a finding that the subsequent method does not result in a change in the percentage of full-length burns exhibited by any tested cigarette when compared to the percentage of full-length burns the same cigarette would exhibit when tested in accordance with the standard provided in subsection (2)(a) and the performance standard in subsection (2)(c).

(7) The department of justice shall review the effectiveness of this section and report every 4 years to the legislature the state fire marshal's findings and, if appropriate, submit recommendations for legislation to improve the effectiveness of this section. The report and legislative recommendations may be submitted no later than January 1 of each 4-year period.

(8) The requirements of subsection (1) do not prohibit a wholesale dealer or retail dealer from selling the wholesale dealer's or retail dealer's existing inventory of cigarettes on or after [the effective date of this act] if the wholesale dealer or retail dealer can establish that state tax stamps were affixed to the cigarettes prior to [the effective date of this act] and if the wholesale dealer or retail dealer establishes that the inventory was purchased prior to [the effective date of this act] in comparable quantity to the inventory purchased during the same period of the prior year.

(9) Because [sections 1 through 10] are based on New York law, it is the intent of the legislature that [sections 1 through 10] be implemented in accordance with the implementation and substance of the New York executive law section 156-c, fire safety standards for cigarettes.

Section 3. Certification — fee for certification — product change. (1) Each manufacturer shall submit to the department of justice a written certification attesting that each cigarette listed in the certification:

(a) has been tested in accordance with [section 2]; and

(b) meets the performance standard provided in [section 2(2)(c)].

(2) Each cigarette listed in the certification must be described with the following information:

(a) brand or trade name on the package;

(b) style, such as light or ultralight;

(c) length in millimeters;

(d) circumference in millimeters;

(e) flavor, such as menthol or chocolate, if applicable;

(f) filter or nonfilter;

(g) package description, such as soft pack or box;

(h) marking approved in accordance with [section 4];

(i) the name, address, and telephone number of the laboratory, if different from the manufacturer, that conducted the test; and

(j) the date that the testing occurred.

(3) Certifications must be made available to the attorney general for purposes consistent with [sections 1 through 10] and to the department of revenue for the purposes of ensuring compliance with this section.

(4) Each cigarette certified under this section must be recertified every 3 years.

(5) (a) For each cigarette listed in a certification, a manufacturer shall pay a fee, not to exceed $250, to offset the actual costs of the processing, testing, enforcement, and oversight activities required in [sections 1 through 10].

(b) There is an account in the state special revenue fund in which fees collected under this subsection (5) must be deposited to the credit of the department of justice. Money collected may be used only by the department of justice for the purposes provided in subsection (5)(a).

(6) If a manufacturer has certified a cigarette pursuant to this section and later makes any change to the cigarette that is likely to alter its compliance with the reduced cigarette ignition propensity standards required by [sections 1 through 10], the cigarette may not be sold or offered for sale in this state until the manufacturer retests the cigarette in accordance with the testing standards provided in [section 2] and maintains records of the retesting as required by [section 2]. Any altered cigarette that does not meet the performance standard provided in [section 2] may not be sold in this state.

Section 4. Marking on cigarette packaging. (1) Cigarettes that are certified by a manufacturer in accordance with [section 3] must be marked to indicate compliance with the requirements of [section 2]. The marking must be in 8-point type or larger and consist of:

(a) modification of the universal product code to include a visible mark printed at or around the area of the code. The mark may consist of alphanumeric or symbolic characters permanently stamped, engraved, embossed, or printed in conjunction with the code;

(b) any visible combination of alphanumeric or symbolic characters permanently stamped, engraved, or embossed upon the cigarette package or cellophane wrap; or

(c) stamped, engraved, embossed, or printed text that indicates that the cigarettes meet the standards required in [sections 1 through 10].

(2) A manufacturer may use only one marking and shall uniformly apply the marking to all packages, including but not limited to packs, cartons, and cases, and brands marketed by the manufacturer.

(3) The department of revenue must be notified of the marking that is selected.

(4) Prior to the certification of any cigarette, a manufacturer shall present its proposed marking to the department of revenue for approval. Upon receipt of the request, the department of revenue shall approve or disapprove the marking offered, except that the department of revenue shall approve any marking in use and approved for sale in New York pursuant to New York executive law section 156-c, the New York fire safety standards for cigarettes. Proposed markings must be considered to be approved if the department of revenue fails to act within 10 business days of receiving a request for approval.

(5) A manufacturer may not modify its approved marking unless the modification has been approved by the department of revenue in accordance with this section.

(6) Manufacturers certifying cigarettes in accordance with [section 3] shall provide a copy of the certification to all wholesale dealers and agents to whom they sell cigarettes and shall also provide sufficient copies of an illustration of the package marking used by the manufacturer pursuant to this section for each retail dealer to whom the wholesale dealers or agents sell cigarettes. Wholesale dealers and agents shall provide a copy of these package markings received from manufacturers to all retail dealers to whom they sell cigarettes.

Section 5. Penalties. (1) A manufacturer, wholesale dealer, agent, or any other person or entity that knowingly sells or offers to sell cigarettes, other than through retail sale, in violation of [section 2], for a first offense, is subject to a civil penalty not to exceed $10,000 for each sale of the cigarettes and, for a subsequent offense, is subject to a civil penalty not to exceed $25,000 for each sale of the cigarettes. However, the penalty may not exceed $100,000 during any 30-day period.

(2) (a) A retail dealer who knowingly sells cigarettes in violation of [section 2]:

(i) for a first offense, is subject to a civil penalty not to exceed $100 and, for a subsequent offense, is subject to a civil penalty not to exceed $400 for each sale or offer for sale of the cigarettes, if the total number of cigarettes sold or offered for sale does not exceed 1,000 cigarettes; or

(ii) for a first offense, is subject to a civil penalty not to exceed $1,000 and, for a subsequent offense, is subject to a civil penalty not to exceed $5,000 for each sale or offer for sale of the cigarettes, if the total number of cigarettes sold or offered for sale exceeds 1,000 cigarettes.

(b) The total penalty against a retail dealer provided in this subsection (2) may not exceed $25,000 during a 30-day period.

(3) In addition to any penalty prescribed by law, any corporation, partnership, sole proprietor, limited liability company, limited partnership, or association engaged in the manufacture of cigarettes that knowingly makes a false certification pursuant to [section 3] is, for a first offense, subject to a civil penalty of at least $75,000 and, for a subsequent offense, a civil penalty not to exceed $250,000 for each false certification.

(4) A person violating any other provision in [sections 1 through 10] is subject to a civil penalty for a first offense not to exceed $1,000 and, for a subsequent offense, a civil penalty not to exceed $5,000 for each violation.

(5) Any cigarettes that have been sold or offered for sale that do not comply with the performance standard required by [section 2] are subject to forfeiture under 16-11-159 if prior to the destruction of any cigarette seized pursuant to these provisions, the true holder of the trademark rights in the cigarette brand is permitted to inspect the cigarette.

(6) In addition to any other remedy provided by law, the department of justice may file an action in the appropriate district court for a violation of [sections 1 through 10], including petitioning for injunctive relief or to recover any costs or damages suffered by the state because of a violation of [sections 1 through 10], including enforcement costs related to the specific violation and attorney fees. Each violation of [sections 1 through 10] or of rules adopted under [sections 1 through 10] constitutes a separate civil violation for which the department of justice may obtain relief.

Section 6. Implementation — rulemaking authority — inspection for proper markings. (1) The department of justice and the department of revenue may adopt rules, pursuant to Title 2, chapter 4, necessary to effectuate the purposes of [sections 1 through 10].

(2) The department of revenue in the regular course of conducting inspections of wholesale dealers, agents, and retail dealers, as authorized under Title 16, chapter 11, may inspect cigarettes to determine if the cigarettes are marked as required by [section 4]. If the cigarettes are not marked as required, the department of revenue shall notify the department of justice.

Section 7. Inspection. To enforce the provisions of [sections 1 through 10], the department of revenue may examine the books, papers, invoices, and other records of any person in possession, control, or occupancy of any premises where cigarettes are placed, stored, sold, or offered for sale, as well as the stock of cigarettes on the premises. Each person in the possession, control, or occupancy of any premises where cigarettes are placed, stored, sold, or offered for sale shall give the department of revenue the means, facilities, and opportunity for the examinations authorized by this section.

Section 8. Sale outside Montana. [Sections 1 through 10] may not be construed to prohibit a person or entity from manufacturing or selling cigarettes that do not meet the requirements of [section 2] if the cigarettes are or will be stamped for sale in another state or are packaged for sale outside the United States and if the person or entity has taken reasonable steps to ensure that the cigarettes will not be sold or offered for sale to a person located in this state.

Section 9. Preemption. [Sections 1 through 10] no longer apply if a federal reduced cigarette ignition propensity standard that preempts [sections 1 through 10] is adopted and becomes effective.

Section 10. Local consistency required. The provisions of 7-1-113 apply in the administration and application of [sections 1 through 10].

Section 11. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

Section 12. Effective date. [This act] is effective May 1, 2008.

Section 13. Codification instruction. [Sections 1 through 10] are intended to be codified as an integral part of Title 50, and the provisions of Title 50 apply to [sections 1 through 10].

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-216, MCA, is amended to read:

"15-1-216. Uniform penalty and interest assessments for violation of tax provisions — applicability — exceptions — uniform provision for interest on overpayments. (1) A person who fails to file a required tax return or other report with the department by the due date, including any extension of time, of the return or report must be assessed a late filing penalty of $50 or the amount of the tax due, whichever is less.

(2) (a) Except as provided in subsection (2)(b), a person who fails to pay a tax when due must be assessed a late payment penalty of 1.2% a month or fraction of a month on the unpaid tax. The penalty may not exceed 12% of the tax due.

(b) A person who fails to pay a tax when due under chapter 30, part 2, chapter 53, chapter 65, or chapter 68 must be assessed a late payment penalty of 1.5% a month or fraction of a month on the unpaid tax. The penalty may not exceed 15% of the tax due.

(c) The penalty imposed under subsection (2)(a) or (2)(b) accrues on the unpaid tax from the original due date of the return regardless of whether the taxpayer has received an extension of time for filing a return.

(3) A person who purposely or knowingly, as those terms are defined in 45-2-101, fails to file a return when due or fails to file a return within 60 days after receiving written notice from the department that a return must be filed is liable for an additional penalty of not less than $1,000 or more than $10,000. The department may bring an action in the name of the state to recover the penalty and any delinquent taxes.

(4) (a) Interest on taxes not paid when due must be assessed by the department. The department shall determine the interest rates established under subsection (4)(a)(i) for each calendar year by rule subject to the conditions

of this subsection (4)(a). Interest rates on taxes not paid when due for a calendar year are as follows:

(i) For individual income taxes not paid when due, including delinquent taxes and deficiency assessments, the interest rate is equal to the underpayment rate for individual taxpayers established by the secretary of the United States department of the treasury pursuant to section 6621 of the Internal Revenue Code, 26 U.S.C. 6621, for the fourth quarter of the preceding year or 8%, whichever is greater.

(ii) For all taxes other than individual income taxes not paid when due, including delinquent taxes and deficiency assessments, the interest rate is 12%.

(b) Interest on delinquent taxes and on deficiency assessments is computed from the original due date of the return until the tax is paid. Interest accrues daily on the unpaid tax from the original due date of the return regardless of whether the taxpayer has received an extension of time for filing the return.

(5) (a) Except as provided in subsection (5)(b), this section applies to taxes, fees, and other assessments imposed under Titles 15 and 16 [and *the former* 85-2-276].

(b) This section does not apply to:

(i) property taxes; or

(ii) gasoline and vehicle fuel taxes collected by the department of transportation pursuant to Title 15, chapter 70.

(6) Any changes to interest rates apply to any current outstanding tax balance, regardless of the rate in effect at the time the tax accrued.

(7) Penalty and interest must be calculated and assessed commencing with the due date of the return.

(8) Deficiency assessments are due and payable 30 days from the date of the deficiency assessment.

(9) Interest allowed for the overpayment of taxes or fees is the same rate as is charged for unpaid or delinquent taxes. For the purposes of this subsection, interest charged for unpaid or delinquent taxes is the interest rate determined in subsection (4)(a)(i). (Bracketed language in subsection (5)(a) terminates June 30, 2020—sec. 18, Ch. 288, L. 2005.)"

(1) "Additional services" means different services or more of the same services.

(2) "Agency" means all offices, departments, boards, commissions, institutions, universities, colleges, and any other person or any other administrative unit of state government that spends or encumbers public money by virtue of an appropriation from the legislature under 17-8-101.

"85-2-270. (Temporary) Findings — purpose. (1) The purpose of ~~85-2-270 through 85-2-273, 85-2-276, and 85-2-279~~ *85-2-271, 85-2-280* through ~~85-2-283~~ *85-2-282, and this section* is to*:* ~~generate revenue to adequately fund Montana's water adjudication program to:~~

(a) complete claims examination and the initial decree phase;

(b) reexamine claims in basins that were verified and were not subject to the supreme court examination rules when the water court has received a petition and issued an order pursuant to 85-2-282 or the water court has issued an order on its own initiative; and

(c) ensure that the product of the adjudication is enforceable decrees.

(2) With adequate funding, it is realistic and feasible for the department to complete claims examination and reexamination of verified basins for which the water court has received a petition and issued an order pursuant to 85-2-282 or the water court has issued an order on its own initiative by June 30, 2015. It is also realistic and feasible for the water court to issue a preliminary or temporary preliminary decree by June 30, 2020, for all basins in Montana.

~~(3) It is essential to preserve the trust that the water users of Montana have placed in the legislature by ensuring that the revenue generated by the water adjudication fee established in 85-2-276 is used only for the purpose of adjudicating Montana's water rights.~~ (Terminates June 30, 2020—sec. 18, Ch. 288, L. 2005.)"

Section 4. Section 85-2-271, MCA, is amended to read:

"85-2-271. (Temporary) Benchmarks — action taken if not met — *claims examination priority.* (1) *(a)* The completion of initial claims examination is of a higher priority than reexamination of claims that were subject to the verification process unless the chief water judge issues an order making reexamination a higher priority, as provided in subsection (3)(b).

(b) The department shall develop a list of basins to be examined that is prioritized by year and updated annually. In order to facilitate the efficient use of department and water court resources, the department shall adhere to the basin priorities unless directed otherwise by the water court or the legislature.

(2) There are approximately 57,000 water right claims that were filed pursuant to 85-2-212 that must be examined. There are approximately 98,000 claims that were verified that may be reexamined using the supreme court examination rules if the water court receives a petition and issues an order as provided in 85-2-282 or the water court issues an order on its own initiative.

(3) (a) The water court shall prioritize basins for the purpose of claims examination and reexamination by the department.

(b) The chief water judge has the authority to order that reexamination be completed for a certain basin in a higher priority than claims examination. If the chief water judge issues an order requiring the department to reexamine claims rather than examining claims, the number of claims that were reexamined must be counted against the amount of claims that the department is required to examine for that period.

(4) (a) The cumulative benchmarks that are provided in subsection (4)(b) must be met. If the benchmarks are not met, ~~the fee contained in 85-2-276 that is attached to a water right for the purpose of funding the adjudication may not be assessed the following even-numbered year~~ *money for water adjudication may not be included in the department's base budget*. All claims must be examined by June 30, 2015.

(b) The cumulative benchmarks are as follows:

Date	Total Number of Claims Examined

December 31, 2008	19,000
December 31, 2010	31,000
December 31, 2012	44,000
June 30, 2015	57,000

(2) (a) For the period beginning July 1, 2005, and ending June 30, 2015, there is allocated to the department and the water court up to $2.6 million, plus the approved inflation factor contained in the revenue estimating resolution, each fiscal year from the water adjudication account for the sole purpose of funding the water adjudication program. These funds may not be used for the purpose of updating or maintaining a computer database.

(b) For the period beginning July 1, 2015, and ending June 30, 2020, there is allocated to the department and the water court up to $1 million, plus the approved inflation factor contained in the revenue estimating resolution, each fiscal year from the account for the sole purpose of funding the water adjudication program.

~~(3) (a) Subject to subsection (3)(b), the total amount of revenue deposited in the water adjudication account from the fee provided for in 85-2-276 may not exceed $31 million.~~

~~(b) If federal funds are appropriated for the purposes of 85-2-270 through 85-2-273, 85-2-276, and 85-2-279 through 85-2-283, the maximum amount that may be deposited in the account must be reduced by the amount of federal funds appropriated.~~

~~(c) Once revenue generated from the fees provided for in 85-2-276 and any federal revenue appropriations have reached $31 million, the fee may no longer be assessed.~~

~~(4)~~*(3)* Interest and income earnings on the water adjudication account must be deposited in the account.

~~(5)~~*(4)* ~~Revenue~~ *Money* remaining in the water adjudication account on June 30, 2020, must be transferred to the water right appropriation account provided for in 85-2-318.

(5) If the accountability benchmarks contained in 85-2-271 are not met, expenditures from the account in the previous biennium may not be included in the department's base budget, as defined in 17-7-102, for the current biennium. (Terminates June 30, 2020—sec. 18, Ch. 288, L. 2005.)"

Section 6. Funds transfer. There is transferred $25 million from the general fund to the water adjudication account provided for in 85-2-280 to be used for the sole purpose of completing the statewide water adjudication by 2020. The transfer must take place on July 15, 2007.

Section 7. Section 85-2-281, MCA, is amended to read:

Section 8. Collection of outstanding water adjudication fees — appeals. [This act] does not affect the department's ability to address appeals filed pursuant to former 85-2-276 or the collection of fees from a water right owner who did not pay the water adjudication fee provided for in former 85-2-276 as of [the effective date of this act]. The department of natural resources and conservation shall turn over any debt to the department of revenue for collection pursuant to Title 17, chapter 4. If efforts to collect the debt are not successful, the department of revenue may file a lien against the water right in the county where the water is put to beneficial use after notifying each entity enumerated on the water right.

Section 9. Records — audit. (1) Each service provider required to collect the fee provided for in 53-19-311 shall maintain and have available for inspection by the department books, ledgers, registers, or other documents showing the collection of the fee for telecommunications access services and specialized telecommunications equipment for persons with disabilities for the preceding 5 years or until any dispute or litigation concerning the fees is resolved, whichever is later.

(2) At the request of the committee or on its own initiative, the department or a third party designated by the department may audit the records of any service provider to ensure proper accounting of all fees billed and collected pursuant to 53-19-311. Any expenses of the audit must be paid by the program.

Section 10. Service provider required to hold fee in trust for state penalty and interest. (1) Each service provider required to collect the fee imposed by 53-19-311 holds the fee in trust for the state of Montana and for payment of the fee to the department as provided in 53-19-311.

(2) (a) A service provider that fails to file the return required in 53-19-311 must be assessed a penalty as provided in 15-1-216. The department may waive any penalty as provided in 15-1-206.

(b) A service provider that fails to make payment or fails to report and make payment as required by 53-19-311 must be assessed penalty and interest as provided in 15-1-216. The department may waive any penalty pursuant to 15-1-206.

(c) Interest on fees not paid when due is assessed in the same manner as taxes not paid when due as provided in 15-1-216.

(3) (a) If a service provider fails to file the return required by 53-19-311 or if the department determines that the report understates the amount of fees due, the department may determine the amount of the fees due and assess that amount against the service provider. The provisions of 15-1-211 apply to any assessment by the department. The service provider may seek review of the assessment pursuant to 15-1-211.

(b) When a deficiency is determined and the amount due becomes final, the department shall mail a notice and demand for payment to the owner or operator. Penalty and interest must be added to any deficiency as provided in 15-1-216.

Section 11. Credit or refund for overpayment — interest on overpayment. (1) If the department determines that the amount of fees, penalty, or interest paid for any year is more than the amount due, the amount of the overpayments must be credited against any fees, penalty, or interest then due from the service provider and the balance refunded to the service provider or the service provider's successor through reorganization, merger, or consolidation, or to the service provider's shareholders upon dissolution.

(2) Except as provided in subsection (3), interest is allowed on overpayments at the same rate as is charged on deficiency assessments as provided in 15-1-216 from the due date of the return or from the date of overpayment, whichever date is later, to the date the department approved refunding or crediting of the overpayment.

(3) (a) Interest does not accrue during any period in which the processing of a claim for a refund is delayed more than 30 days by reason of failure of the service provider to furnish information requested by the department for the purpose of verifying the amount of the overpayment.

(b) Interest is not allowed if:

(i) the overpayment is refunded within 6 months from the date the return is due or from the date the return is filed, whichever is later; or

(ii) the amount of interest is less than $1.

(c) Only a payment made incident to a bona fide and orderly discharge of actual liability is considered an overpayment with respect to which interest is allowed.

Section 12. Statute of limitations. (1) Except as provided in subsection (3), a deficiency may not be assessed or collected with respect to the year for which a return is filed unless the notice of the additional fee proposed to be assessed is mailed within 5 years from the date the return was filed. For purposes of this section, a return filed before the last day prescribed for filing is considered as filed on the last day. If the service provider, before the expiration of the period prescribed for assessment of the fee, consents in writing to an assessment after that time, the fee may be assessed at any time prior to the expiration of the period agreed upon.

(2) A refund or credit may not be allowed or paid with respect to the year for which a return is filed after 5 years from the last day prescribed for filing the return or after 1 year from the date of the overpayment, whichever period expires later, unless before the expiration of the period the service provider files a claim or the department determines the existence of the overpayment and approves the refund or credit. If the service provider has agreed in writing under the provisions of subsection (1) to extend the time within which the department may propose an additional assessment, the period within which a claim for refund or credit may be filed or a credit or refund is allowed if no claim is filed is automatically extended.

(3) If a return is required to be filed and the service provider fails to file the return, the fee may be assessed or an action to collect the fee may be brought at any time. If a return is required to be filed and the service provider files a fraudulent return, the 5-year period provided for in subsection (1) does not begin until discovery of the fraud by the department.

Section 13. Service provider considered taxpayer under provisions for fee. Unless the context requires otherwise, the provisions of Title 15, referring to the audit and examination of reports and returns, determination of deficiency assessments, claims for refunds, penalties and interest, jeopardy assessments, warrants, conferences, appeals to the department, appeals to the state tax appeal board, and procedures relating to the application of this part apply as if the fee imposed in this part were a tax imposed upon or measured by net income. The provisions apply to the subscriber liable for the fee and to the service provider required to collect the fee. Any amount collected and required to be remitted to the department is considered a tax upon the service provider required to collect it, and the service provider is considered a taxpayer.

Section 14. Repealer. Section 53-19-312, MCA, is repealed.

Section 15. Codification instruction. [Sections 9 through 13] are intended to be codified as an integral part of Title 53, chapter 19, part 3, and the provisions of Title 53, chapter 19, part 3, apply to [sections 9 through 13].

~~(b)~~*(a)* Beginning January 1, ~~2006~~ *2010, and every 4 years after that date,* the department shall manufacture and issue new standard license plates ~~after the existing plates have been used for a minimum period of 4 years~~ *to replace previously issued standard license plates upon renewal.*

~~(c)~~*(b)* A motor vehicle that is registered for a 13-month to a 24-month period, as provided in 61-3-311 ~~and 61-3-321(2)~~, may display the license plate and plate design in effect at the time of registration for the entire registration period.

~~(d)~~*(c)* A light vehicle described in subsection (2)(b) or a motor home that is permanently registered may display the license plate and plate design in effect at the time of registration for the entire period that the light vehicle or motor home is permanently registered.

(4) For passenger motor vehicles and trucks, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on all license plates, and the word "Montana" must be placed on each license plate. All license plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers for standard license plates must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, generic specialty license plates, and fleet license plates, the distinctive registration number or letter-number combination assigned to the motor vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same

horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles, trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in addition to the markings provided in this section, standard license plates must bear the following distinctive markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for motor vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the standard license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles, trailers, semitrailers, or pole trailers of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

(7) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they are formed, beginning with the number 57.

(8) *(a)* Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a ~~nonremovable~~ design ~~or decal designating the group or organization to which the applicant belongs~~ *that distinguishes each separate*

plate series. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of ~~regular~~ *standard* license plates, must be placed or mounted on a motor vehicle, trailer, semitrailer, or pole trailer owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the motor vehicle, trailer, semitrailer, or pole trailer, and must be removed upon sale or other disposition of the motor vehicle, trailer, semitrailer, or pole trailer.

(b) Beginning January 1, 2008, and every succeeding 4 years, the department shall manufacture and issue a new set of special license plates, bearing the same design and, if requested by the owner, the same plate number to replace, upon renewal of the registration of a motor vehicle under 61-3-314 and payment of the new plate fee provided for in 61-3-321, any special license plates issued prior to the prescribed date. This requirement applies to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, and commemorative centennial license plates authorized under 61-3-448.

(9) (a) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability.

(b) If the motor vehicle to which the license plate is attached is permanently registered, the owner of the motor vehicle shall provide, upon request of a person authorized to enforce special parking laws or ordinances in this or any state, evidence of continued eligibility to use the license plate in the form of a valid special parking permit issued to or renewed by the vehicle owner under 49-4-304 and 49-4-305.

(c) A person with a permanent condition, as provided in 49-4-301(2)(b), who has been issued a special license plate upon written application, as provided in this subsection (9), is not required to reapply upon reregistration of the motor vehicle.

(10) The provisions of this section do not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

~~(2) The department shall authorize the continued display of commemorative centennial license plates after June 30, 1996, as provided for in subsection (1), and shall replace commemorative centennial license plates for persons who owned and displayed the plates on or before June 30, 1996, as long as replacement stock owned by the department on October 1, 1993, remains available and usable.~~"

Section 30. Section 61-3-463, MCA, is amended to read:

"61-3-463. Collegiate license plates. (1) Subject to the provisions of ~~61-3-332(3)~~ *61-3-332(8)* and the requirement that collegiate license plates must have a white reflectorized background, the department shall design, cause to be manufactured, and issue collegiate license plates as provided in 61-3-464 through 61-3-466.

(2) After consultation with each institution, the department shall prescribe the color and insignia to be displayed on the collegiate license plates for each institution.

(3) In addition to each institution's distinctive color and insignia provided in subsection (2), each collegiate license plate must:

(a) be imprinted consecutively with distinctive numerals from 1 through 99999, capital letters A through Z, or a combination of numerals and letters; and

(b) bear a registration decal as provided in 61-3-332.

(4) The department shall determine the minimum and maximum number of characters, including both numerals and letters, on the collegiate license plates.

(5) An issue of collegiate license plates may not be ordered or manufactured for any individual institution unless at least 400 sets of plates are ordered and prepaid."

Section 31. Section 61-3-468, MCA, is amended to read:

"61-3-468. ~~(2) The department may issue or replace a collegiate license plate bearing the former name of an institution, as defined in 61-3-462, as long as replacement stock owned by the department of corrections is available.~~"

Section 32. Section 61-3-503, MCA, is amended to read:

"61-3-503. Assessment — definition. (1) (a) Except as provided in 61-3-520, light vehicles subject to a local option motor vehicle tax under 61-3-537 must be assessed the tax as of the first day of the registration period, using the depreciated value of the manufacturer's suggested retail price as determined in subsection (2).

(b) ~~A lien for taxes and fees due on the motor vehicle occurs on the anniversary date of the registration and continues until the fees and taxes have been paid.~~ If the depreciated value is less than $500, the department shall value the motor vehicle at $500.

(2) (a) Except as provided in subsections (2)(c) and (2)(d), the depreciated value for the taxation of light vehicles is computed by multiplying the manufacturer's suggested retail price by a percentage multiplier based on the type and age of the light vehicle determined from the following table:

Age of Vehicle (in years)	Type of Vehicle Automobile	Truck	Van	Sport Utility
-1	100%	100%	100%	100%
0	90	96	93	98
1	80	91	86	94
2	69	86	78	90
3	58	80	69	84
4	49	73	60	76
5	41	66	52	67
6	33	57	45	57
7	26	49	38	48
8	21	43	32	39
9	17	37	27	33
10	14	31	22	29
11	12	26	18	25
12	10	22	15	22
13	09	18	13	21
14	09	15	11	19
15	09	13	09	17
16	09	12	09	15

(b) The age for the light vehicle is determined under 61-3-501.

(c) If the value of the light vehicle determined under subsection (2)(a) is $500 or less, the value of the light vehicle is $500 and the value must remain at that amount as long as the light vehicle is registered.

(d) The depreciated value of a light vehicle that is 17 years old or older is computed by depreciating the value obtained for the vehicle at 16 years old, as determined under subsection (2)(a), by 10% a year until a minimum value of $500 is attained. The value must remain at that amount as long as the light vehicle is registered.

(3) (a) For the purposes of this section, "manufacturer's suggested retail price" means the price suggested by the manufacturer for each given type, style, or model of light vehicle produced and first made available for retail sale by the manufacturer.

(b) The manufacturer's suggested retail price is based on standard equipment of a light vehicle and does not contain price additions or deductions for optional accessories.

(c) When a manufacturer's suggested retail price is unavailable for a motor vehicle, the department shall determine an alternative valuation for the motor vehicle."

Section 33. Section 61-3-562, MCA, is amended to read:

"61-3-562. Permanent registration — transfer of light vehicle ownership — rules. (1) (a) Except as provided in subsection (1)(b), the owner of a light vehicle 11 years old or older subject to the registration fee, as provided in 61-3-321(2), may permanently register the light vehicle upon payment of a

The certificate must be signed by an authorized agent of the importer of foreign-made vehicles whenever there is a direct importer-dealer agreement or by an authorized agent of the distributor whenever there is an indirect distributor-dealer agreement. The distributor's certificate of appointment must be signed by an authorized agent of the manufacturer of domestically manufactured motor vehicles or by an authorized agent of the manufacturer or importer of foreign-made motor vehicles.

(2) A franchisee need not file a written agreement or certificate of appointment if the manufacturer on direct dealerships or distributor on indirect dealerships or importer on direct dealerships uses the identical basic agreement for all its franchised dealers or distributors in this state and certifies in the certificate of appointment that the blanket agreement is on file and the written agreement with the particular dealer or distributor, respectively, is identical with the filed blanket agreement and that the franchisee has filed with the department one agreement together with a list of franchised dealers or distributors.

(4) A manufacturer shall file with the department a copy of the delivery and preparation obligations required to be performed by a dealer prior to the delivery of a new motor vehicle to a buyer. Any mechanical, body, or parts defects arising from an express or implied warranty of the manufacturer constitute the manufacturer's product or warranty liability only. However, this section may not affect the obligations of new motor vehicle dealers to perform warranty repair and maintenance that may be required by law or contract. Except with regard to household appliances, including but not limited to ranges, refrigerators, and water heaters, in a recreational vehicle and except with regard to a truck rated at more than 10,000 pounds gross vehicle weight, the manufacturer shall compensate an authorized dealer for labor, parts, and other expenses incurred by a dealer who performs work to rectify the manufacturer's product or warranty defect or for delivery and preparation obligations at the same rate and time the dealer charges to its retail customers for nonwarranty work of a like kind, based upon a published, nationally recognized, retail flat rate labor time guide manual if the dealer uses the manual as the basis for computing charges for both warranty and retail work.

(5) (a) All claims made by the dealer pursuant to this section for compensation for delivery, preparation, warranty, and recall service, including labor, parts, and other expenses, must be paid by the manufacturer within 30 days of receipt of the claim from the dealer, except that a manufacturer of a motor home shall pay any claim within 60 days of receipt from the dealer.

(b) If a claim is disapproved, the dealer must be notified in writing of the grounds for disapproval. A claim that has not been disapproved in writing within 30 days of having been received must be considered approved, and payment is due to the claimant immediately. However, the manufacturer retains the right to audit a claim for a period of 12 months following the payment of the claim.

(c) A claim that has been approved and paid may not be charged back to the dealer unless the manufacturer proves that:

(ii) the repairs were not properly made; or

(iii) the repairs were not necessary to correct the defective condition.

(d) A manufacturer may not deny a claim or reduce the amount to be reimbursed to the dealer if the dealer has provided reasonably sufficient documentation demonstrating that the dealer performed the services in compliance with the written policies and procedures of the manufacturer.

(e) A franchisor may reasonably and periodically audit a motor vehicle dealer to determine the validity of paid claims or chargebacks for customer or dealer incentives. An audit of incentive payments may apply only to the 18-month period immediately preceding the date on which the dealer was notified of an impending audit.

The court shall send the driver's license, along with a copy of the complaint and the dispositional order, to the department, which shall immediately suspend the driver's license. The department may not reinstate a driver's license suspended under this subsection until the registered owner provides the department proof of

compliance with 61-6-301 and the department determines that the registered owner is otherwise eligible for licensure.

(4) The court may suspend a required fine only upon a determination that the offender is or will be unable to pay the fine.

(5) A court may not defer imposition of penalties provided by this section.

(6) An offender is considered to have been previously convicted for the purposes of sentencing if less than 5 years have elapsed between the commission of the present offense and a previous conviction."

CHAPTER NO. 330

[HB 738]

AN ACT REVISING WORKERS' COMPENSATION LAWS; PROVIDING THAT THE DEPARTMENT OF LABOR AND INDUSTRY MAY NOT SET THE RATE FOR MEDICAL SERVICES AT A RATE GREATER THAN 10 PERCENT ABOVE THE AVERAGE OF THE CONVERSION FACTORS USED BY THE TOP FIVE INSURERS OR THIRD-PARTY ADMINISTRATORS PROVIDING DISABILITY INSURANCE WITHIN THIS STATE WHO USE THE RESOURCE-BASED RELATIVE VALUE SCALE TO DETERMINE FEES FOR COVERED SERVICES; MODIFYING DEPARTMENT PROCEDURES FOR ESTABLISHING FEE SCHEDULES FOR MEDICAL SERVICES AND PRESCRIPTION DRUGS; PROVIDING FOR UTILIZATION AND TREATMENT GUIDELINES TO BE ESTABLISHED BY RULE; AMENDING SECTIONS 39-71-704 AND 39-71-743, MCA; AND PROVIDING AN EFFECTIVE DATE AND APPLICABILITY DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-704, MCA, is amended to read:

"39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates — fee limitation. (1) In addition to the compensation provided under this chapter and as an additional benefit separate

and apart from compensation benefits actually provided, the following must be furnished:

(a) After the happening of a compensable injury and subject to other provisions of this chapter, the insurer shall furnish reasonable primary medical services for conditions resulting from the injury for those periods as the nature of the injury or the process of recovery requires.

(b) The insurer shall furnish secondary medical services only upon a clear demonstration of cost-effectiveness of the services in returning the injured worker to actual employment.

(c) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(d) (i) The insurer shall reimburse a worker for reasonable travel, lodging, meals, and miscellaneous expenses incurred in travel to a medical provider for treatment of an injury pursuant to rules adopted by the department. Reimbursement must be at the rates allowed for reimbursement for state employees.

(ii) Rules adopted under subsection (1)(d)(i) must provide for submission of claims, within 90 days from the date of travel, following notification to the claimant of reimbursement rules, must provide procedures for reimbursement receipts, and must require the use of the least costly form of travel unless the travel is not suitable for the worker's medical condition. The rules must exclude from reimbursement:

(A) 100 miles of automobile travel for each calendar month unless the travel is requested or required by the insurer pursuant to 39-71-605;

(B) travel to a medical provider within the community in which the worker resides;

(C) travel outside the community in which the worker resides if comparable medical treatment is available within the community in which the worker resides, unless the travel is requested by the insurer; and

(D) travel for unauthorized treatment or disallowed procedures.

(iii) An insurer is not liable for injuries or conditions that result from an accident that occurs during travel or treatment, except that the insurer retains liability for the compensable injuries and conditions for which the travel and treatment were required.

(e) Pursuant to rules adopted by the department, an insurer shall reimburse a catastrophically injured worker's family or, if a family member is unavailable, a person designated by the injured worker or approved by the insurer for travel assistance expenditures in an amount not to exceed $2,500 to be used as a match to those funds raised by community service organizations to help defray the costs of travel and lodging expenses incurred by the family member or designated person when traveling to be with the injured worker. These funds must be paid in addition to any travel expenses paid by an insurer for a travel companion when it is medically necessary for a travel companion to accompany the catastrophically injured worker.

(f) Except for the repair or replacement of a prosthesis furnished as a result of an industrial injury *or occupational disease*, the benefits provided for in this

section terminate ~~when they are not used for a period of 60 consecutive months~~ *as provided in 39-71-601(3).*

(g) Notwithstanding subsection (1)(a), the insurer may not be required to furnish, after the worker has achieved medical stability, palliative or maintenance care except:

(i) when provided to a worker who has been determined to be permanently totally disabled and for whom it is medically necessary to monitor administration of prescription medication to maintain the worker in a medically stationary condition;

(ii) when necessary to monitor the status of a prosthetic device; or

(iii) when the worker's treating physician believes that the care that would otherwise not be compensable under subsection (1)(g) is appropriate to enable the worker to continue current employment or that there is a clear probability of returning the worker to employment. A dispute regarding the compensability of palliative or maintenance care is considered a dispute over which, after mediation pursuant to department rule, the workers' compensation court has jurisdiction.

(h) Notwithstanding any other provisions of this chapter, the department, by rule and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment that the department finds to be unscientific, unproved, outmoded, or experimental.

(2) *(a)* The department shall annually establish a schedule of fees for medical services ~~not provided at a hospital~~ that are necessary for the treatment of injured workers. Charges submitted by providers must be the usual and customary charges for nonworkers' compensation patients. The department may require insurers to submit information to be used in establishing the schedule. *Until the department adopts a fee schedule applicable to medical services provided by a hospital, insurers shall pay at the rate payable on June 30, 2007, for those services provided by the hospital. The rate must be adjusted by the annual percentage increase in the state's average weekly wage, as defined in 39-71-116, factoring in changes in the hospital's medical service charges.*

(b) The department may not set the rate for medical services at a rate greater than 10% above the average of the conversion factors used by the top five insurers or third-party administrators providing disability insurance within this state who use the resource-based relative value scale to determine fees for covered services. The top five insurers or third-party administrators shall provide their standard conversion rates to the department. The department may use the conversion rates only for the purpose of determining average conversion rates under this subsection (2), and the department shall maintain the confidentiality of the conversion rates.

(c) The fee schedule rates established in subsection (2)(b) apply to medical services covered by the American medical association current procedural terminology codes in effect at the time the services are provided regardless of where the services are provided.

(d) The department may establish coding standards to be utilized by providers when billing for medical services under this section.

(3) (a) The department may establish by rule evidence-based utilization and treatment guidelines for primary and secondary medical services. There is a rebuttable presumption that the utilization and treatment guidelines

established by the department are correct medical treatment for the injured worker.

(b) An insurer and an injured worker are not responsible for treatment or services that do not fall within the utilization and treatment guidelines adopted by the department unless the provider obtains prior authorization from the insurer.

(c) The department may establish by rule an independent medical review process for treatment or services denied by an insurer pursuant to this subsection (3) prior to mediation under 39-71-2401.

~~(3) (a) The department shall establish rates for hospital services necessary for the treatment of injured workers.~~

~~(b) Except as provided in subsection (3)(g), rates for services provided at a hospital must be the greater of:~~

~~(i) 69% of the hospital's January 1, 1997, usual and customary charges; or~~

~~(ii) the discount factor established by the department that was in effect on June 30, 1997, for the hospital. The discount factor for a hospital formed by the merger of two or more existing hospitals is computed by using the weighted average of the discount factors in effect at the time of the merger.~~

~~(c) Except as provided in subsection (3)(g), the department shall adjust hospital discount factors so that the rate of payment does not exceed the annual percentage increase in the state's average weekly wage, as defined in 39-71-116.~~

~~(d) The department may establish a fee schedule for hospital outpatient services rendered. The fee schedule must, in the aggregate, provide for fees that are equal to the statewide average discount factors paid to hospitals to provide the same or equivalent procedure to workers' compensation hospital outpatients.~~

~~(e) The discount factors established by the department pursuant to this subsection (3) may not be less than medicaid reimbursement rates.~~

~~(f)~~*(4)* For services available in Montana, insurers are not required to pay facilities located outside Montana rates that are greater than those allowed for services delivered in Montana.

~~(g)~~*(5)* For a medical assistance facility or a critical access hospital licensed pursuant to Title 50, chapter 5, the rate for services is the usual and customary charge. ~~Fees paid to a licensed medical assistance facility or critical access hospital are not subject to the limitation provided in subsection (4).~~

~~(4) The percentage increase in medical costs payable under this chapter may not exceed the annual percentage increase in the state's average weekly wage, as defined in 39-71-116.~~

~~(5)~~*(6)* Payment pursuant to reimbursement agreements between managed care organizations or preferred provider organizations and insurers is not bound by the provisions of this section.

~~(6)~~*(7)* Disputes between an insurer and a medical service provider regarding the amount of a fee for medical services must be resolved by a hearing before the department upon written application of a party to the dispute.

~~(7)~~*(8)* (a) After the initial visit, the worker is responsible for $25 of the cost of each subsequent visit to a hospital emergency department for treatment relating to a compensable injury or occupational disease.

(b) "Visit", as used in this subsection ~~(7)~~ *(8)*, means each time that the worker obtains services relating to a compensable injury or occupational disease from:

(i) a treating physician;

(ii) a physical therapist;

(iii) a psychologist; or

(iv) hospital outpatient services available in a nonhospital setting.

(c) A worker is not responsible for the cost of a subsequent visit pursuant to subsection ~~(7)(a)~~ *(8)(a)* if the visit is for treatment requested by an insurer."

Section 2. Section 39-71-743, MCA, is amended to read:

"39-71-743. Assignment or attachment of payments. (1) Payments under this chapter may not be assignable, subject to attachment or garnishment, or held liable in any way for debts, except:

(a) as provided in 71-3-1118;

(b) a portion of any lump-sum award or periodic payment to pay a monetary obligation for current or past-due child support, subject to the limitations in subsection (2), whenever the support obligation is established by order of a court of competent jurisdiction or by order rendered in an administrative process authorized by state law;

(c) as provided in 53-2-612 or 53-2-613 for medical benefits paid pursuant to this chapter; or

(d) for workers' compensation benefits payable to an injured worker to pay restitution to an insurer whenever the injured worker is subject to court-ordered restitution for theft of workers' compensation benefits. The insurer shall notify the injured worker in writing of the withholding of any court-ordered restitution from the injured worker's benefits.

(2) Payments under this chapter are subject to assignment, attachment, or garnishment for child support as follows:

(a) for any periodic payment, an amount up to the percentage amount established in the guidelines promulgated by the department of public health and human services pursuant to 40-5-209; or

(b) for any lump-sum award, an amount up to that portion of the award that is necessary to pay current child support and a past-due child support obligation.

(3) After determination that the claim is covered under the Workers' Compensation Act, the liability for payment of the claim is the responsibility of the appropriate workers' compensation insurer. Except as provided in ~~39-71-704(7)~~ *39-71-704(8)*, a fee or charge is not payable by the injured worker for treatment of injuries sustained if liability is accepted by the insurer."

Section 3. Coordination instruction. If Senate Bill No. 108 and [this act] are both passed and approved and if they contain a section that amends 39-71-704, then the sections amending 39-71-704 are void and 39-71-704 must be amended as follows:

"39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates — fee limitation. (1) In addition to the compensation provided under this chapter and as an additional benefit separate and apart from compensation benefits actually provided, the following must be furnished:

(a) After the happening of a compensable injury and subject to other provisions of this chapter, the insurer shall furnish reasonable primary medical services for conditions resulting from the injury for those periods as the nature of the injury or the process of recovery requires.

(b) The insurer shall furnish secondary medical services only upon a clear demonstration of cost-effectiveness of the services in returning the injured worker to actual employment.

(c) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(d) (i) The insurer shall reimburse a worker for reasonable travel, lodging, meals, and miscellaneous expenses incurred in travel to a medical provider for treatment of an injury pursuant to rules adopted by the department. Reimbursement must be at the rates allowed for reimbursement for state employees.

(ii) Rules adopted under subsection (1)(d)(i) must provide for submission of claims, within 90 days from the date of travel, following notification to the claimant of reimbursement rules, must provide procedures for reimbursement receipts, and must require the use of the least costly form of travel unless the travel is not suitable for the worker's medical condition. The rules must exclude from reimbursement:

(A) 100 miles of automobile travel for each calendar month unless the travel is requested or required by the insurer pursuant to 39-71-605;

(B) travel to a medical provider within the community in which the worker resides;

(C) travel outside the community in which the worker resides if comparable medical treatment is available within the community in which the worker resides, unless the travel is requested by the insurer; and

(D) travel for unauthorized treatment or disallowed procedures.

(iii) An insurer is not liable for injuries or conditions that result from an accident that occurs during travel or treatment, except that the insurer retains liability for the compensable injuries and conditions for which the travel and treatment were required.

(e) Pursuant to rules adopted by the department, an insurer shall reimburse a catastrophically injured worker's family or, if a family member is unavailable, a person designated by the injured worker or approved by the insurer for travel assistance expenditures in an amount not to exceed $2,500 to be used as a match to those funds raised by community service organizations to help defray the costs of travel and lodging expenses incurred by the family member or designated person when traveling to be with the injured worker. These funds must be paid in addition to any travel expenses paid by an insurer for a travel companion when it is medically necessary for a travel companion to accompany the catastrophically injured worker.

(f) Except for the repair or replacement of a prosthesis furnished as a result of an industrial injury, the benefits provided for in this section terminate when they are not used for a period of 60 consecutive months.

(g) Notwithstanding subsection (1)(a), the insurer may not be required to furnish, after the worker has achieved medical stability, palliative or maintenance care except:

(i) when provided to a worker who has been determined to be permanently totally disabled and for whom it is medically necessary to monitor administration of prescription medication to maintain the worker in a medically stationary condition;

(ii) when necessary to monitor the status of a prosthetic device; or

(iii) when the worker's treating physician believes that the care that would otherwise not be compensable under subsection (1)(g) is appropriate to enable the worker to continue current employment or that there is a clear probability of returning the worker to employment. A dispute regarding the compensability of palliative or maintenance care is considered a dispute over which, after mediation pursuant to department rule, the workers' compensation court has jurisdiction.

(h) Notwithstanding any other provisions of this chapter, the department, by rule and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment that the department finds to be unscientific, unproved, outmoded, or experimental.

(2) *(a)* The department shall annually establish a schedule of fees for medical services ~~not provided at a hospital~~ that are necessary for the treatment of injured workers. Charges submitted by providers must be the usual and customary charges for nonworkers' compensation patients. The department may require insurers to submit information to be used in establishing the schedule. *Until the department adopts a fee schedule applicable to medical services provided by a hospital, insurers shall pay at the rate payable on June 30, 2007, for those services provided by a hospital. The rate must be adjusted by the annual percentage increase in the state's average weekly wage, as defined in 39-71-116, factoring in changes in the hospital's medical service charges.*

(b) (i) The department may not set the rate for medical services at a rate greater than 10% above the average of the conversion factors used by the top five insurers or third-party administrators providing disability insurance within this state who use the resource-based relative value scale to determine fees for covered services.

(ii) The top five insurers or third-party administrators shall provide their standard conversion rates to the department.

(iii) The department may use the conversion rates only for the purpose of determining average conversion rates under this subsection (2).

(iv) The department shall maintain the confidentiality of the conversion rates.

(c) The fee schedule rates established in subsection (2)(b) apply to medical services covered by the American medical association current procedural terminology codes in effect at the time the services are provided regardless of where the services are provided.

(d) The department may establish coding standards to be utilized by providers when billing for medical services under this section.

(3) (a) The department may establish by rule evidence-based utilization and treatment guidelines for primary and secondary medical services. There is a

rebuttable presumption that the utilization and treatment guidelines established by the department are correct medical treatment for the injured worker.

(b) An insurer is not responsible for treatment or services that do not fall within the utilization and treatment guidelines adopted by the department unless the provider obtains prior authorization from the insurer. If prior authorization is not requested or obtained from the insurer, an injured worker is not responsible for payment of the medical treatment or services.

(c) The department may establish by rule an independent medical review process for treatment or services denied by an insurer pursuant to this subsection (3) prior to mediation under 39-71-2401.

~~(3) (a) The department shall establish rates for hospital services necessary for the treatment of injured workers.~~

~~(b) Except as provided in subsection (3)(g), rates for services provided at a hospital must be the greater of:~~

(b) money order, 7 years after issuance;

(c) stock or other equity interest in a business association or financial organization, including a security entitlement under Title 30, chapter 8, 5 years after the earlier of:

(i) the date of the most recent dividend, stock split, or other distribution that was unclaimed by the apparent owner; or

(ii) the date of the second mailing of a statement of account or other notification or communication that was returned as undeliverable or after the holder discontinued mailings, notifications, or communications to the apparent owner;

(d) debt of a business association or financial organization, other than a bearer bond or an original issue discount bond, 5 years after the date of the most recent interest payment that was unclaimed by the apparent owner;

(e) demand, savings, or time deposit, including a deposit that is automatically renewable, 5 years after the earlier of maturity or the date of the last indication by the owner of interest in the property; however, a deposit that is automatically renewable is considered matured for purposes of this section upon its initial date of maturity unless the owner has consented to a renewal at or about the time of the renewal and the consent is in writing or is evidenced by a memorandum or other record on file with the holder;

(f) money or credits owed to a customer as a result of a retail business transaction, 3 years after the obligation accrued;

~~(g) gift certificate, 3 years after December 31 of the year in which the certificate was sold, but if redeemable in merchandise only, the amount abandoned is considered to be 60% of the certificate's face value;~~

(g) gift certificate, 3 years after December 31 of the year in which the certificate was sold, but if redeemable in merchandise only, the amount abandoned is considered to be 60% of the certificate's face value. A gift certificate is not presumed abandoned if the gift certificate was sold by a person who in the past fiscal year sold no more than $200,000 in gift certificates, which amount must be adjusted by November of each year by the inflation factor defined in 15-30-101. The amount considered abandoned for a person who sells more than the amount that triggers presumption of abandonment is the value of gift certificates greater than that trigger.

~~(h)~~*(h)* amount that is owed by an insurer on a life or endowment insurance policy or an annuity that has matured or terminated, 3 years after the obligation to pay arose or, in the case of a policy or annuity payable upon proof of death, 3 years after the insured has attained, or would have attained if living, the limiting age under the mortality table on which the reserve is based;

~~(i)~~*(i)* property distributable by a business association or financial organization in a course of dissolution, 1 year after the property becomes distributable;

~~(j)~~*(j)* property received by a court as proceeds of a class action and not distributed pursuant to the judgment, 1 year after the distribution date;

~~(l)~~*(l)* wages or other compensation for personal services, 1 year after the compensation becomes payable;

~~(m)~~*(m)* deposit or refund owed to a subscriber by a utility, 1 year after the deposit or refund becomes payable;

~~(n)~~*(n)* property in an individual retirement account, defined benefit plan, or other account or plan that is qualified for tax deferral under the income tax laws of the United States, 3 years after the earliest of the date of the distribution or attempted distribution of the property, the date of the required distribution as stated in the plan or trust agreement governing the plan, or the date, if determinable by the holder, specified in the income tax laws of the United States by which distribution of the property must begin in order to avoid a tax penalty;

~~(o)~~*(o)* a patronage refund owed to a member of a rural electric or telephone cooperative organized under Title 35, chapter 18, that is not used by the cooperative for educational purposes, 5 years after the distribution date;

~~(p)~~*(p)* an unclaimed share in a cooperative that is not used for charitable or civic purposes in the community in which the cooperative is located, 5 years after the distribution date; and

~~(q)~~*(q)* all other property, 5 years after the owner's right to demand the property or after the obligation to pay or distribute the property arises, whichever first occurs.

(2) At the time that an interest is presumed abandoned under subsection (1), any other property right accrued or accruing to the owner as a result of the interest, and not previously presumed abandoned, is also presumed abandoned.

(3) Property is unclaimed if, for the applicable period set forth in subsection (1), the apparent owner has not communicated in writing or by other means reflected in a contemporaneous record prepared by or on behalf of the holder with the holder concerning the property or the account in which the property is held and has not otherwise indicated an interest in the property. A communication with an owner by a person other than the holder or its representative who has not in writing identified the property to the owner is not an indication of interest in the property by the owner.

(4) An indication of an owner's interest in property includes:

(a) the presentment of a check or other instrument of payment of a dividend or other distribution made with respect to an account or underlying stock or other interest in a business association or financial organization or, in the case of a distribution made by electronic or similar means, evidence that the distribution has been received;

(b) owner-directed activity in the account in which the property is held, including a direction by the owner to increase, decrease, or change the amount or type of property held in the account;

(c) the making of a deposit to or withdrawal from an account in a financial organization; and

(d) the payment of a premium with respect to a property interest in an insurance policy; however, the application of an automatic premium loan provision or other nonforfeiture provision contained in an insurance policy does not prevent a policy from maturing or terminating if the insured has died or the insured or the beneficiary of the policy has otherwise become entitled to the proceeds before the depletion of the cash surrender value of a policy by the application of those provisions.

(5) Property is payable or distributable for purposes of this part notwithstanding the owner's failure to make demand or present an instrument or document otherwise required to obtain payment.

(6) The presumption provided in subsection (1) does not apply to:

(a) unclaimed patronage refunds of a rural electric or telephone cooperative if the cooperative uses the refunds exclusively for educational purposes; or

(b) unclaimed shares in a nonutility cooperative if the cooperative uses the shares for charitable or civic purposes in the community in which the cooperative is located."

Section 4. Effective date — retroactive applicability. [This act] is effective on passage and approval and applies retroactively, within the meaning of 1-2-109, to gift certificates issued or sold after September 30, 2005.

CHAPTER NO. 337

[SB 175]

AN ACT EXPRESSLY PROVIDING THAT AN AGENCY MAY NOT ENFORCE, IMPLEMENT, OR OTHERWISE TREAT AN ADMINISTRATIVE RULE AS EFFECTIVE UNTIL THE EFFECTIVE DATE OF THE RULE; AMENDING SECTION 2-4-306, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, section 2-4-306(4), MCA, now provides that a rule is not effective until after publication in the Montana Administrative Register or until a different effective date as stated by the agency in the rule; and

WHEREAS, during the 2005-2006 interim, the State Administration and Veterans' Affairs Interim Committee dealt with a state agency that treated a not-yet-effective administrative rule as if that rule was effective as law.

WHEREAS, the State Administration and Veterans' Affairs Interim Committee believes that an agency may not under existing law implement a rule before the rule is effective and that the amendment of section 2-4-306, MCA, contained in this legislation does not alter the existing law.

THEREFORE, it is the intent of the State Administration and Veterans' Affairs Interim Committee to provide a short and clear statement in law that an agency may not implement a rule before the rule is effective as law.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-306, MCA, is amended to read:

"2-4-306. Filing, format, and adoption and effective dates — dissemination of emergency rules. (1) Each agency shall file with the secretary of state a copy of each rule adopted by it or a reference to the rule as contained in the proposal notice. A rule is adopted on the date that the adoption notice is filed with the secretary of state and is effective on the date referred to in subsection (4), except that if the secretary of state requests corrections to the adoption notice, the rule is adopted on the date that the revised notice is filed with the secretary of state.

(2) Pursuant to 2-15-401, the secretary of state may prescribe rules to effectively administer this chapter, including rules regarding the format, style, and arrangement for notices and rules that are filed pursuant to this chapter, and may refuse to accept the filing of any notice or rule that is not in compliance with this chapter. The secretary of state shall keep and maintain a permanent register of all notices and rules filed, including superseded and repealed rules, that must be open to public inspection and shall provide copies of any notice or rule upon request of any person. Unless otherwise provided by statute, the secretary of state may require the payment of the cost of providing copies.

(3) If the appropriate administrative rule review committee has conducted a poll of the legislature in accordance with 2-4-403, the results of the poll must be published with the rule.

(4) Each rule is effective after publication in the register, as provided in 2-4-312, except that:

(a) if a later date is required by statute or specified in the rule, the later date is the effective date;

(b) subject to applicable constitutional or statutory provisions:

(i) a temporary rule is effective immediately upon filing with the secretary of state or at a stated date following publication in the register; and

(ii) an emergency rule is effective at a stated date following publication in the register or immediately upon filing with the secretary of state if the agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare. The agency's finding and a brief statement of reasons for the finding must be filed with the rule. The agency shall, in addition to the required publication in the register, take appropriate and extraordinary

measures to make emergency rules known to each person who may be affected by them.

(c) if, following written administrative rule review committee notification to an agency under 2-4-305(9), the committee meets and under 2-4-406(1) objects to all or some portion of a proposed rule before the rule is adopted, the rule or portion of the rule objected to is not effective until the day after final adjournment of the regular session of the legislature that begins after the notice proposing the rule was published by the secretary of state, unless, following the committee's objection under 2-4-406(1):

(i) the committee withdraws its objection under 2-4-406 before the rule is adopted; or

(ii) the rule or portion of a rule objected to is adopted with changes that in the opinion of a majority of the committee members, as communicated in writing to the committee presiding officer and staff, make it comply with the committee's objection and concerns.

(5) An agency may not enforce, implement, or otherwise treat as effective a rule proposed or adopted by the agency until the effective date of the rule as provided in this section. Nothing in this subsection prohibits an agency from enforcing an established policy or practice of the agency that existed prior to the proposal or adoption of the rule as long as the policy or practice is within the scope of the agency's lawful authority."

Section 2. Effective date. [This act] is effective on passage and approval.

(8) Upon referral by a hospital under subsection (2), a procurement organization shall make a reasonable search for any person listed in 72-17-214 having priority to make an anatomical gift on behalf of a prospective donor. ~~(5)~~*(7)* A failure to make an anatomical gift under subsection (1) is not an objection to the making of an anatomical gift."

Section 13. Anatomical gifts — advance health care directive. (1) For the purposes of this section, the following definitions apply:

(a) "Advance health care directive" means a power of attorney for health care or a record signed by a prospective donor containing the prospective donor's direction concerning a health care decision for the prospective donor.

(b) "Declaration" means a record signed by a prospective donor specifying the circumstances under which a life support system may be withheld or withdrawn from the prospective donor.

(c) "Health care decision" means any decision made regarding the health care of the prospective donor.

(2) If a prospective donor who is in a health care facility has a declaration or advance health care directive, measures necessary to ensure the medical suitability of an organ for transplantation or therapy may not be withheld or withdrawn from the prospective donor unless the declaration expressly provides to the contrary.

Section 14. Cooperation between coroner, medical examiner, county attorney, and procurement organization. (1) A county coroner, medical examiner, or associate medical examiner shall cooperate with procurement organizations to maximize the opportunity to recover anatomical gifts for the purpose of transplantation, therapy, research, or education.

(2) A part may not be removed from the body of a decedent under the jurisdiction of a coroner or medical examiner for transplantation, therapy, research, or education unless the part is the subject of an anatomical gift. The body of a decedent under the jurisdiction of a coroner or medical examiner may

not be delivered to a person for research or education unless the body is the subject of an anatomical gift. This subsection does not preclude a coroner or medical examiner from performing the medicolegal investigation upon the body or parts of a decedent under the jurisdiction of the coroner or medical examiner.

Section 15. Facilitation of anatomical gift from decedent whose body is under jurisdiction of coroner, medical examiner, or county attorney. (1) Upon request of a procurement organization, a county coroner, medical examiner, or associate medical examiner shall release to the procurement organization the name, contact information, and available medical history of a decedent whose body is under the jurisdiction of the coroner or medical examiner. If the decedent's body or part is medically suitable for transplantation, therapy, research, or education, the coroner or medical examiner shall release postmortem examination results to the procurement organization. The procurement organization may make a subsequent disclosure of the postmortem examination results or other information received from the coroner or medical examiner only if relevant to transplantation or therapy.

(2) For the purpose of expediting an anatomical gift, the coroner or medical examiner may conduct a medicolegal examination by reviewing all medical records, laboratory test results, x-rays, other diagnostic results, and other information that any person possesses about a donor or prospective donor whose body is under the coroner's or medical examiner's jurisdiction and that the coroner or medical examiner determines may be relevant to the investigation.

(3) A person that has any information requested by a coroner or medical examiner pursuant to subsection (2) shall provide that information as expeditiously as possible to allow the coroner or medical examiner to conduct the medicolegal investigation within a period compatible with the preservation of parts for the purpose of transplantation, therapy, research, or education.

(4) If an anatomical gift has been or might be made of a part of a decedent whose body is under the jurisdiction of a coroner or medical examiner and a postmortem examination is not required or if the coroner or medical examiner determines that a postmortem examination is required but that the recovery of the part that is the subject of an anatomical gift will not interfere with the examination, the coroner or medical examiner and procurement organization shall cooperate in the timely removal of the part from the decedent for the purpose of transplantation, therapy, research, or education.

(5) If an anatomical gift of a part from the decedent under the jurisdiction of a coroner, medical examiner, or county attorney has been or might be made but the coroner, medical examiner, or county attorney initially believes that the recovery of the part could interfere with the postmortem investigation into the decedent's cause or manner of death, the collection of evidence, or the description, documentation, or interpretation of injuries on the body, the coroner, medical examiner, or county attorney may consult with the procurement organization or physician or technician designated by the procurement organization about the proposed recovery. After consultation, the coroner, medical examiner, or county attorney may allow the recovery.

(6) If the coroner, medical examiner, county attorney, or designee denies recovery, the person denying recovery shall:

(a) explain in a record the specific reasons for not allowing recovery of the part;

(b) include the specific reasons in the records of the coroner or medical examiner; and

(c) provide a record with the specific reasons to the procurement organization.

(7) If a coroner, medical examiner, county attorney, or designee allows recovery of a part under subsection (4) or (5), the procurement organization, upon request, shall cause the physician or technician who removes the part to provide the requestor with a record describing the condition of the part, a biopsy, a photograph, and any other information and observations that would assist in the postmortem examination.

Section 16. Section 72-17-301, MCA, is amended to read:

"72-17-301. Rights and duties at death. (1) ~~Rights~~ *Subject to 72-17-202 and [section 15], the rights* of a donee created by an anatomical gift are superior to rights of others under 72-17-214(1), except with respect to autopsies. A donee may accept or reject an anatomical gift. If the donee accepts an anatomical gift of the entire body, the donee, subject to the terms of the gift *and this chapter*, may allow embalming*, burial, or cremation* and the use of the body in funeral services. If the *anatomical* gift is of a part of the body, the donee, upon the death of the donor and before embalming, *burial, or cremation* shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the person under obligation to dispose of the body.

(2) The time of death must be determined by a physician or surgeon who attends the donor at death or, if none, the physician ~~or~~, surgeon*, or coroner* who certifies the death. Neither the physician or surgeon who attends the donor at death nor the physician ~~or~~, surgeon*, or coroner* who determines the time of death may participate in the procedures for removing or transplanting a part unless the document of gift designates a particular physician or surgeon pursuant to 72-17-201~~(4)~~*(5)*.

(3) Unless prohibited by law other than this chapter, at any time after a donor's death, the person to which a part passes under 72-17-202 may conduct any reasonable examination necessary to ensure the medical suitability of the body or part for its intended purpose.

(4) Unless prohibited by law other than this chapter, an examination under 72-17-213(2)(c) or subsection (3) of this section may include an examination of all medical and dental records of the donor or prospective donor.

(5) Upon the death of a minor who was a donor or had signed a refusal, unless a procurement organization knows the minor is emancipated, the procurement organization shall conduct a reasonable search for the parents of the minor and provide the parents with an opportunity to revoke or amend the anatomical gift or revoke the refusal.

(6) Upon referral by a hospital under 72-17-213(2), a procurement organization shall make a reasonable search for any person listed in 72-17-214 having priority to make an anatomical gift on behalf of a prospective donor. If a procurement organization receives information that an anatomical gift to any other person was made, amended, or revoked, it shall promptly advise the other person of all relevant information.

~~(3)~~*(7)* If there has been an anatomical gift, a technician may remove any donated parts and an enucleator may remove any donated eyes or parts of eyes after determination of death by a physician or surgeon."

Section 17. False acts concerning document of gift — penalty. Any person that knowingly falsifies, forges, conceals, defaces, or obliterates a document of gift, an amendment or revocation of a document of gift, or a refusal in order to obtain a financial gain commits a felony and upon conviction is subject to a fine not exceeding $50,000 or imprisonment not exceeding 5 years, or both.

Section 18. Relation to Electronic Signatures in Global and National Commerce Act. [This act] modifies, limits, and supersedes the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001, et seq., but does not modify, limit, or supersede section 101(a) of that act, 15 U.S.C. 7001, or authorize electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. 7003(b).

Section 19. Codification instruction. [Sections 13 through 15 and 17] are intended to be codified as an integral part of Title 72, chapter 17, and the provisions of Title 72, chapter 17, apply to [sections 13 through 15 and 17].

Section 20. Applicability. [This act] applies to an anatomical gift or amendment to, revocation of, or refusal to make an anatomical gift made before October 1, 2007.

(iii) the restaurant will serve beer and wine from a service bar, as service bar is defined by the department by rule;

(e) the applicant understands and acknowledges in writing on the application that this license prohibits the applicant from being licensed to conduct any gaming or gambling activity or operate any gambling machines and that if any gaming or gambling activity or machine exists at the location where the restaurant beer and wine license will be used, the activity must be

(3) A completed application for a license under this section and the appropriate application fee, as provided in subsection (11), must be submitted to the department. The department shall investigate the items relating to the application as described in subsections (3)(a) through (3)(d). (a) the applicant is qualified to receive a license;

(b) the applicant's premises are suitable for the carrying on of the business;

(c) the requirements of this code and the rules promulgated by the department are complied with; and

(d) the seating capacity stated on the application is correct.

(5) If a premises proposed for licensing under this section is a new or remodeled structure, then the department may issue a conditional license prior to completion of the premises based on reasonable evidence, including a statement from the applicant's architect or contractor confirming that the seating capacity stated on the application is correct, that the premises will be suitable for the carrying on of business as a bona fide restaurant, as defined in subsection (6).

(6) For purposes of this section, "restaurant" means a public eating place where individually priced meals are prepared and served for on-premises consumption. At least 65% of the restaurant's annual gross income from the operation must be from the sale of food and not from the sale of alcoholic beverages. Each year after a license is issued, the applicant shall file with the department a statement, in a form approved by the department, attesting that at least 65% of the gross income of the restaurant during the prior year resulted from the sale of food. The restaurant must have a dining room, a kitchen, and the number and kinds of employees necessary for the preparation, cooking, and serving of meals in order to satisfy the department that the space is intended for use as a full-service restaurant. A full-service restaurant is a restaurant that provides an evening dinner meal.

(7) (a) (i) Subject to the conditions of subsection (7)(a)(ii), a restaurant beer and wine license may be transferred, upon approval by the department, from the original applicant to a new owner of the restaurant if there is no change of location, and the original owner may transfer location after the license is issued by the department to a new location, upon approval by the department.

(ii) A new owner may not transfer the license to a new location for a period of 1 year following the transfer of the license to the new owner.

(b) A license issued under this section may be jointly owned, and the license may pass to the surviving joint tenant upon the death of the other tenant. However, the license may not be transferred to any other person or entity by operation of the laws of inheritance or succession or any other laws allowing the transfer of property upon the death of the owner in this state or in another state.

(c) An estate may, upon the sale of a restaurant that is property of the estate and with the approval of the department, transfer a restaurant beer and wine license to a new owner.

(8) (a) The department shall issue a restaurant beer and wine license to a qualified applicant:

(i) except as provided in subsection (8)(c), for a restaurant located in a quota area with a population of 5,000 persons or fewer, as the quota area population is determined in 16-4-105, if the number of restaurant beer and wine licenses issued in that quota area is equal to or less than 80% of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105;

~~(i)~~*(ii)* for a restaurant located in a quota area with a population of ~~20,000~~ *5,001 to 20,000* persons ~~or fewer~~, as the quota area population is determined in 16-4-105, if the number of restaurant beer and wine licenses issued in that quota area is equal to or less than ~~80%~~ *160%* of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105;

~~(ii)~~*(iii)* for a restaurant located in a quota area with a population of 20,001 to 60,000 persons, as the quota area population is determined in 16-4-105, if the number of restaurant beer and wine licenses issued in that quota area is equal to or less than ~~50%~~ *100%* of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105;

~~(iii)~~*(iv)* for a restaurant located in a quota area with a population of 60,001 persons or more, as the quota area population is determined in 16-4-105, if the number of restaurant beer and wine licenses issued in that quota area is equal to or less than ~~40%~~ *80%* of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105; and

~~(iv)~~*(v)* for a restaurant located in a quota area that is also a resort community, as the resort community is designated by the department of commerce under 7-6-1501(5), if the number of restaurant beer and wine licenses issued in the quota area that is also a resort community is equal to or less than ~~100%~~ *200%* of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105.

(b) In determining the number of restaurant beer and wine licenses that may be issued under this subsection (8) based on the percentage amounts described in subsections (8)(a)(i) through ~~(8)(a)(iii)~~ *(8)(a)(v)*, the department shall round to the nearer whole number.

(c) If the department has issued the number of restaurant beer and wine licenses authorized for a quota area under ~~subsections~~ *subsection* (8)(a)(i)

~~through (8)(a)(iii)~~, there must be a one-time adjustment of ~~one~~ *four* additional ~~license~~ *licenses* for that quota area.

(d) If there are more applicants than licenses available in a quota area, then the license must be awarded by lottery as provided in subsection (9).

(9) (a) When a restaurant beer and wine license becomes available by the initial issuance of licenses under this section or as the result of an increase in the population in the quota area, the nonrenewal of a restaurant beer and wine license, or the lapse or revocation of a license by the department, then the department shall advertise the availability of the license in the quota area for which it is available. If there are more applicants than number of licenses available, the license must be awarded to an applicant by a lottery.

(b) Any applicant who operates a restaurant that meets the qualifications of subsection (6) for at least 12 months prior to the filing of an application must be given a preference, and any unsuccessful lottery applicants from previous selections must also be given a preference. An applicant with both preferences must be awarded a license before any applicant with only one preference.

(c) The department shall numerically rank all applicants in the lottery. Only the successful applicants will be required to submit a completed application and a one-time required fee. An applicant's ranking may not be sold or transferred to another person or entity. The preference and an applicant's ranking apply only to the intended license advertised by the department or to the number of licenses determined under subsection (8) when there are more applicants than licenses available. The applicant's qualifications for any other restaurant beer and wine license awarded by lottery must be determined at the time of the lottery.

(10) Under a restaurant beer and wine license, beer and wine may not be sold for off-premises consumption.

(11) An application for a restaurant beer and wine license must be accompanied by a fee equal to 20% of the initial licensing fee. If the department does not make a decision either granting or denying the license within 4 months of receipt of a complete application, the department shall pay interest on the application fee at the rate of 1% a month until a license is issued or the application is denied. Interest may not accrue during any period that the processing of an application is delayed by reason of a protest filed pursuant to 16-4-203 or 16-4-207. If the department denies an application, the application fee, plus any interest, less a processing fee established by rule, must be refunded to the applicant. Upon the issuance of a license, the licensee shall pay the balance of the initial licensing fee. The amount of the initial licensing fee is determined according to the following schedule:

(a) $5,000 for restaurants with a stated seating capacity of 60 persons or less;

(b) $10,000 for restaurants with a stated seating capacity of 61 to 100 persons; or

(c) $20,000 for restaurants with a stated seating capacity of 101 persons or more.

(12) The annual fee for a restaurant beer and wine license is $400.

(13) If a restaurant licensed under this part increases the stated seating capacity of the licensed restaurant or if the department determines that a licensee has increased the stated seating capacity of the licensed restaurant,

then the licensee shall pay to the department the difference between the fees paid at the time of filing the original application and issuance of a license and the applicable fees for the additional seating.

(14) The number of beer and wine licenses issued to restaurants with a stated seating capacity of 101 persons or more may not exceed 25% of the total licenses issued.

(15) Possession of a restaurant beer and wine license is not a qualification for licensure of any gaming or gambling activity. A gaming or gambling activity may not occur on the premises of a restaurant with a restaurant beer and wine license."

(a) the set-aside and resulting reduction in use of the appropriation right does not represent an intent by the appropriator to wholly or partially abandon the appropriation right or to not comply with the terms and conditions attached to the right; and

(b) the period of nonuse that occurs for part or all of the appropriation right as a result of the contract may not create or may not be added to any previous period of nonuse to create a prima facie presumption of abandonment.

(4) A temporary change in appropriation right pursuant to 85-2-407 or 85-2-408 does not constitute an abandonment or serve as evidence that could be used to establish an abandonment of any part of the right.

to the political subdivisions of state government and local governments listed in subsections (2) through (5) in amounts not to exceed the loan amounts listed for each project from the proceeds of the bonds authorized in [section 3].

(3) The interest rate for the loans in this group is 3% for up to 20 years. These loans will be made to governmental entities to refinance outstanding debt on or rehabilitation of either their water or wastewater facilities.

Loan	Amount
DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION	
Refinance Existing Debt or Rehabilitation of Existing Water or Wastewater Facilities	$3,000,000

(4) The interest rate for the project in this group is 4.5% or the rate at which the state bonds are sold, whichever is lower, for up to 30 years.

Loan	Amount
SUNSET IRRIGATION DISTRICT	
Gravity Flow Irrigation Pipelines	$1,465,266

(5) The interest rate for the project in this group is 3% or the rate at which the state bonds are sold, whichever is lower, for up to 30 years.

Loan	Amount
DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION	
East Fork Siphon Replacement and Main Canal Lining Project	$400,000

Section 2. Projects not completing requirements — projects reauthorized. (1) The legislature finds that the renewable resource projects in subsection (2) that were approved by the 59th legislature in Chapter 309, Laws of 2005, may not complete the requirements necessary to obtain the loan funds prior to June 30, 2007. The projects described in this section are reauthorized. The department of natural resources and conservation is authorized to make loans to the state government agency and local government entity listed in subsection (2) in amounts not to exceed the loan amounts listed for each project from the proceeds of the bonds authorized in [section 3].

(2) The interest rate for the projects in this group is 4.5% or the rate at which the state bonds are sold, whichever is lower, for up to 20 years.

Loan	Amount
MILL CREEK IRRIGATION DISTRICT	
Mill Lake Dam Rehabilitation	$572,000
DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION

Section 3. Coal severance tax bonds authorized. (1) The legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved renewable resource projects as part of the state renewable resource grant and loan program. Available funds from previous sales of coal severance tax bonds, plus any additional principal amount on bonds as may be necessary, pursuant to the conditions in 85-1-605, to fund emergency loans, as authorized and approved in accordance with 85-1-605(4), may also be used for the projects approved in [sections 1 through 8]. The board of examiners is authorized to issue coal severance tax bonds in an amount not to exceed $26,279,448, of which $5,777,266 is to be used to finance the projects approved in [sections 1 and 2], $2,658,596 is to be used to finance additional loans in lieu of grants listed in House Bill No. 6, $15.4 million is to be used to finance the state share of construction expenses of regional water projects, and up to $2,443,586 is to be used to establish a reserve for the bonds. Proceeds of the bonds are appropriated to the department of natural resources and conservation for financing the projects identified in [sections 1 and 2] and may be used as authorized in 85-1-605(4). Proceeds of the bonds may also be used to pay the costs of issuance of the bonds. Loans made under 85-1-605(4) must bear interest at the rate borne by the state bonds unless the legislature in a subsequent session provides for a lower interest rate, in which case the rate must be reduced to the rate specified by the legislature.

(2) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the principal and interest on the bonds when due from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The board of examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(3) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must be allocated to the renewable resource grant and loan program state special revenue account.

(4) Loan repayments from loans financed with coal severance tax bonds are pledged, dedicated, and appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under this section.

Section 4. Conditions of loans. (1) Disbursement of funds under [sections 1 through 6 and 8] for loans is subject to the following conditions that must be met by project sponsors:

(a) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(b) documented commitment of other funds required for project completion;

(c) satisfactory completion of conditions described in the recommendations section of the project narrative in the renewable resource grant and loan program project evaluations and recommendations report for the biennium;

(d) execution of a loan agreement with the department; and

(e) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the loan as evidenced from the application to the department or from the proposal to the legislature.

(2) Each sponsor authorized for a loan from coal severance tax bond proceeds may be required to pay to the department a pro rata share of the bond issuance

costs and the administrative costs incurred by the department to complete the loan transaction.

Section 5. Private and discount purchase of loans. Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence of the loans may be made, purchased by, and sold to the department of natural resources and conservation at a discount and at a private negotiated sale, notwithstanding the provisions of any other law applicable to political subdivisions or local government entities.

Section 6. Appropriation established. For any entity of state government that receives a loan under [sections 1 through 6 and 8], an appropriation is established for the amount of the loan upon award of the loan by the department of natural resources and conservation.

Section 7. Regional water projects — conditions of loans — appropriation established. (1) The regional water projects to be funded with proceeds of the bonds authorized in [section 3] are projects for the construction, expansion, or improvement of regional water systems eligible to receive funding under 90-6-715 to the extent determined by the department of natural resources and conservation.

(2) Disbursement of proceeds of the bonds is authorized in [section 3] to pay construction expenses for an eligible regional water project subject to the following conditions, which must be met by the regional water authority or other governmental entity owning the regional water system:

(a) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(b) documented commitment of other funds required for project completion.

(3) An appropriation is established for the amount awarded to a regional water project funded pursuant to this section.

Section 8. Creation of state debt — appropriation of coal severance tax — bonding provisions. (1) Because [section 3] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [section 3].

(2) The legislature, through the enactment of [sections 1 through 8] by a vote of three-fourths of the members of each house of the legislature, as required by Article IX, section 5, of the Montana constitution, pledges, dedicates, and appropriates from the coal severance tax bond fund all money necessary for the payment of principal and interest not otherwise provided for on the coal severance tax bonds authorized by [section 3] to be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the provisions of [sections 1 through 8] and the general resolution for this bond program that has been adopted by the board of examiners under the authority provided in Title 17, chapter 5, part 7.

(3) The legislature does not pledge any revenue, assets, or money from any regional water project funded by the coal severance tax bonds authorized in [section 3] or from any other source to pay debt service on the bonds, other than the coal severance tax bond fund. The legislature may at its discretion appropriate to the payment of principal and interest on the bonds authorized in [section 3] for regional water projects payable in a fiscal year any available funds in the treasure state endowment regional water system special revenue account established in 90-6-715. Subject to the limitations in 90-6-715, funds in the treasure state endowment regional water system special revenue account are

subject to appropriation for other purposes by the legislature and are not reserved to pay debt service on the bonds authorized in [section 3] for regional water projects.

Section 9. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 10. Effective date. [This act] is effective July 1, 2007.

This is because the legislature finds that the demands of individual privacy outweigh the merits of public disclosure. The confidentiality provisions do not apply to compilations from the certificates or to summaries, analyses, and evaluations based upon the compilations.

(2) The confidentiality provisions of this section do not apply to the information ~~in the clerk and recorder's abbreviated copy of the realty transfer certificate or to the information~~ contained in the water right ownership update form *or any other form* prepared and filed with the department of natural resources and conservation pursuant to 85-2-424 for purposes of maintaining a system of centralized water right records as mandated by Article IX, section 3(4), of the Montana constitution. Section 4. Section 85-2-424, MCA, is amended to read:

"85-2-424. Filing. ~~(1) The transferor of a water right shall file with the department a water right ownership update form within 60 days of recording a deed or other instrument evidencing a transfer of real property.~~

(4) If a person exempts a water right pursuant to 85-2-403, the person shall file with the department, on a form provided by the department, information describing the exempting of the water right and the appropriate fee.

(7) Any written agreement to transfer land that has appurtenant water rights on record with the department must contain the following disclosure or words of a similar nature:

(c) the applicant paying nonrefundable investigation and application fees for licensure as a mortgage lender in the amount of $750 and an application fee for any branch location of $250; and

(d) the department completing an investigation to ensure the fitness of the applicant to transact business pursuant to [sections 1 through 32].

(2) (a) The department shall conduct an investigation that is sufficient to allow the department to make findings pertaining to the financial responsibility and criminal records of the applicant or, if the applicant is other than an individual, pertaining to the financial responsibility and criminal records of the principal officers, directors, managers, or members of the entity making the application. The findings may be verified by an examination of experience, character, general fitness, and criminal records. The department may not issue a license to an applicant unless the department concludes after completing the investigation that the business will be operated honestly, fairly, and efficiently within the purposes of [sections 1 through 32].

(b) (i) As a prerequisite to the issuance of a license, the department shall require the applicant to submit fingerprints for the purpose of fingerprint checks by the Montana department of justice and the federal bureau of investigation.

(ii) The applicant shall sign a release of information to the department and is responsible to the department of justice for the payment of all fees associated with the criminal background check.

(iii) Upon completion of the criminal background check, the department of justice shall forward all criminal justice information, as defined in 44-5-103, concerning the applicant that involves the conviction of a criminal offense in any jurisdiction to the department, as authorized in 44-5-303.

(iv) At the conclusion of any background check required by this section, the department must receive the criminal background check report but may not receive the fingerprint card of the applicant. Upon receipt of the criminal background check report, the department of justice shall promptly destroy the fingerprint card of the applicant.

(3) All fees collected under this section must be deposited in the department's state special revenue account to be used by the department in administering the provisions of [sections 1 through 32].

(4) Licenses issued pursuant to [sections 1 through 32] are nontransferable and nonassignable.

(5) A mortgage broker and its branches licensed under Title 32, chapter 9, is exempt from licensing fees under [sections 1 through 32]. A licensed mortgage broker that engages in mortgage lending shall comply with the provisions of [sections 1 through 32].

Section 6. License application. (1) The application for a residential mortgage lender license must be in a form prescribed by the department.

(2) (a) The application must contain the name and complete business address or addresses of the applicant. If the applicant is other than an individual, the application must contain the names and complete business and

residential addresses of each officer, director, manager, and ultimate equity owner of 10% or greater interest in the entity making the application.

(b) The application must include a detailed description of the proposed activities of the license that the department may require by rule.

(c) The application must also include the following:

(i) evidence that the applicant meets the minimum surety bond requirements provided for in [section 13] and has provided access to supporting credit information as required by rule;

(ii) an affirmation that the applicant and its employees, independent contractors, officers, directors, or principals are at least 18 years of age;

(iii) a biographical statement providing information as to the character, fitness, financial and business responsibility, background, experience, and criminal convictions of any person that:

(A) owns or controls, directly or indirectly, 10% or more of any class of stock of the entity making the application;

(B) controls with respect to an applicant, directly or indirectly, the election of 25% or more of the members of the board of directors or if a limited liability company, the election of its manager; or

(4) If the applicant is other than an individual, evidence must be submitted that the applicant is duly incorporated, registered, or otherwise formed as a general partnership, limited partnership, limited liability company, or other lawful entity under the laws of this state or another state.

(5) An applicant shall provide all other information required by rule.

(6) The applicant may obtain branch licenses upon compliance with this section and the applicable provisions of [sections 1 through 32].

Section 7. License renewal. (1) Residential mortgage lender licenses must be renewed annually and expire on September 30. Properly completed renewal application forms and nonrefundable renewal fees set by rule must be received by the department by July 31.

(2) It is the responsibility of each licensee to renew its license. Failure of the licensee to receive renewal forms, absent a request by the licensee for forms sent by certified mail, does not waive the licensee's renewal responsibility. Failure by a licensee to submit a properly completed renewal application form and nonrefundable renewal fees in a timely fashion, absent a written extension from the department, will result in the assessment of additional fees and the reversion of the license to an inactive status. A residential mortgage lender license that is not renewed by September 30 automatically expires.

(3) A licensee that ceases any activity regulated by [sections 1 through 32] and that desires to discontinue being licensed as a mortgage lender shall inform the department in writing and at the same time convey the license and all other symbols or indicia of licensure. The licensee shall include a plan for the

withdrawal from regulated business, including a timetable for the disposition of the business, and shall identify the location where the books, accounts, records, and documents will be kept until the end of the retention period provided for in [section 15].

(4) An application for the renewal of an existing residential mortgage lender license must contain the information specified pursuant to [sections 1 through 32] and by department rule. However, only the requested information that has changed from the most recent application must be submitted.

Section 8. Exemption from licensing. The following are not subject to the licensing provisions of [sections 1 through 32]:

(1) A person is exempt who is doing business under the laws of this state, another state, or the United States as a financial institution. Wholly owned operating subsidiaries of an exempt financial institution are also exempt.

(2) A person is exempt who is engaged solely in nonresidential or commercial real estate lending.

(3) A person is exempt who does not make more than five mortgage loans with the person's own funds for the person's own investment during any 12-month period and who does not represent to the public in any manner that the person is in the mortgage lending business.

(4) An individual is exempt who assists in the performance of the activities regulated by [sections 1 through 32] as an employee or independent contractor of a licensee or exempt person. A licensee is responsible for the actions of an independent contractor under the licensee's license and bond.

(5) An agency of a federal, state, or municipal government is exempt.

(6) An employee or employer pension plan is exempt if the plan makes mortgage loans only to the plan's participants.

(8) A person is exempt who is licensed under Title 32, chapter 9, if the person is engaged solely in the business of mortgage brokering and does not advance funds, offer to advance funds, or commit to advancing funds.

(9) A person is exempt who is a retail seller, as defined in 31-1-102, if the person complies with the provisions of Title 31, chapter 1, part 2.

(10) A person is exempt who sells the person's own real property.

(3) shall file with the department, when due, any required report;

(4) shall post the license at the physical location listed on the license application and shall display the license number or other evidence of licensing

on any advertising or internet websites or other electronic media used by the licensee;

(5) shall disburse funds in accordance with the licensee's loan agreements and shall make a good faith effort to effect closings in a timely manner;

(6) has not committed a crime against any law of this state, any other state, or the United States involving moral turpitude or fraudulent or dishonest dealing and that a final judgment has not been entered against the applicant in a civil action upon grounds of fraud, misrepresentation, or deceit that has not been previously reported to the department;

(7) shall account for or deliver to any person at the time that has been agreed upon or is required by law or, in the absence of a fixed time, upon demand of the person entitled to the accounting or delivery any personal property, such as money, funds, a deposit, check, or draft, a mortgage, or any other document or thing of value, that has come into the licensee's possession and that is not the licensee's property or that a licensee is not in law or equity entitled to retain under the circumstances;

(8) has not engaged in any conduct that would be cause for denial of a license;

(9) shall continuously maintain the surety bond required by [section 13];

(10) shall advise the department in writing, signed in the same form as the license application being amended, of any material changes to the address, officers, and names of controlling shareholders submitted on the most recent application for a residential mortgage lender license within 45 days of the change;

(11) shall comply with the provisions of [sections 1 through 32] and with any lawful order or rule issued or made under the provisions of [sections 1 through 32];

(12) shall submit to periodic examinations by the department as provided for in [sections 1 through 32]; and

(13) shall advise the department in writing of financially material judgments entered against or bankruptcy petitions filed by the licensee within 10 days of the occurrence.

Section 10. Refusal to issue or renew license. The department may refuse to issue or renew a residential mortgage lender license if:

(1) it is determined that the license applicant is not in material compliance with any provision of [sections 1 through 32];

(2) the department cannot make the findings specified in [section 5(2)]; or

(3) all material requirements for renewal or issuance of a license have not been met.

Section 11. Change in control. (1) Except with the prior approval of the department, it is unlawful for any action to be taken that results in a change of control of the business of a licensee. Prior to any change of control of the business of a licensee, the person wishing to acquire control shall apply in writing to the department and pay an application and investigation fee to the department. The application must contain any information the department prescribes by rule as being necessary or appropriate for the purpose of determining that a person meets the requirements of [sections 1 through 32].

(2) The department shall approve or disapprove the proposed change of control of a licensee in accordance with the provisions of [sections 1 through 32].

(3) The department shall grant a 90-day temporary residential mortgage lender license for the principal place of business and each branch office location that currently has a residential mortgage lender license within 10 days after the department's receipt of an application for the change of control. The department may issue subsequent 90-day temporary licenses at the department's discretion. The existing licensee shall surrender the existing license for each licensed location, including the principal place of business and each branch office location, within 10 business days of receipt of the temporary licenses. The temporary licensee is subject to all provisions of [sections 1 through 32] and all rules adopted under [sections 1 through 32].

Section 12. Annual audit. (1) (a) Within 180 days of the end of a licensee's fiscal year, the licensee shall have the licensee's books and accounts audited by an independent certified public accountant and have the audit report filed with the department. The department may accept the audit of a parent company of the licensee in lieu of an audit of the licensee if the department determines that the parent company's audit is sufficient for the department's purposes.

(b) The audit must be sufficiently comprehensive in scope to permit the expression of an opinion on the financial statements.

(c) The audit must be prepared in accordance with generally accepted accounting principles and must be performed in accordance with generally accepted auditing standards.

(d) The audit report must be certified by the certified public accountant conducting the audit.

(2) As used in this section, the term "expression of an opinion" includes either:

(a) an unqualified opinion;

(b) a qualified opinion;

(c) a disclaimer of opinion; or

(d) an adverse opinion.

(3) If a qualified or adverse opinion is expressed or if an opinion is disclaimed, the reasons must be fully explained. An opinion qualified in its scope is not acceptable.

(4) If a licensee fails to obtain an audit as required, the department may obtain an audit by an independent certified public accountant at the licensee's expense. The department may select an independent certified public accountant by advertising for bids or by other fair and impartial means as the department establishes by rule if allowed by law.

(5) Audits conducted in accordance with the Consolidated Audit Guide for Audits of HUD Programs may be accepted to fulfill the requirements of this section.

(6) The department may establish by rule additional requirements for annual audits.

Section 13. Surety bonds. (1) (a) Licensees shall continuously maintain a surety bond in accordance with this section.

(b) A surety bond must be used for the recovery of expenses, fines, and fees levied by the department for losses or damages incurred by borrowers or consumers as the result of a licensee's noncompliance with [sections 1 through 32].

(c) The surety bond must be payable when a licensee fails to comply with any provision of [sections 1 through 32], must be payable to the department, and must be issued by an insurance company authorized to do business in this state.

(d) A copy of the surety bond, including any and all riders and endorsements executed subsequent to the effective date of the bond, must be filed with the department within 10 days of the execution of the bond.

(2) The department may adopt rules with respect to the requirements for surety bonds.

(3) The surety bond must contain a clause that the insurance company will notify the department at least 30 days prior to canceling the surety bond for any reason.

(4) If a licensee or the issuer of the surety bond cancels the bond, the licensee shall inform the department of the cancellation in writing by certified mail and provide a new surety bond to the department.

(5) If the department is notified that a surety bond has been canceled and the licensee has not supplied a new surety bond to the department by the date of the cancellation, the licensee's license is automatically suspended until a new surety bond acceptable to the department is received.

Section 14. Escrow funds — trust funds — reserves. (1) Escrow funds, trust funds, or reserves authorized for any purpose by the mortgage loan contract are subject to all applicable state and federal requirements, must be immediately placed and maintained in separate accounts in a federally insured financial institution having an office in this state, and may not be commingled with any licensee funds.

(2) An escrow fund or reserves account must be placed in a segregated account with a federally insured financial institution having an office in this state. The funds must be kept in the segregated account until disbursement. The escrow funds or reserves account may be used only for:

(a) payments authorized by the borrower, allowed by the mortgage loan contract, or required by federal or state law;

(b) refunds to the borrower;

(a) payments authorized by the borrower to pay for third-party services required for origination of the mortgage loan;

(b) refunds to the borrower;

(c) transfer to another financial institution or mortgage lender; or

(d) compliance with a department or court order.

(5) The requirement of keeping the escrow funds, trust funds, or reserves in accounts in a financial institution having an office in this state may be waived by the department by rule.

Section 15. Recordkeeping requirements. (1) (a) Each licensee shall maintain at its principal place of business as designated on the license, all books, accounts, records, and documents necessary to determine the licensee's compliance with [sections 1 through 32].

(b) All books, accounts, records, and documents must be kept available for review and examination by the department for a period of 5 years from the date of the last entry.

(2) (a) The department may authorize the maintenance of books, accounts, records, and documents at a location other than a principal place of business if the licensee ensures that the books, accounts, records, and documents will be kept in a secure location under conditions that will not lead to the damage or destruction of the books, accounts, records, or documents.

(b) The department may require that books, accounts, records, and documents be produced and made available at a reasonable and convenient location in this state.

(3) If the department determines that it is more effective or cost-efficient to perform a review or examination of the books, accounts, records, and documents at a licensee's out-of-state location, the licensee shall pay the reasonable travel expenses and per diem for each department employee who participates in the review or examination.

(4) The department may prescribe by rule the minimum information to be shown in the books, accounts, records, and documents of licensees to enable the department to determine compliance with [sections 1 through 32].

(5) This section does not prohibit a licensee from the use of document imaging or other electronic means in maintaining books, accounts, records, and documents if the licensee can ensure adequate safeguards against alteration, damage, or destruction of the imaged or electronically stored books, accounts, records, or documents.

(6) Failure to comply with this section is grounds for administrative action by the department in accordance with [sections 1 through 32].

Section 16. Prohibited practices. It is unlawful for any person to:

(1) provide or offer to provide any service requiring a license unless the person has been issued the appropriate license or is exempt from licensure;

Section 20. Improper disbursement of escrow, reserves, or escrow closing funds — misstatement or omission of material fact pertaining to mortgage loan — misappropriation of funds. (1) Any person subject to the provisions of [sections 1 through 32], including but not limited to a licensee, a director, partner, or shareholder controlling an ownership interest of 10% or more of a licensee, or an officer, trustee, agent, independent contractor, or employee of a licensee may not:

(ii) the borrower has made a material misrepresentation or omission on the mortgage loan application; or

(iii) the borrower has failed to provide documentation necessary to the processing or closing of the mortgage loan application and closing does not occur without fault of the lender.

Section 22. License suspension and revocation — restitution — penalty. (1) If the department finds, after providing a 10-day written notice that includes a statement of alleged violations and a notice of an opportunity for hearing, as provided in the Montana Administrative Procedure Act, that any person, licensee, or officer, director, partner, trustee, employee, or representative, whether licensed or unlicensed, of the person or licensee has violated any of the provisions of [sections 1 through 32], has failed to comply with the rules or orders promulgated by the department, has failed or refused to make required reports to the department, has furnished false information to the department, or has operated without a license, the department may impose a civil penalty not to exceed $10,000 for each violation and may issue an order revoking or suspending the right of the person or licensee, directly or through an officer, director, partner, trustee, employee, or representative, to do business in this state as a licensee or to engage in the business of making residential mortgage loans. In addition, the department may issue an order requiring

restitution to borrowers and reimbursement of the department's cost in bringing the administrative action.

(2) All notices, hearing schedules, and orders must be mailed to the person or licensee by certified mail to the address for which the license was issued or, in the case of an unlicensed business, to the last-known address of record.

(3) A revocation, suspension, or surrender of a license does not relieve the licensee from civil or criminal liability for acts committed prior to the revocation, suspension, or surrender of the license.

(4) The department may reinstate any suspended or revoked license if there is not a fact or condition existing at the time of reinstatement that would have justified the department refusing to originally issue the license. If a license has been revoked for cause, an application may not be made for issuance of a new license or the reinstatement of a revoked license for a period of 6 months from the date of revocation.

(5) All civil fines collected under this section must be deposited in the general fund.

Section 23. Authority of department — rulemaking. (1) The department has the powers set forth in [sections 1 through 32]. These powers may be exercised whether or not an application for a license has been filed with the department or whether or not a license has been issued or, if issued, has been surrendered, suspended, or revoked.

(2) The department may adopt rules to implement the provisions of [sections 1 through 32]. The rules may include but are not limited to establishing forms and procedures for licensing, acceptable practices, establishing surety bond amounts, annual audits, records maintenance, and fees for license renewal and examination.

Section 24. Investigations by department — subpoenas — oaths — examination of witnesses and evidence. (1) The department may investigate any matter, upon complaint or otherwise, if it appears that a person has engaged or offered to engage in any act or practice that is in violation of any provision of [sections 1 through 32] or any rule adopted or order issued by the department pursuant to [sections 1 through 32].

(2) The department may issue subpoenas to compel the attendance of witnesses and the production of books, accounts, records, documents, and other evidence in any matter over which the department has jurisdiction, control, or supervision under [sections 1 through 32]. The department may administer oaths and affirmations to a person whose testimony is required.

(3) If a person refuses to obey a subpoena or to give testimony or produce evidence as required by the subpoena issued by the department, a judge of the district court of Lewis and Clark County or the county in which the licensed premises are located may, upon application and proof of the refusal, issue a subpoena or subpoena duces tecum for the witness to appear before the department to give testimony and produce evidence as may be required. The clerk of the court shall issue the subpoena requiring the person to whom it is directed to appear at the time and place designated in the subpoena.

(4) If a person served with a court-ordered subpoena refuses to obey the subpoena or to give testimony or produce evidence as required by the subpoena, the department may proceed under the contempt provisions of Title 3, chapter 1, part 5.

(5) Failure to comply with the requirements of a court-ordered subpoena is punishable pursuant to 45-7-309.

Section 25. Cease and desist orders. "32-5-102. Definitions. Unless the context requires otherwise, in this chapter, the following definitions apply:

(1) "Balloon payment" means any repayment option in which the borrower is required to repay the entire amount of any outstanding balance as of a specific date or at the end of a specified term and the aggregate amount of the required minimum periodic payments would not fully amortize the outstanding balance by the specific date or at the end of the loan term.

Section 5. Section 32-5-204, MCA, is amended to read:

"32-5-204. License renewal fee. Every licensee shall *pay to the department*, on or before December 1, ~~pay to the department the sum of $125~~ *a nonrefundable license fee of $500* for each license held ~~as a license fee~~ for the succeeding calendar year. Failure to pay ~~such~~ *the* license fee within the time prescribed ~~shall~~ *results in an automatic revocation of the* ~~automatically revoke such~~ license."

Section 6. Section 32-5-207, MCA, is amended to read:

"32-5-207. Revocation and suspension of license — *penalty — restitution.* *(1) (a)* The department, ~~upon 10 days'~~ *after providing a 10-day* written notice to the licensee ~~and~~ *that includes a* statement of the grounds *for the proposed suspension or revocation* and ~~upon reasonable opportunity to be heard at a public hearing, if requested by the licensee, may suspend for not more than 30 days or revoke a license if it finds the licensee has knowingly violated any provision of this chapter. When the department enters an order revoking or suspending a license, it shall mail a copy of the order by certified or registered mail to the licensee at the address for which the license was issued.~~ *informing the licensee that the licensee has the right to an administrative hearing, may issue an order suspending or revoking a license if it finds that the licensee has violated any provision of this chapter, has failed to comply with any department rule, written instruction, or order, has failed or refused to make required reports, has furnished false information, or has operated without a license.*

(b) The department may impose a civil penalty of not more than $1,000 for each violation of this chapter, not to exceed $5,000 for each administrative action, and may order restitution to borrowers and reimbursement of the department's costs in bringing an administrative action. The department may suspend or revoke the right of a person or licensee, directly or through an officer, agent, employee, or representative, to operate as a licensee or to engage in the business of making consumer loans.

(2) All notices, hearing schedules, and orders must be mailed to the person or licensee by certified mail to the address for which the license was issued or in the case of an unlicensed business to the last-known address of record.

(3) A revocation, suspension, or surrender of a license does not relieve the licensee from civil or criminal liability for acts committed prior to the revocation, suspension, or surrender of the license.

(4) All civil penalties collected pursuant to this section must be deposited in the state general fund."

Section 7. Section 32-5-208, MCA, is amended to read:

"32-5-208. Reinstatement. The department may reinstate any ~~suspended or~~ revoked license if ~~no~~ *there is not a* fact or condition ~~then exists~~ *existing at the time of reinstatement that* ~~which clearly~~ would have justified the department in refusing originally to issue ~~such~~ *the* license. In any case where the license has been revoked for cause, ~~no~~ *an* application ~~shall~~ *may not* be made for issuance of a new license or the reinstatement of a revoked license for a period of 6 months from the date of revocation."

Section 8. Section 32-5-301, MCA, is amended to read:

"32-5-301. ~~Charges, refunds, penalties, filing fees~~ *Fees charged to consumers.* (1) A licensee ~~or holder of a supplementary license under this part~~

may contract for and receive, on any loan of money, interest ~~charges~~ as provided under 31-1-112.

~~(2) Charges in subsection (1) must be computed at the applicable rates on the full, original principal amount of the loan from the date of the loan to the due date of the final scheduled installment irrespective of the fact that the loan is payable in installments. The charges must be added to the principal of the loan and may not be discounted or deducted from the principal or paid or received at the time the loan is made. For the purpose of computing charges for a fraction of a month, a day is considered one-thirtieth of a month.~~

~~(3) (a) When any loan contract, new loan, renewal, or otherwise for a period of not more than 61 months is paid in full by cash 1 month or more before the final installment date, the licensee shall refund or credit the borrower with that portion of the total charges that is due the borrower as determined by schedules prepared under the rule of 78ths or sum of the digits principle as follows: the amount of the refund or credit must be as great a proportion of the total charges originally contracted for as the sum of the consecutive monthly balances of the contract scheduled to follow the date of prepayment bears to the sum of all the consecutive monthly balances of the contract, both sums to be determined according to the payment schedule originally contracted for.~~

~~(b) When any loan contract, new loan, renewal, or otherwise for a period of more than 61 months is paid in full by cash 1 month or more before the final installment date, the licensee shall refund or credit the borrower with that portion of the total charges that is due the borrower that is applicable to all fully unexpired months in the contract as originally scheduled or, if deferred, as deferred, following the date of prepayment. For this purpose the applicable charge is the charge that would have been earned for that contract if charges had not been precomputed, by applying to the unpaid principal balance, by the actuarial method, the annual percentage rate disclosed pursuant to federal law, based on the assumption that all payments were made as originally scheduled. For all loans that may be subject to this section, charges are computed initially in the same manner used to determine the annual percentage rate.~~

~~(4)~~*(2)* If *provided for in* the contract ~~so provides~~, ~~the~~ *an* additional ~~charge~~ *fee may be charged* for any amount past due according to the original terms of the contract, whether by reason of default or extension agreement~~,~~. *The fee charged* may be the greater of *$15 or* 5% of the amount past due ~~or $15~~, *not to exceed $50.* ~~and that~~ *The fee charged for any past-due* amount may be charged only once. *Except as provided in subsection (3), other fees may not be charged for default or extension of the contract by the borrower.*

(3) (a) If provided for in the contract, a licensee may grant a deferral at any time. A deferral postpones the scheduled due date of the earliest unpaid installment and all subsequent installments as originally scheduled or as previously deferred for a period equal to the agreed-upon deferral period. The deferral period is that period during which an installment is not scheduled to be paid by reason of the deferral.

(b) A licensee may charge an additional fee for each deferral. The fee charged may be the greater of $15 or 5% of the amount currently due, not to exceed $50.

(c) Other fees may not be charged by the lender for any deferrals granted by the lender.

~~(5)~~*(4)* ~~(a)~~ The licensee may include in the principal amount of any loan:

~~(i)~~*(a)* the actual fees paid a public official or agency of the state for filing, recording, or releasing any instrument securing the loan; ~~or~~

~~(ii)~~*(b)* the premium for insurance in lieu of filing or recording any instrument securing the loan to the extent that the premium does not exceed the fees that would otherwise be payable for filing, recording, or releasing any instrument securing the loan~~.~~*;*

~~(b)~~*(c)* ~~The licensee may include in the principal amount of any loan~~ bona fide *fees or* charges related to real estate security ~~and~~ paid to third parties~~,~~; ~~including:~~

~~(i)~~*(d)* fees or premiums for title examination, title insurance, or similar purposes, including survey;

~~(ii)~~*(e)* fees for preparation of a deed, settlement statement, or other documents;

~~(iii)~~*(f)* fees for notarizing deeds and other documents;

~~(iv)~~*(g)* appraisal fees;

~~(v)~~*(h)* fees for credit reports; and

~~(vi)~~*(i)* fees paid to a trustee for release of a trust deed.

~~(6)~~*(5) (a)* ~~Further or other charges~~ *Other fees* may not be directly or indirectly contracted for or received by any licensee except those specifically authorized by this chapter. A licensee may not divide into separate parts any contract made for the purpose of or with the effect of obtaining ~~charges~~ *fees* in excess of those authorized by this chapter. If any amount in excess of the ~~charges~~ *fees* permitted by this chapter is charged, contracted for, ~~and~~ *or* received, ~~except as the result of an accidental and bona fide error of computation,~~ the licensee shall forfeit to the borrower a sum that is double the amount that is in excess of the ~~charges~~ *fees* authorized by this chapter.

(b) This section does not apply to fees for services rendered in connection with a loan after the loan has been consummated and if the borrower's participation in the services is strictly voluntarily.

~~(7) Subsections (2) and (3) apply only to loans on which charges are made on an add-on basis and do not apply to loans on which charges are made on an interest-bearing basis. The contracting for, charging of, receiving of, or financing of loan origination fees, points, or prepaid finance charges on a loan on which other charges are made on an interest-bearing basis does not make the loan subject to being considered an add-on basis loan.~~

~~(8) If a consumer loan is prepaid in whole or in part for any reason, including after a default, prior to the final payment due date and the amount of prepayment exceeds 10% of the then-outstanding principal balance of the loan, a licensee may charge a prepayment charge as follows:~~

~~(a) 10% of the then-outstanding principal balance of the loan if the prepayment occurs during the first 6 months after the date of the loan;~~

~~(b) 7% of the then-outstanding principal balance of the loan if the prepayment occurs more than 6 months after the date of the loan, but on or before 18 months after the date of the loan; or~~

~~(c) 3.5% of the then-outstanding principal balance of the loan if the prepayment occurs more than 18 months after the date of the loan, but before 61 months after the date of the loan.~~

~~(9) A prepayment charge may not be collected if:~~

~~(a) the prepayment results solely because of the enforcement of a "due on sale" clause in a real estate mortgage or deed of trust that secures the loan;~~

~~(b) the loan provided is prepaid by another loan made by the same licensee or an affiliate of the licensee; or~~

~~(c) prepayment occurs as a result of a payment made by a credit life insurance policy or other insurance policy.~~"

Section 9. Section 32-5-302, MCA, is amended to read:

"32-5-302. Installment ~~payment — contract period~~ and balloon payments. ~~(1) A licensee may not enter into any contract of loan:~~

~~(a) of $300 or less, exclusive of charges, under which the borrower agrees to make any scheduled repayment of principal more than 21 calendar months from the date of making the contract;~~

~~(b) for more than $300 to and including $1,000, exclusive of charges, under which the borrower agrees to make any scheduled repayment of principal more than 25 calendar months from the date of making; or~~

~~(c) for more than $1,000 to and including $2,500, exclusive of charges, under which the borrower agrees to make any scheduled repayment of principal more than 48 calendar months from the date of making.~~

~~(2)~~*(1)* ~~Each loan contract requires payment of principal and charges in installments that are~~ *Except as provided in subsection (4), if the loan contract requires installment payments, the contract must provide that principal and interest be* payable at approximately equal periodic intervals, except that payment dates may be omitted to accommodate borrowers with seasonal incomes.

(2) ~~With respect to a loan on which charges are made on an add-on basis, an~~ *An* installment contracted for may not be substantially larger than any preceding installment. ~~When~~ *If* a loan contract provides for monthly ~~installments~~ *installment payments*, the first installment ~~may~~ *must* be payable at any time within 45 days of the date of the loan and ~~the charges~~ *interest may be charged* for the number of days in excess of 30 from the date of *the* making *of the loan and* may be added to the scheduled amount of the installments.

(3) A licensee may not enter into any loan contract in which a borrower agrees to pay principal or interest in one lump sum unless the payment is due not less than 45 days from the date of the making of the loan and not more than 1 year from the date of the making of the loan.

(4) Loans with a balloon payment are permissible so long as all installment payments cover at least the interest that has accrued since the previous installment payment."

Section 10. Section 32-5-303, MCA, is amended to read:

"32-5-303. Borrower to receive copy of contract or statement of contents. At the time ~~the~~ *a* loan is made, there ~~will~~ *must* be delivered to the borrower~~, or if there be two or more~~ *or* borrowers ~~to one of them,~~ the disclosures required by the ~~Federal~~ *federal* Consumer Credit Protection Act *and the federal Truth in Lending Act, 15 U.S.C. 1601, et seq., and* a copy of the loan contract~~,~~ or a written statement ~~in the English language~~ showing in clear and distinct terms:

(5) the rate ~~or~~ *and* amount of ~~charges~~ *interest* as *provided in* the contract ~~may provide~~;

(6) the amount collected or paid out for each kind of insurance, if any;

(7) the amount collected or paid out for filing and other fees as allowed in ~~32-5-301(5)~~ *this chapter*;

(8) the collateral or security for the loan including all other accommodation or other joint makers *or* ~~(~~comakers~~)~~; *and*

(9) that the borrower may prepay the loan in whole or in part *without penalty* at any time during a licensee's regular business hours ~~and, in case the charges have been added to the principal of the loan, that such charges are subject to the refund requirements of 32-5-301(3) if such loan is prepaid in full~~."

Section 11. Section 32-5-305, MCA, is amended to read:

"32-5-305. Confessions of judgment — incomplete instruments forbidden. ~~No~~ *A* licensee ~~shall~~ *may not*:

(1) take any confession of judgment *from the borrower* or any power of attorney running to ~~himself~~ *the licensee* or to any third person to confess judgment *for the borrower* or to appear for the borrower in a judicial proceeding;

(2) take any note or promise to pay that does not disclose the amount of the loan, a schedule of payments or a description ~~thereof~~ *of the schedule of payments*, and the agreed ~~charges and in which~~ *interest and fees to be charged. (3) take any instrument in which blanks are left to be filled in after the loan is made."

Section 12. Section 32-5-306, MCA, is amended to read:

"32-5-306. Insurance — real property security — definitions. (1) Except as provided in this section, insurance may not be written by a licensee or employee, affiliate, or associate of the licensee in connection with any loan.

(2) Insurance permitted under the provisions of this section must be obtained through an insurance company authorized to conduct business in Montana by a licensed insurance producer or agency of this state. Premiums may not exceed those fixed by law or current applicable manual rates. Insurance written as authorized by this section may contain a mortgagee clause or other appropriate provisions to protect the insurable interest of the licensee.

(3) (a) When the principal amount of the loan exceeds $300 exclusive of the portion of the loan attributable to insurance premiums and ~~charges~~ *fees*, the licensee may require a borrower to insure property offered as security against any substantial risk of loss, damage, or destruction for an amount not to exceed

the reasonable value of the property insured or the amount of the loan, whichever is smaller, and for the customary term approximating the term of the loan contract. It is optional with the borrower to obtain insurance in an amount greater than the amount of the loan or for a longer term.

(b) A lender may not require a borrower, as a condition of obtaining or maintaining a loan secured by real property, to provide insurance on improvements to real property in an amount that exceeds the reasonable replacement value of the improvements.

(4) Subject to the laws of this state, credit life insurance, credit disability insurance, and loss of income insurance may be provided at the expense of the borrower and may be provided by a licensee upon the request of the borrower when the principal amount of the loan exceeds $300, exclusive of the portion of the loan attributable to insurance premiums and ~~charges~~ *fees*.

(5) The insurance authorized by this section may be sold, obtained, or provided by or through a licensee, and the premium or identifiable ~~charge~~ *fee* for the insurance may be included in the principal amount of the loan. However, a licensee may not require a borrower to purchase insurance from the licensee or from any particular insurance producer, broker, or insurance company as a condition precedent for obtaining a loan. Any gain or advantage to the licensee or any employee, affiliate, or associate of the licensee from the sale, provision, or obtaining of insurance as authorized by this section may not be considered to be ~~additional charges or~~ a violation of this chapter.

(6) A licensee may not require insurance under this section until any existing insurance of the same type has expired or has been canceled ~~and the unearned portion of the premium for the canceled insurance has been rebated to the borrower~~.

~~(7) The amount of $300 in subsections (3) and (4) is subject to change pursuant to 32-5-104 on adjustment of dollar amounts.~~

(1) ~~The payment in money, credit, goods, or things in action as consideration for any sale or assignment of or order for the payment of wages, salary, commission, or other compensation for services, whether earned or to be earned, shall, for the purpose of regulation under this chapter, be considered a loan secured by such assignment, and the~~ *Subject to the limitations in subsection (2), wage assignments, which include salary, wages, commissions, and other compensation for services, are permitted and any loan made subject to a wage assignment must be considered a loan secured by the wage assignment. AN ACT CREATING THE MONTANA CLEAN RENEWABLE ENERGY BOND ACT; AUTHORIZING GOVERNMENTAL BODIES TO OWN AND OPERATE QUALIFIED ENERGY PROJECTS; AUTHORIZING GOVERNMENTAL BODIES TO ISSUE CLEAN RENEWABLE ENERGY BONDS TO FINANCE THE ACQUISITION OR CONSTRUCTION OF QUALIFIED ENERGY PROJECTS; AUTHORIZING GOVERNMENTAL BODIES TO ENTER INTO CONTRACTS NECESSARY TO ACQUIRE AND CONSTRUCT QUALIFIED ENERGY PROJECTS; PROVIDING TERMS AND CONDITIONS FOR THE ISSUANCE OF THE BONDS; PROVIDING THAT CERTAIN REQUIREMENTS BE MET PRIOR TO PROJECT FINANCING; CLARIFYING THAT THE PROVISIONS OF THIS ACT DO NOT AUTHORIZE A LOCAL GOVERNING BODY TO CONSTRUCT, OWN, OR OPERATE SOME POWERLINES; INCREASING THE AMOUNT OF BONDS ALLOWED UNDER THE MUNICIPAL FINANCE CONSOLIDATION ACT; PROVIDING AN APPROPRIATION; AMENDING SECTIONS 17-5-1604 AND 17-5-1608, MCA; AND PROVIDING EFFECTIVE DATES.

WHEREAS, the Montana Legislature has previously determined that Montana is blessed with an abundance of diverse renewable resources, that renewable energy production promotes and sustains economic development activity in local communities across the state, that increased use of renewable

resources will enhance Montana's energy self-sufficiency, that economic and environmental benefits from renewable energy production accrue to the public at large, and that the expanded development of these resources to meet Montana's electricity demand and stabilize electricity prices should be encouraged and promoted; and

WHEREAS, Congress, pursuant to the Energy Tax Incentives Act of 2005, codified in part as section 54 of the Internal Revenue Code and referred to as the Federal Act, has created a federal tax credit program that would enable qualified issuers to issue clean renewable energy bonds for which the holder would receive a federal tax credit, in lieu of interest, to finance the capital costs of qualified projects as described in the Federal Act; and

WHEREAS, qualified issuers and qualified borrowers under the Federal Act include governmental bodies, which are defined as any state, territory, or possession of the United States, the District of Columbia, an Indian tribal government, or any political subdivision of those entities; and

WHEREAS, the Legislature, in enacting the Montana Renewable Power Production and Rural Economic Development Act, has required Montana public utilities to establish graduated renewable energy standards and to purchase renewable energy from the community renewable energy projects and has allowed Montana political subdivisions or governmental bodies to be owners of community renewable energy projects; and

WHEREAS, several Montana cities, towns, and counties have expressed a desire to issue clean renewable energy bonds and to acquire and construct qualified projects under the Federal Act that would provide the energy for their own needs at a stable price and have applied to the Internal Revenue Service for allocations under the Federal Act; and

WHEREAS, the purpose of this legislation is to authorize Montana local governmental bodies and Indian tribal governments to participate as qualified issuers or qualified borrowers under the Federal Act and to enable governmental bodies and Indian tribal governments to better access financial investments for community renewable energy projects or alternative renewable energy sources.

(2) The validity of the bonds is not dependent on or affected by the validity or regularity of any proceedings relating to the acquisition, purchase, construction, reconstruction, improvement, or extension of the project for which the bonds are issued.

(3) The resolution authorizing the bonds may provide that the bonds must contain a recital that they are issued pursuant to [sections 1 through 18] and that the recital is conclusive evidence of the bonds' validity and of the regularity of the bonds' issuance.

Section 13. Liens arising from bonds or contracts — mortgages. (4) This section constitutes a valid obligation of funds to the grant recipients listed in subsection (3) for purposes of encumbering the treasure state endowment state special revenue account funds during the 2009 biennium pursuant to 17-7-302. However, a grant recipient's entitlement to receive funds

is dependent on the grant recipient's compliance with the conditions described in [section 3(1)] and on the availability of funds.

(5) Funding for projects numbered 1 through 56 in subsection (3) and for the department of natural resources and conservation project in subsection (6) will be provided from interest earnings deposited into the treasure state endowment special revenue account during the biennium ending June 30, 2009. Funding for the projects listed in subsection (3) will be made available in the order that the grant recipients satisfy the conditions described in [section 3(1)]. If funds appropriated in subsection (1) are insufficient to fund any of the projects that have satisfied the conditions described in [section 3(1)] prior to June 30, 2009, the treasure state endowment program must fund the projects by borrowing money from the board of investments pursuant to 90-6-701(1)(b) for those projects that have satisfied the conditions described in [section 3(1)] by June 30, 2009. There is appropriated to the department of commerce up to $17,563,890 for funds borrowed from the board of investments.

(6) Up to $2,200,000 is granted to the department of natural resources and conservation in fiscal year 2009, which must be used to fund local government renewable resource projects. The grant may only be awarded for the amount of anticipated shortfall in funding all of the renewable resource program grants authorized in [section 1(3) of House Bill No. 6]. Any unexpended funds remaining from this grant on July 1, 2009, will be remitted to the department of commerce, treasure state endowment program, to be used for repayment of loans.

Section 2. Approval of grants. The legislature, pursuant to 90-6-701, authorizes grants for the projects identified in [section 1(3)].

Section 3. Conditions and manner of disbursement of grant funds. (1) The disbursement of grant funds under [sections 1 through 3] for the projects specified in [section 1(3)] is subject to completion of the following conditions:

(a) The grant recipient shall execute a grant agreement with the department of commerce.

(b) The scope of work and budget for the project as approved by the department in the grant agreement must be consistent with the intent and circumstances under which the application was originally ranked by the department and approved by the legislature. The department may not approve amendments to the scope of work or budget affecting activities or improvements that would materially alter the intent and circumstances under which the application was originally ranked by the department and approved by the legislature.

(c) The grant recipient shall document that other matching funds required for completion of the project are firmly committed.

(d) The grant recipient must be in compliance with the auditing and reporting requirements provided for in 2-7-503 and have established a financial accounting system that the department can reasonably ensure conforms to generally accepted accounting principles. Tribal governments shall comply with auditing and reporting requirements provided for in OMB Circular A-133.

(e) The grant recipient shall satisfactorily comply with any conditions described in the application (project) summaries section of the treasure state endowment program 2009 biennium report to the 60th legislature.

(f) The grant recipient shall satisfy other specific requirements considered necessary by the department to accomplish the purpose of the project as evidenced by the application to the department.

(2) The department shall commit grant funds to projects authorized in [section 1(3)] in the order that projects have met the conditions in subsection (1).

(3) The department shall disburse grant funds on a reimbursement basis as grant recipients incur eligible project expenses.

(4) If actual project expenses are lower than the projected expense of the project, the department may, at its discretion, reduce the amount of treasure state endowment program grant funds to be provided to grant recipients in proportion to all other project funding sources. In the alternative, the department may authorize the use of the remaining authorized treasure state endowment program grant amount for the construction of additional, directly related components that will further enhance the overall system.

Roads left open at the landowner's request must be sized to support the use of the road after opencut operations.*

(iii) ~~reseeds or revegetates as required by the department~~ *at the first seasonal opportunity, seeds or plants all affected land to vegetative species that meet the requirements of 82-4-434.*

(3) The department may refuse to approve an application for issuance of a permit under subsection (1) or ~~allow~~ *may prohibit* the operator ~~to operate~~ *from conducting* an opencut ~~mine~~ *operation* under ~~subsections (1) and~~ *subsection* (2) if, at the time of notification by the operator to the department, the operator has a pattern of violations or is in current violation of this part, rules adopted under this part, or provisions of a permit ~~for reclamation~~.

(4) The department may require an additional bond as a condition for the *conduct of an opencut* operation ~~of an opencut mine~~ under subsection (2).

The person may request a meeting with the department. The department shall hold a meeting if requested.

(4) *(a)* Except as provided in 75-1-208(4)(b), upon receipt of an application containing all items listed in subsections (1) and (2), the department shall, within ~~15~~ *30* days, *review the application, inspect the proposed site, and* notify the person whether or not the department believes that the application is ~~complete~~ *acceptable. (c) The department may for sufficient cause extend ~~its period of review~~ *either or both of the 30-day review periods* for an additional 30 days if it notifies the ~~person~~ *applicant* of the extension prior to the end of the *respective* original 30-day period. The department shall include in the notification of extension the reason for the extension.

(d) ~~Upon approval of~~ *If* the application *is acceptable*, the department shall issue a permit to the operator that entitles the operator to ~~continue or~~ engage in *the* opencut ~~mining~~ *operation* on the land described in the application.

If the amendment application is acceptable,* the department ~~may~~ *shall* issue an amendment to the original permit ~~covering the additional land described in the amended application without the payment of any additional fee.~~

~~(6) An operator may withdraw any land covered by a permit, except affected land, by notifying the department of the withdrawal, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of this part must be reduced proportionately~~."

Section 12. Section 82-4-433, MCA, is amended to read:

"82-4-433. Bond. (1) ~~A bond required to be filed under this part by the operator must be in a form that the department prescribes,~~ *Before a permit or permit amendment may be issued, a surety bond made* payable to the state of Montana and conditioned upon the operator's full compliance with all requirements of this part, the rules ~~of the board~~ *adopted under this part*, and the permit *must be submitted to and approved by the department*. The bond must be signed by the ~~landowner or operator, as appropriate,~~ *applicant* as principal~~,~~ and by a good and sufficient corporate surety licensed to do business in the state of Montana~~, as surety~~. ~~The bond must be in an amount not to exceed the costs of restoration required by this part as determined by the department. The amount of the bond may not be less than $200 or more than $1,000 an acre unless the department determines, in writing, that the cost of restoration of the land exceeds $1,000 an acre. Upon the cost determination, the~~ *The* bond amount must be ~~set~~ *determined* by the department at the cost of ~~restoring the~~ *reclamation of the affected* land *by the department. The applicant shall submit a bond that is no less than the amount determined by the department*.

(2) (a) For ~~opencut mining~~ *opencut* operations on federal land within the state, the department may accept a bond payable to the state of Montana and the federal agency administering the land. The bond must provide at least the same amount of financial guarantee as required by this part.

(b) The bond must provide that the department may forfeit the bond without the concurrence of the federal land management agency. The bond may provide that the federal land management agency may forfeit the bond without the concurrence of the department. Upon forfeiture by either agency, the bond must be payable to the department and may also be payable to the federal land

management agency. If the bond is payable to the department and the federal land management agency, the department, before accepting the bond, shall enter into an agreement or memorandum of understanding with the federal land management agency providing for administration of the bond funds in a manner that will allow the department to provide for compliance with the requirements of this part, the rules adopted under this part, and the permit.

(3) In lieu of ~~the~~ *submitting a surety* bond *pursuant to subsection (1)*, the operator may ~~deposit with the department~~ *submit* cash, government securities, a letter of credit in a form acceptable to the department, or a bond with property sureties in an amount equal to that of the required bond on conditions as prescribed in this part. In the discretion of the department, surety bond requirements may be fulfilled by the operator's posting a bond with land and improvements and facilities located on the land as security, in which event a surety may not be required but the department may require that the amount of the bond be adjusted to reimburse the department for foreclosure costs.

(4) The ~~penalty of the~~ bond or ~~amount of cash and securities~~ *other security* must be increased or reduced ~~from time to time~~ as provided in this part.

(5) The bond or security remains in effect until the affected land has been reclaimed as provided under the permit and the ~~reclamation has been approved and the bond or security has been released by the department~~ *department has approved the reclamation and released the bond or security*. The bond or security may cover only actual affected land and ~~may~~ *must* be increased or reduced to cover only ~~those~~ *unreclaimed* acreages ~~as remain unreclaimed~~.

~~(4)~~*(6)* If the license of a surety ~~upon~~ *that has issued* a bond filed with the department pursuant to this part is suspended or revoked, the operator, within 30 days after receiving notice of the suspension or revocation from the department, shall substitute ~~for that surety~~ a good and sufficient *bond from another* surety licensed to do business in the state *or shall submit another type of security pursuant to subsection (3)*. Upon failure of the operator to make *the bond* substitution ~~of surety~~ *within the 30-day time period*, the department ~~may~~ *shall* suspend the permit of the operator to conduct *opencut* operations upon the land described in the permit until the substitution has been made. *If the operator demonstrates in writing that the operator has been pursuing a replacement bond in good faith but additional time is necessary to complete the transaction, the department may grant up to an additional 60 days for the operator to submit a replacement bond before suspending the permit.*

~~(5) The department shall cause the reclamation of any affected land with respect to which a bond has been forfeited.~~

~~(6)~~*(7)* Whenever an operator has completed all of the *reclamation* requirements under the provisions of this part as to any affected land, the operator shall notify the department of the completed requirements *and may request bond release*. If the ~~board~~ *department* releases the operator from further obligation regarding any affected land, the ~~penalty of the~~ bond must be reduced proportionately. *The department shall notify the operator and the landowner in writing of the decision on the bond release application.*"

Section 13. Section 82-4-434, MCA, is amended to read:

"82-4-434. ~~Reclamation plan part of permit~~ *Plan of operation* — requirements. ~~The reclamation plan must meet the following requirements:~~

~~(1) The department shall submit each reclamation plan or operator-proposed amendments to the reclamation plan to the landowner for~~

~~recommendations and shall consider those recommendations in deciding whether to approve or disapprove any plan or operator-proposed amendments. The department may seek technical help from any state or federal agency.~~ *(1)* The department shall *immediately* submit ~~the~~ *a* plan *of operation received in a permit or permit amendment application involving expansion of the permit area* ~~immediately~~ to the state historic preservation office for evaluation of possible archaeological or historical values in the area to be mined.

(2) The department ~~may approve~~ *shall accept* a ~~reclamation~~ plan *of operation* ~~only~~ if the department ~~has found~~ *finds* that the plan ~~provides for the best possible reclamation under the circumstances at the time, so~~ *complies with the requirements of this part and the rules adopted pursuant to this part and* that after ~~mining operations are~~ *the opencut operation is* completed, the affected land will be reclaimed to a productive use. Once the ~~reclamation~~ plan *of operation* is accepted~~, in writing,~~ by the department, ~~the plan must become~~ *it becomes* a part of the permit but is subject to annual review and ~~modification~~ *amendment* by the department. Any ~~modification~~ *amendment* by the department must comply with the provisions of 82-4-436(2).

~~(2)~~*(3)* The department may not ~~approve a reclamation plan or~~ *accept* a plan of ~~operations~~ *operation* unless the ~~plans provide~~ *plan provides*:

(a) that the *affected* land will be reclaimed for one or more specified uses, including but not limited to forest, pasture, orchard, cropland, residence, recreation, industry, habitat for wildlife, including food, cover, or water, or other *reasonable, practical, and achievable* uses;

~~(b) that to the extent reasonable and practicable, the operator will establish vegetative cover commensurate with the proposed land use;~~

~~(c)~~*(b) that* whenever ~~operations result~~ *the opencut operation results* in a need to prevent acid drainage or sedimentation on or in adjoining lands or streams, ~~for the construction of earth dams~~ *catchments, ponds,* or other reasonable devices to control water drainage *and sediment will be constructed and maintained*, provided the ~~formation of the impoundments or~~ devices will not interfere with other landowners' rights or contribute to water pollution;

~~(d)~~*(c)* that ~~to accomplish practical utilization of~~ soil *and other suitable overburden* ~~materials, the material~~ will be salvaged and ~~utilized for placement~~ *replaced* on affected ~~areas~~ *land*, ~~if~~ *when* required ~~by the reclamation plan~~ *by the postmining land use,* after completion or termination of that particular phase of the *opencut operation* ~~mining operations, at a depth sufficient for plant growth on slopes of 3:1 or less~~. The depth of soil *and other suitable overburden* ~~materials~~ to be placed on the reclaimed area must be specified in the plan.

~~(e)~~*(d)* that grading will ~~be commensurate with the~~ *result in a postmining* topography ~~sought and~~ *conducive to the designated postmining* land use ~~designated~~;

~~(f)~~*(e)* that ~~metal and other~~ waste will be ~~removed or~~ buried *on site in a manner that protects water quality and is compatible with the postmining land use or will be disposed of off site in accordance with state laws and rules*;

~~(g)~~*(f)* that all access, haul, and other support roads will be located, constructed, and maintained in ~~such~~ a manner ~~as to control and minimize channeling and other~~ *that controls and minimizes* erosion;

~~(h) that the operator will submit a progress report annually to the department;~~

~~(i)~~*(g)* that ~~all operations~~ *the opencut operation* will be conducted to avoid range and forest fires and spontaneous combustion and that open burning ~~of carbonaceous materials~~ will be *conducted* in accordance with suitable practices for fire prevention and control~~;~~*. Approval of the plan for fire prevention and control under this part does not relieve the operator of the duty to comply with the air quality permitting and protection requirement of Title 75, chapter 2.*

~~(j)~~*(h)* that archaeological and historical values ~~in areas to be mined~~ *on affected lands* will be given appropriate protection;

~~(k)~~*(i)* that except for those ~~postmine~~ *postmining* land uses that do not require vegetation, each surface area of the mined premises that will be disturbed will be revegetated when its use for ~~extractive purposes~~ *the opencut operation* is no longer required;

~~(l)~~*(j)* that seeding and planting will be done in a manner to achieve a permanent vegetative cover that is suitable for the ~~postmine~~ *postmining* land use and that retards erosion ~~and that all seed will be drilled unless otherwise provided in the plan~~;

~~(m)~~*(k)* that reclamation will be as concurrent with ~~mining operations~~ *the opencut operation* as feasible and will be completed within a specified length of time;

~~(n)~~*(l)* that surface water and ground water will be given appropriate protection, consistent with state law, from deterioration of water quality and quantity that may arise as a result of the *opencut* operation;

~~(o)~~*(m)* that noise and visual impacts on residential areas will be minimized to the degree practicable through berms, vegetation screens, and reasonable limits on hours of operation; and

~~(p)~~*(n)* that any additional procedures*, including monitoring,* that are necessary, consistent with the purposes of this part, to prevent significant physical harm to the affected land or adjacent land, structures, improvements, or life forms will be implemented.

~~(3)~~*(4)* If reclamation according to the plan *of operation* has not been completed in the time specified, the department, after 30 days' written notice, shall order the operator to cease mining and, if the operator does not cease, may issue an order to reclaim, a notice of violation, or an order of abatement or may institute an action to enjoin further operation and may sue for damages for breach of the conditions of the permit, for payment of the performance bond, or for both.

~~(4)~~*(5)* (a) At any time during the term of the permit, the operator may for good reason submit to the department a new ~~reclamation~~ plan *of operation* or amendments to the existing plan, including extensions of time *for reclamation*.

(b) The department may approve the proposed new ~~reclamation~~ plan *of operation* or amendments to the existing plan if:

(i) *the new plan of operation or amendments comply with the requirements of this section; and*

(ii) (A) the operator has in good faith ~~carried on reclamation~~ *conducted opencut operations* according to the existing plan *of operation* ~~and the proposed new plan or amendments to the existing plan will result in reclamation as or more desirable than the reclamation proposed under the existing plan~~; or

~~(ii)~~*(B)* it is highly improbable *that* reclamation will be successful unless the existing plan *of operation* is replaced or amended.

~~(c) When accepted, the proposed new reclamation plan or the proposed amendments to the existing plan become a part of the permit.~~

~~(5) The operator shall provide a performance bond or an alternative acceptable to the department in an amount commensurate with the estimated cost of reclamation, but in no case may the bond be less than $200 an acre. The estimated cost of reclamation must be set forth in the reclamation plan.~~

(6) The permit, ~~reclamation~~ plan *of operation*, and amendments accepted by the department are a public record and are open to inspection.

~~(7) The permit is effective when signed by the department and the operator and remains in force until terminated by mutual consent or by the department upon 6 months' notice.~~"

Section 14. Section 82-4-436, MCA, is amended to read:

"82-4-436. Plan amendments ~~— venue~~ *by department.* (1) Unless an amendment to a plan of operation~~, reclamation plan,~~ or ~~other~~ permit is proposed by the operator, the department may ~~modify~~ *amend* only the terms of a plan or permit in compliance with this section.

(2) If the department believes, based on credible evidence, that *a* continued *opencut* operation under the terms of an existing plan *of operation* or permit would violate a substantive numerical or narrative state standard or regulation or otherwise violate a purpose of this part, it may propose to the operator an amendment to the plan or permit.

(3) The department shall notify the operator of the proposed amendment in writing. The notice must include:

(a) an identification of the existing plan or permit;

(b) the justification for the amendment, including all test results or other credible evidence that the department relied on in proposing the amendment; and

(c) the text*, maps, drawings, and other appropriate information that constitute* ~~of~~ the proposed amendment.

(4) The operator may, within 15 days of receipt of the department's amendment notice, request a review of the amendment by the department director. The amendment is not effective or enforceable until 15 days following the issuance of the department's amendment notice or*, if a review by the director is requested,* until *15 days* after the ~~department~~ director affirms or modifies the amendment ~~if a review by the director is requested~~. A decision by the department director is subject to the contested case provisions *in 82-4-427* ~~of the Montana Administrative Procedure Act, provided for in Title 2, chapter 4, parts 6 and 7~~.

(5) If the operator ~~does not appeal~~ *requests a hearing on* the proposed amendment, the amendment ~~becomes~~ *is not* effective and enforceable ~~15 days after the operator receives the notification~~ *until completion of the contested case process*.

~~(6) An action to challenge the issuance of an amendment pursuant to this section must be brought in the county in which the activity is proposed to occur. If an activity is proposed to occur in more than one county, the action may be brought in any of the counties in which the activity is proposed to occur.~~

~~(7) A judicial challenge to an amendment issued pursuant to this section by a party other than the amendment holder or applicant must include the party to whom the amendment was issued unless otherwise agreed to by the amendment holder or applicant. All judicial challenges of amendments for projects with a project cost, as determined by the court, of more than $1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action.~~"

Section 15. Section 82-4-441, MCA, is amended to read:

"82-4-441. Administrative and judicial penalties — enforcement. (1) When the department has reason to believe that a person is in violation of this part, a rule adopted or an order issued under this part, or a term or condition of a permit issued under this part, it shall send a violation letter to the person. The violation letter must describe the provision of the statute, rule, order, or permit alleged to be violated and the facts alleged to constitute the violation. The letter must also recommend corrective actions that are necessary to return to compliance. Issuance of a violation letter under this subsection does not limit the authority of the department under this part to bring a judicial action for penalties or injunctive relief or to initiate an administrative enforcement action.

(2) By issuance of an order pursuant to subsection (5), the department may assess against a person who violates any of the provisions of this part, rules adopted or orders issued under this part, or provisions of a ~~reclamation~~ permit:

(a) an administrative penalty of not less than $100 or more than $1,000 for the violation; and

(b) an additional administrative penalty of not less than $100 or more than $1,000 for each day during which a violation continues.

(3) The department may bring a judicial action seeking a penalty of not more than $5,000 against a person who violates any of the provisions of this part, rules adopted or orders issued under this part, or provisions of a permit and a penalty of not more than $5,000 for each day that the violation continues. In determining the amount of the penalty, the district court shall consider the factors in subsection (4).

(4) Penalties assessed under this section must be determined in accordance with the penalty factors in 82-4-1001.

(5) (a) In addition to the violation letter sent pursuant to subsection (1), the department may also issue an order if it has credible information that a violation listed in subsection (2) has occurred. The order must specify the provision of the part, rule, order, or permit alleged to be violated and the facts alleged to constitute the violation. The order may require necessary corrective action within a reasonable period of time, may assess an administrative penalty determined in accordance with this section, or both. The order must be served personally or by certified mail.

(b) An order issued pursuant to subsection (5)(a) becomes final unless, within 30 days after the order is served, the person to whom the order is issued submits to the board a written request for a hearing stating the reason for the request. Service of an order by mail is complete 3 business days after mailing. If a request for a hearing is filed, a hearing must be held within a reasonable time under the contested case provisions of the Montana Administrative Procedure

Act, Title 2, chapter 4, part 6. After a hearing, the board shall affirm, modify, or rescind the order.

(6) The department may bring an action to enjoin an operator or other person violating or threatening to violate this part, rules adopted pursuant to this part, or a permit issued pursuant to this part. Actions for injunctions or penalties must be filed in the district court of the county in which the opencut ~~mine~~ *operation* is located or, if mutually agreed on by both parties in the action, in the first judicial district, Lewis and Clark County.

(7) The provisions of this section do not limit the authority of the department to bring a judicial action for penalties or injunctive relief prior to or instead of initiating an administrative enforcement action under this part."

Section 16. Suspension and revocation orders. (1) (a) The department may, after affording the operator an opportunity for an informal conference, order the suspension of a permit if:

(i) the operator fails to comply with a penalty order or a corrective action order issued pursuant to 82-4-441; or

(ii) the operator has violated this part, a rule adopted pursuant to this part, or the permit and the violation could reasonably be expected to create a danger to the health or safety of persons outside the permit area or significant environmental harm to land, air, or water. The order of suspension must be served on the operator personally or by certified mail addressed to the permanent address shown on the most recently filed annual report. The order of suspension must specify the provision of this part, the rules adopted under this part, or the permit violated and the facts alleged to constitute the violation and must, if the violation has not been corrected, order corrective action within a specified time period.

(b) The department may order immediate suspension of a permit whenever it finds that a violation of this part, the rules adopted under this part, or a permit is creating an imminent danger to the health or safety of persons outside the permit area. The order must require immediate corrective action.

(c) The operator upon whom an order is served may file a request for hearing with the board within 30 days of service of the order. The request for hearing must specify the reason for the request. The filing of a request for hearing on an order issued does not stay the suspension or corrective action requirement, but the board may, upon written request of the operator, stay either or both of these requirements.

(2) If the operator has not complied with the requirements set forth in the order of suspension within the time limits set in the order, the permit may be revoked by order of the department and the performance bond forfeited to the department. The operator may request a hearing before the board by submitting a written request stating the reason for the request to the board within 30 days after service of the order. If a hearing is requested within the 30-day period, the permit may not be revoked and the bond may not be forfeited until the board makes a final decision.

(3) If an operator fails to file the report required under [section 1], the department shall serve personally or by certified mail a notice letter informing the operator of the failure. If the operator does not file the report within 30 days of receipt of the letter, the department may issue a penalty order pursuant to 82-4-441 or a suspension order pursuant to this section. If the permit has been suspended, the department shall reinstate the permit upon compliance.

(4) Maintenance, monitoring, reporting, reclamation, and other activities required by statute, rule, or the permit and intended to protect public health or safety or the environment must continue during any period of suspension unless otherwise provided in the order.

Section 17. Codification instruction. [Sections 1 and 16] are intended to be codified as an integral part of Title 82, chapter 4, part 4, and the provisions of Title 82, chapter 4, part 4, apply to [sections 1 and 16].

Section 18. Repealer. Sections 82-4-421 and 82-4-423, MCA, are repealed.

notification of the defects, the priority date of the application is the date the application is made correct and complete.

(7) An application not corrected or completed within 90 days from the date of notification of the defects is terminated."

Section 3. Section 85-2-311, MCA, is amended to read:

"85-2-311. Criteria for issuance of permit. (1) A permit may be issued under this part prior to the adjudication of existing water rights in a source of supply. In a permit proceeding under this part, there is no presumption that an applicant for a permit cannot meet the statutory criteria of this section prior to the adjudication of existing water rights pursuant to this chapter. In making a determination under this section, the department may not alter the terms and conditions of an existing water right or an issued certificate, permit, or state water reservation. Except as provided in subsections (3) and (4), the department shall issue a permit if the applicant proves by a preponderance of evidence that the following criteria are met:

(a) (i) there is water physically available at the proposed point of diversion in the amount that the applicant seeks to appropriate; and

(ii) water can reasonably be considered legally available during the period in which the applicant seeks to appropriate, in the amount requested, based on the records of the department and other evidence provided to the department. Legal availability is determined using an analysis involving the following factors:

(A) identification of physical water availability;

(B) identification of existing legal demands on the source of supply throughout the area of potential impact by the proposed use; and

(C) analysis of the evidence on physical water availability and the existing legal demands, including but not limited to a comparison of the physical water supply at the proposed point of diversion with the existing legal demands on the supply of water.

(b) the water rights of a prior appropriator under an existing water right, a certificate, a permit, or a state water reservation will not be adversely affected. In this subsection (1)(b), adverse effect must be determined based on a consideration of an applicant's plan for the exercise of the permit that demonstrates that the applicant's use of the water will be controlled so the water right of a prior appropriator will be satisfied;

(c) the proposed means of diversion, construction, and operation of the appropriation works are adequate;

(d) the proposed use of water is a beneficial use;

(e) the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use;

(f) the water quality of a prior appropriator will not be adversely affected;

(g) the proposed use will be substantially in accordance with the classification of water set for the source of supply pursuant to 75-5-301(1); and

(h) the ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(2) The applicant is required to prove that the criteria in subsections (1)(f) through (1)(h) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (1)(f), (1)(g), or (1)(h), as applicable, may not be met. For the criteria set forth in subsection (1)(g), only the department of environmental quality or a local water quality district established under Title 7, chapter 13, part 45, may file a valid objection.

(3) The department may not issue a permit for an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the applicant proves by clear and convincing evidence that:

(a) the criteria in subsection (1) are met;

(b) the proposed appropriation is a reasonable use. A finding must be based on a consideration of the following:

(i) the existing demands on the state water supply, as well as projected demands, such as reservations of water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing beneficial uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(4) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the criteria in this subsection (4) must be met before out-of-state use may occur.

(b) The department may not issue a permit for the appropriation of water for withdrawal and transportation for use outside the state unless the applicant proves by clear and convincing evidence that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (1) or (3) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (4)(b)(ii) and (4)(b)(iii) are met, the department shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a permit or a lease to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, and use of water.

(5) ~~To~~ *Subject to [section 14], to* meet the preponderance of evidence standard in this section, the applicant, in addition to other evidence demonstrating that the criteria of subsection (1) have been met, shall submit hydrologic or other evidence, including but not limited to water supply data, field reports, and other information developed by the applicant, the department, the U.S. geological survey, or the U.S. natural resources conservation service and other specific field studies.

(6) An appropriation, diversion, impoundment, use, restraint, or attempted appropriation, diversion, impoundment, use, or restraint contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized appropriation, diversion, impoundment, use, or other restraint. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to appropriate, divert, impound, use, or otherwise restrain or control waters within the boundaries of this state except in accordance with this section.

(7) The department may adopt rules to implement the provisions of this section.

(8) For an application for ground water in a basin closed pursuant to 85-2-330, 85-2-336, 85-2-341, 85-2-343, or 85-2-344 or during the period of closure for any basin that is administratively closed pursuant to 85-2-319, the applicant shall comply with the provisions of [section 14] in addition to the requirements of this section."

Section 13. Section 85-2-506, MCA, is amended to read:

"85-2-506. Controlled ground water areas — designation or modification. (1) The department may designate or modify controlled ground water areas as provided in this part.

(2) Designation or modification of an area of controlled ground water use may be proposed to the department on its own motion, by petition of a state or local public health agency for identified public health risks, or by petition signed by at least 20 or one-fourth of the users, ~~(~~whichever is the lesser number~~)~~, of ground water in a ground water area in which there are alleged to be facts showing *that*:

(a) ~~that~~ ground water withdrawals are in excess of recharge to the aquifer or aquifers within the ground water area;

(b) ~~that~~ excessive ground water withdrawals are very likely to occur in the near future because of consistent and significant increases in withdrawals from within the ground water area;

(c) ~~that~~ significant disputes regarding priority of rights, amounts of ground water in use by appropriators, or priority of type of use are in progress within the ground water area;

(d) ~~that~~ ground water levels or pressures in the area in question are declining or have declined excessively;

(e) ~~that~~ excessive ground water withdrawals would cause contaminant migration;

(f) ~~that~~ ground water withdrawals adversely affecting ground water quality within the ground water area are occurring or are likely to occur; or

(g) ~~that~~ water quality within the ground water area is not suited for a specific beneficial use defined by ~~85-2-102(2)(a)~~ *85-2-102(4)(a)*.

(3) When a proposal is made, the department shall fix a time and place for a hearing, which ~~time~~ may not be less than 90 days from the making of the proposal. The place for the hearing must be within or as close as practical to the controlled ground water area.

(4) The department shall publish a notice of the hearing, setting forth:

(a) the names of the petitioners;

(b) the description by legal subdivisions (section, township, range) of all lands included in or proposed to be included in the ground water area or subarea;

(c) the purpose of the hearing; and

(d) the time and place of the hearing where any interested person may appear, either in person or by attorney, file written objections to the granting of the proposal, and be fully heard.

(5) *(a)* The notice of hearing must be published at least once ~~in~~ each week for 3 successive weeks not less than 30 days before the date of the hearing in a newspaper of general circulation in the county or counties in which the ground water area or subarea is located. The department shall also cause a copy of the notice, together with a copy of the petition, to be served by mail, not less than 30 days before the hearing, upon*:*

(i) each well driller licensed in Montana whose address is within any county in which any part of the area in question is located; ~~upon~~

(ii) each person or public agency known from an examination of the records in the department's office to be a claimant or appropriator of ground water in the area in question ~~(claimant or appropriator meaning one who diverts, impounds, or withdraws ground water and not merely one who uses or obtains ground water from another who diverts, impounds, or withdraws ground water)~~; ~~upon~~

(iii) the bureau; and ~~upon~~

(iv) the mayor or presiding officer of the governing body of each incorporated municipality located in whole or in part within the proposed ground water area.

(b) The department may also serve notice upon any other person or state or federal agency that the department feels may be interested in or affected by the proposed designation or modification of a controlled ground water area. The petition need not be served on any petitioner. A copy of the notice, together with

a copy of the proposal, must be mailed to each person at the person's last-known address, and service is complete upon depositing it in the post office, postage prepaid, addressed to each person on whom it is to be served. Publication and mailing of the notice as prescribed in this section, when completed, is considered to be sufficient notice of the hearing to all interested persons.

(c) As used in subsection (5)(a), "claimant or appropriator" means a person who diverts, impounds, or withdraws ground water and not merely a person who uses or obtains ground water from another person who diverts, impounds, or withdraws ground water."

Section 14. Ground water appropriation right in closed basins. (1) An application for a ground water appropriation right in a basin closed pursuant to 85-2-330, 85-2-336, 85-2-341, 85-2-343, or 85-2-344 or administratively closed pursuant to 85-2-319 must be accompanied by a hydrogeologic assessment that has been conducted pursuant to [section 15] to predict whether the proposed appropriation right will result in a net depletion of surface water and must be accompanied by a plan as provided in [section 16], if necessary.

(2) If the hydrogeologic assessment conducted pursuant to [section 15] predicts that the proposed appropriation right will not result in a net depletion of surface water, the department shall proceed under the criteria provided in 85-2-311.

(3) (a) If the hydrogeologic assessment predicts that the proposed appropriation right will result in a net depletion of surface water, the applicant shall analyze whether the net depletion results in an adverse effect on a prior appropriator. If the applicant provides a correct and complete application, the department shall proceed to process the application as provided in [section 17].

(b) If the applicant has used the water for the purpose of conducting the hydrogeologic assessment, the applicant shall terminate the use of the water. Failure to terminate use of the water must result in a fine of not more than $1,000 for each day of the violation.

(4) If the hydrogeologic assessment predicts that there will be net depletion as provided in subsection (3)(a), the department may proceed to process the application pursuant to [section 17] if, in addition to other applicable criteria, the applicant complies with [section 16].

(5) For the purposes of [sections 14 through 16], the prediction of net depletion does not mean that an adverse effect on a prior appropriator will occur or if an adverse effect does occur that the entire amount of net depletion is the cause of the adverse effect. A determination of whether or not there is an adverse effect on a prior appropriator as the result of a new appropriation right is a determination that must be made by the department based on the amount, location, and duration of the amount of net depletion that causes the adverse effect relative to the historic beneficial use of the appropriation right that may be adversely affected.

(6) The priority date for an appropriation right that is granted to an entity whose permit application was returned after April 11, 2006, and before [the effective date of this act] because of the department's interpretation of a court decision is the date of the initial application to the department.

Section 15. Hydrogeologic assessment — definition — minimum requirements. (1) (a) For the purposes of [sections 14 through 16], "hydrogeologic assessment" means a report for the project for or through which water will be put to beneficial use, the point of diversion, and the place of use

that describes the geology, hydrogeologic environment, water quality with regard to the provisions of [sections 18 and 19], and predicted net depletion, if any, including the timing of any net depletion, for surface water within the area described in subsection (2)(a)(i) within the closed basins that are subject to an appropriation right, including but not limited to rivers, streams, irrigation canals, or drains that might be affected by the new appropriation right and any predicted water quality changes that may result.

(b) In predicting net depletion of surface water from a proposed use, consideration must be given, at a minimum, to:

(i) the actual amount diverted for like beneficial uses;

(ii) any amounts that will likely be lost in conveyance, if any, and whether any lost amounts are lost to the system through evaporation or other means or whether those amounts are returned to the system through percolation or other means; and

(iii) any return flows from the proposed use, including but not limited to any treated wastewater return flows if the treated wastewater that is considered effluent meets the requirements of [sections 18 and 19].

(2) (a) A hydrogeologic assessment that will be used to predict net depletion of surface water resulting from a new appropriation right must include hydrogeologic data or a model developed by a hydrogeologist, a qualified scientist, or a qualified licensed professional engineer that incorporates for the new appropriation:

(i) the area or estimated area of ground water that will be affected not to exceed the boundaries of the drainage subdivisions established by the office of water data coordination, United States geological survey, and used by the water court, unless the applicant chooses to expand the boundaries;

(ii) the geology in the area identified in subsection (2)(a)(i), including stratigraphy and structure;

(iii) the parameters of the aquifer system within the area identified in subsection (2)(a)(i) to include, at a minimum, estimates for:

(A) the lateral and vertical extent of the aquifer;

(B) whether the aquifer is confined or unconfined;

(C) the effective hydraulic conductivity of the aquifer;

(D) transmissivity and storage coefficient related to the aquifer; and

(E) the estimated flow direction or directions of ground water and the rate of movement;

(iv) the locations of surface waters within the area described in subsection (2)(a)(i) that are subject to an appropriation right, including but not limited to springs, creeks, streams, or rivers that may or may not show a net depletion;

(v) evidence of water availability; and

(vi) the locations of all wells or other sources of ground water of record within the area identified in subsection (2)(a)(i).

(b) A hydrogeologic assessment must also include a water quality report that includes:

(i) the location of existing documented hazards that could be affected or exacerbated by the appropriation right, such as areas of subsidence, along with a plan to mitigate any conditions or impacts;

(ii) other water quality information necessary to comply with [sections 18 and 19]; and

(iii) a description of any water treatment method that will be used at the time of any type of injection or introduction of water to the aquifer to ensure compliance with [sections 18 and 19] and the water quality laws under Title 75, chapter 5.

(3) The hydrogeologic assessment must include an analysis of whether the information required by subsection (2) predicts that there may be a net depletion of surface water in the area described in subsection (2)(a)(i) and the extent of the depletion, if any.

(4) The hydrogeologic assessment, the model if provided, the test well data, the monitoring well data, and other related information must be submitted to the department. The department shall submit this information to the bureau of mines and geology. The bureau of mines and geology shall ensure that information submitted pursuant to this section is entered into the ground water information center database as part of the ground water assessment program.

(5) An entity that has previously conducted some type of hydrogeologic assessment may submit the information from that assessment as the hydrogeologic assessment required by this section if the information meets the criteria and requirements of this section.

Section 16. Aquifer recharge or mitigation plans in closed basins — minimum requirements. (1) An applicant whose hydrogeologic assessment conducted pursuant to [section 15] predicts that there will be a net depletion of surface water shall offset the net depletion that results in the adverse effect through a mitigation plan or an aquifer recharge plan.

(2) A mitigation plan must include:

(a) where and how the water in the plan will be put to beneficial use;

(b) when and where, generally, water reallocated through exchange or substitution will be required;

(c) the amount of water reallocated through exchange or substitution that is required;

(d) how the proposed project or beneficial use for which the mitigation plan is required will be operated;

(e) evidence that an application for a change in appropriation right, if necessary, has been submitted;

(f) evidence of water availability; and

(g) evidence of how the mitigation plan will offset the required amount of net depletion of surface water in a manner that will offset an adverse effect on a prior appropriator.

(3) An aquifer recharge plan must include:

(a) evidence that the appropriate water quality related permits have been granted pursuant to Title 75, chapter 5, and pursuant to [sections 18 and 19];

(b) where and how the water in the plan will be put to beneficial use;

(c) when and where, generally, water reallocated through exchange or substitution will be required;

(d) the amount of water reallocated through exchange or substitution that is required;

(e) how the proposed project or beneficial use for which the aquifer recharge plan is required will be operated;

(f) evidence that an application for a change in appropriation right, if necessary, has been submitted;

(g) a description of the process by which water will be reintroduced to the aquifer;

(h) evidence of water availability; and

(i) evidence of how the aquifer recharge plan will offset the required amount of net depletion of surface water in a manner that will offset any adverse effect on a prior appropriator.

(4) The department may not require an applicant, through a mitigation plan or an aquifer recharge plan, to provide more water than the quantity needed to offset the adverse effects on a prior appropriator caused by the net depletion.

(5) An appropriation right that relies on a mitigation plan or aquifer recharge plan to offset net depletion of surface water that results in an adverse effect on a prior appropriator must be issued as a conditional permit that requires that the mitigation plan or aquifer recharge plan must be exercised when the appropriation right is exercised.

Section 17. Process for combining decisions on ground water permit applications in closed basins. (1) An applicant for a permit to appropriate ground water in a closed basin shall submit to the department a combined application consisting of a hydrogeologic assessment with an analysis of net depletion, a mitigation plan or aquifer recharge plan if required, an application for a beneficial water use permit or permits, and an application for a change in appropriation right or rights if necessary.

(2) The department shall review the application to determine if it is correct and complete under the process and requirements of 85-2-302.

(3) (a) Once an application has been determined to be correct and complete, the department shall prepare a notice and publish it as provided under 85-2-307.

(b) If no valid objection to the application is filed and the applicant proves that the criteria of 85-2-311 or 85-2-402, if necessary, have been satisfied, the application must be granted or approved in a modified form or upon terms, conditions, or limitations specified by the department.

(c) If no valid objection to the application is filed and the applicant has not proved that the criteria of 85-2-311 or 85-2-402, if necessary, have been satisfied, the application must be denied.

(d) If a valid objection to the application is filed, the department shall proceed to process the application pursuant to 85-2-308 through 85-2-311. If the applicant satisfies the criteria of 85-2-311 or 85-2-402, if necessary, and proves by a preponderance of the evidence that net depletion, if any, will not adversely affect a prior appropriator based on the applicant's mitigation plan or aquifer recharge plan, the department shall issue the permit.

Section 18. Department permit coordination — requirements for aquifer recharge plans. To ensure that the department and the department of environmental quality are coordinating their respective permitting activities:

(1) an applicant for a new appropriation right pursuant to [section 14] that involves aquifer recharge shall provide the department with a copy of a relevant discharge permit if necessary; and

(2) the department may not grant a new appropriation right pursuant to [section 14] that involves aquifer recharge until the discharge permit, if necessary, has been obtained and presented to the department.

Section 19. Water quality of return flows and discharges associated with aquifer recharge plan — minimum requirements. (1) A person who proposes to use sewage from a system requiring a water quality permit for the purposes of aquifer recharge pursuant to [section 16] or plans to use sewage from a system requiring a water quality permit as a return flow to minimize the amount of water necessary to offset adverse effects resulting from net depletion of surface water through an aquifer recharge plan pursuant to [section 16] must obtain a current permit pursuant to this chapter.

(2) The minimum treatment requirements for sewage systems subject to this section are the federal requirements provided for in 40 CFR 133, and the system must meet, at a minimum, the requirements of level two treatment for the removal of nitrogen in the effluent.

(3) In addition to the minimum treatment requirements of subsection (2), sewage systems subject to this section that are used for aquifer injection must meet the more stringent of either primary drinking water standards pursuant to Title 75, chapter 6, or the nondegradation requirements pursuant to 75-5-303 at the point of discharge.

(4) The appropriate interim legislative committee shall review drinking water standards and effluent treatment standards in other jurisdictions and recommend appropriate treatment standards for purposes of aquifer recharge and mitigation.

(5) For the purposes of this section, "aquifer injection" means the use of a well to inject water directly into an aquifer system without filtration through the geologic materials overlying the aquifer system for the purpose of aquifer recharge or for an aquifer storage and recovery project.

Section 20. Aquifer storage and recovery projects in closed basins. (1) An aquifer storage and recovery project may be authorized in a closed basin.

(2) In addition to the criteria provided in Title 85, chapter 2, part 3, and 85-2-402, an aquifer storage and recovery project must meet the requirements provided in [sections 14 through 19].

Section 21. Aquifer testing, test well, or monitoring well data submission — not beneficial use. (1) All aquifer testing data and other related information from test wells, monitoring wells, or other sources that is collected for the purpose of obtaining a new appropriation right or a change in appropriation right pursuant to [sections 14 through 16] must be submitted to the department and the bureau of mines and geology in a form prescribed by the department and the bureau of mines and geology. The bureau of mines and geology shall ensure that information submitted pursuant to this section is entered into the ground water information center database as part of the ground water assessment program.

(2) (a) Water testing or monitoring is not a beneficial use of water requiring the filing of a permit application.

(b) A permit is not required if the intent of a person is to conduct aquifer tests, water quality tests, water level monitoring, or other testing or monitoring of a water source.

Section 22. Rulemaking. The department may adopt rules to implement the provisions of [sections 14 through 18, 19, and 20]. The rules must be oriented toward the protection of existing rights from adverse effects from net depletions caused by new appropriation rights or changes in appropriation rights in closed basins and must be consistent with and not exceed the requirements of [sections 14 through 18, 19, and 20].

Section 23. Closed basin case study. (1) (a) The Montana bureau of mines and geology, provided for in 20-25-211, shall review, assess for scientific accuracy, and compile and summarize ground water studies that have been conducted in the last 20 years in closed basins or subbasins in Montana that may have a bearing on better understanding the water balance in these basins with respect to potential ground water withdrawal impacts on surface water. The bureau of mines and geology shall also study the extent to which ground water withdrawals may result in net depletion of surface water in a closed basin or in specific areas of a closed basin.

(b) After compilation of the information, the bureau of mines and geology shall present recommendations to the appropriate legislative interim committee regarding any additional studies that would help to assess the water balance in closed basins or subbasins with respect to potential ground water withdrawal impacts on surface waters.

(2) The bureau of mines and geology shall conduct a case study to gather and develop data to determine the adequacy of any additional recommended minimum standards and criteria for hydrogeologic assessments, as defined in [section 15], associated with ground water withdrawals and the range of impacts of those withdrawals on surface water and ground water resources. The department of natural resources and conservation shall coordinate with the bureau of mines and geology with regard to surface water monitoring and other elements of the case study as necessary.

(3) The case study must be conducted in basins closed pursuant to sections 85-2-330, 85-2-336, 85-2-341, 85-2-343, or 85-2-344. The bureau of mines and geology shall ensure that at each site involved in the case study the following, at a minimum, is accomplished to provide the necessary scientific data and information to policymakers:

(a) an appropriate number of monitoring wells are drilled or available to provide scientifically defensible data;

(b) aquifer testing and recovery testing is conducted at the site;

(c) water quality samples are collected from each pumping or primary well at the beginning of the case study and at the end of the case study;

(d) if information or data has already been collected for the site, the information is reviewed, analyzed, and verified by the bureau of mines and geology;

(e) if the site has an established system, that the established system is monitored under its current or planned operating conditions; and

(f) any other information is collected that the bureau of mines and geology determines is necessary to determine recommendations for additional minimum standards and criteria for hydrogeologic assessments, as defined in

[section 15], associated with ground water withdrawals and the range of impacts those withdrawals have on surface water and ground water resources.

(4) In addition to the requirements of subsection (3), the bureau of mines and geology shall develop a system to compile existing aquifer testing data, as well as data resulting from hydrogeologic assessments, as defined in [section 15], and monitoring activities.

(5) The department of natural resources and conservation shall coordinate with the bureau of mines and geology to provide surface water measurements, as appropriate, when a well located at a case study site is pumped.

(6) The bureau of mines and geology shall:

(a) provide updates to the appropriate legislative interim committee throughout the interim related to the progress of the review pursuant to subsection (1) and the case study pursuant to subsections (2) through (5), data trends, if any, and other information necessary to assist the legislative interim committee in developing any necessary policy recommendations;

(b) upon request, provide updates to the ground water assessment steering committee provided for in 2-15-1523; and

(c) submit a report to the appropriate legislative interim committee and the 61st legislature providing a detailed analysis of the results of the review and case study.

Section 24. Case study — requirements for participation — fee. (1)(a) Participants in the case study that are proposing a new ground water appropriation are subject to the requirements of [sections 14 through 21].

(b) Up to a maximum of 10 sites that are the result of a new appropriation or a change in appropriation right may be included in the case study provided for in [section 23]. If there are more than 10 entities wishing to participate in the case study, the bureau of mines and geology shall select participants to ensure that to the extent possible each closed basin is represented and as many different scenarios are represented as necessary to ensure a scientifically accurate analysis.

(c) If there are fewer than 10 entities wishing to participate or if there is a scenario that is not represented by case study participants that is necessary to ensure a scientifically accurate analysis, the bureau of mines and geology may request cooperation and participation from entities that hold appropriation rights for wells within closed basins.

(d) Entities that had an application pending with the department of natural resources and conservation on April 11, 2006, must be given the option to participate in the case study before the bureau accepts other requests for participation.

(2) The bureau of mines and geology, in cooperation with the appropriate legislative interim committee, shall notify each of the entities described in subsection (1)(d), in writing, of the opportunity to participate in the case study and the requirements for participation.

(3) To participate in the case study, a participant shall agree:

(a) that the use of a ground water well in accordance with an application submitted pursuant to [section 14] does not grant or give the participant an appropriation right;

(b) to allow the installation of monitoring wells and shall allow access for monitoring and review purposes;

(c) if monitoring or test wells exist at the site, to allow the bureau of mines and geology access to those wells for monitoring and review purposes;

(d) to allow for the measurement of pumping at the primary pumping well, including any plumbing requirements necessary to ensure an accurate analysis of pumping records and of the impacts, if any, resulting from pumping of the well;

(e) that the participant is responsible for costs associated with drilling the primary pumping well, maintenance associated with the well, and other costs reasonably related to the normal operation of a pumping well in the absence of the case study; and

(f) to pay a fee of $15.

Section 25. Appropriation. There is appropriated from the general fund $500,000 to the Montana bureau of mines and geology only for the biennium beginning July 1, 2007, for the purpose of conducting a case study in coordination with the department of natural resources and conservation to gather and develop data to determine minimum standards and criteria for hydrogeologic assessments, as defined in [section 15], associated with ground water withdrawals and the impacts of those withdrawals on surface water and ground water resources.

Section 26. Direction for amendment of rule. Pursuant to 2-4-412(2), the department shall:

(1) amend ARM 36.12.101 by striking subsection (8); and

(2) amend ARM 36.12.120 by striking subsections (6) through (10).

Section 27. Repealer. Section 85-2-337, MCA, is repealed.

Section 28. Codification instruction. (1) [Sections 14 through 18 and 20 through 22] are intended to be codified as an integral part of Title 85, chapter 2, part 3, and the provisions of Title 85, chapter 2, part 3, apply to [sections 14 through 18 and 20 through 22].

(2) [Section 19] is intended to be codified as an integral part of Title 75, chapter 5, part 4, and the provisions of Title 75, chapter 5, part 4, apply to [section 19].

Section 29. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 30. Effective date. [This act] is effective on passage and approval.

Section 31. Applicability. [This act] applies to applications for an appropriation right in a closed basin filed on or after [the effective date of this act].

CHAPTER NO. 392

[HB 840]

AN ACT ALLOWING FOR GENERIC SPECIALTY LICENSE PLATES FOR TRAILERS; ALLOWING FOR PERMANENT REGISTRATION USING CERTAIN SPECIALTY PLATES; AMENDING SECTIONS 61-3-332, 61-3-479, 61-3-481, AND 61-3-562, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-3-332, MCA, is amended to read:

"61-3-332. Standard license plates. (1) In addition to special license plates, collegiate license plates, generic specialty license plates, and fleet license plates authorized under this chapter, a separate series of standard license plates must be issued for motor vehicles, quadricycles, travel trailers, trailers, semitrailers, and pole trailers registered in this state or offered for sale by a vehicle dealer licensed in this state. Standard license plates issued to licensed vehicle dealers must be readily distinguishable from license plates issued to vehicles owned by other persons.

(2) (a) Except as provided in 61-3-479 and subsections (2)(b), (3)(c), and (3)(d) of this section, all standard license plates for motor vehicles, trailers, semitrailers, or pole trailers must be issued for a minimum period of 4 years, bear a distinctive marking, as determined by the department, and be furnished by the department. In years when standard license plates are not issued, the department shall provide a registration decal that must be affixed to the rear license plate of the vehicle.

(b) For light vehicles that are permanently registered as provided in 61-3-562 and motor vehicles described in 61-3-303(9) that are permanently registered, the department shall provide a distinctive registration decal indicating that the motor vehicle is permanently registered. The registration decal must be affixed to the rear license plate of the permanently registered motor vehicle.

(3) (a) Subject to the provisions of this section, the department shall create a new design for standard license plates as provided in this section, and it shall manufacture the newly designed standard license plates for issuance after December 31, 2005, to replace at renewal, as required in 61-3-312, standard license plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2006, the department shall manufacture and issue new standard license plates after the existing plates have been used for a minimum period of 4 years.

(c) A motor vehicle that is registered for a 13-month to a 24-month period, as provided in 61-3-311 and 61-3-321(2), may display the license plate and plate design in effect at the time of registration for the entire registration period.

(d) A light vehicle described in subsection (2)(b) or a motor home that is permanently registered may display the license plate and plate design in effect at the time of registration for the entire period that the light vehicle or motor home is permanently registered.

(4) For ~~passenger~~ *trailers and* motor vehicles*,* ~~and trucks,~~ *other than motorcycles and quadricycles,* plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the

state of Montana must be used as a distinctive border on all license plates, and the word "Montana" must be placed on each license plate. All license plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers for standard license plates must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, generic specialty license plates, and fleet license plates, the distinctive registration number or letter-number combination assigned to the motor vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles, trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in addition to the markings provided in this section, standard license plates must bear the following distinctive markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for motor vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the standard license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles, trailers, semitrailers, or pole trailers of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

(7) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon,

39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they are formed, beginning with the number 57.

(8) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a motor vehicle, trailer, semitrailer, or pole trailer owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the motor vehicle, trailer, semitrailer, or pole trailer, and must be removed upon sale or other disposition of the motor vehicle, trailer, semitrailer, or pole trailer.

(9) (a) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability.

(b) If the motor vehicle to which the license plate is attached is permanently registered, the owner of the motor vehicle shall provide, upon request of a person authorized to enforce special parking laws or ordinances in this or any state, evidence of continued eligibility to use the license plate in the form of a valid special parking permit issued to or renewed by the vehicle owner under 49-4-304 and 49-4-305.

(c) A person with a permanent condition, as provided in 49-4-301(2)(b), who has been issued a special license plate upon written application, as provided in this subsection (9), is not required to reapply upon reregistration of the motor vehicle.

(10) The provisions of this section do not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

Section 2. Section 61-3-479, MCA, is amended to read:

"61-3-479. Issuance of generic specialty license plates — qualifications. (1) (a) Except as provided in subsection (1)(b), the department shall issue a set of generic specialty license plates to a person who applies for a particular style of generic specialty license plates and pays the donation fee established by the plate sponsor and the administrative fee required in 61-3-480.

(b) If the sponsor of a generic specialty license plate is not listed on the county collection report published by the state and required under 15-1-504 as of the initial distribution date for the sale of the sponsor's plates, the department shall require the sponsor to collect the initial donation fee from, and issue a special certificate of registration to, a person who is eligible to receive the sponsor's generic specialty license plates. The person shall present the special certificate of registration upon application for the generic specialty license plates.

(2) A set of generic specialty license plates may be issued for any motor vehicle except ~~a trailer of any size,~~ a motorcycle~~,~~ or a quadricycle.

(3) (a) Except as provided in 61-3-472 through 61-3-481 and 61-3-562, a person who receives generic specialty license plates is subject to the same rules and laws as those that govern standard license plates.

(b) Except as provided in 61-3-472 through 61-3-481 and 61-3-562, the department is subject to the same rules and laws that govern the issuance of standard license plates.

(c) Generic specialty license plates issued under 61-3-472 through 61-3-481 are not subject to any maximum issuance or use limitation that may be imposed on standard license plates.

(4) A person may combine an application for a generic specialty license plate with an application for a license plate with a design bearing a representation of a wheelchair as the symbol of a person with a disability as provided in 61-3-332(9)."

Section 3. Section 61-3-481, MCA, is amended to read:

"61-3-481. Generic specialty license plates — restrictions on use. (1) Generic specialty license plates may be issued by the department in conjunction with the registration of any motor vehicle except ~~a trailer of any size,~~ a motorcycle~~,~~ or a quadricycle. The department may not issue generic specialty license plates without the motor vehicle having been registered.

(2) Generic specialty license plates may be used only as the official license plates for a motor vehicle."

Section 4. Section 61-3-562, MCA, is amended to read:

"61-3-562. Permanent registration — transfer of light vehicle ownership — rules. (1) (a) ~~Except as provided in subsection (1)(b), the~~ *The* owner of a light vehicle 11 years old or older subject to the registration fee, as provided in 61-3-321(2), may permanently register the light vehicle upon payment of a $87.50 registration fee, the applicable registration and license fees under 61-3-412, *if applicable, the administrative fee and the annual one-time only donation fee for a generic specialty license plate under 61-3-480,* and an amount equal to five times the applicable fees imposed for each of the following:

(i) the local option motor vehicle tax or flat fee on vehicles under 61-3-537; and

(ii) if applicable, renewal fees for personalized plates under 61-3-406.

(b) The following series of license plates may ~~not~~ *not* be used for purposes of permanent registration of a light vehicle:

(i) Montana national guard license plates issued under 61-3-458(2)(b);

(ii) reserve armed forces license plates issued under 61-3-458(2)(c);

(iii) amateur radio operator license plates issued under 61-3-422; *and*

(iv) collegiate license plates issued under 61-3-465~~; and~~.

~~(v) generic specialty license plates issued under 61-3-479.~~

(2) In addition to the fees described in subsection (1), an owner of a truck with a manufacturer's rated capacity of 1 ton or less that is permanently registered shall pay five times the applicable fees imposed under 61-10-201.

(3) The owner of a motor vehicle that is permanently registered under this section is not subject to additional registration fees or to other motor vehicle registration fees described in this section for as long as the owner owns the vehicle.

(4) The county treasurer shall once each month remit to the state the amounts collected under this section, other than the local option motor vehicle tax or flat fee, for the purposes of 61-3-321(2) and 61-10-201. The county treasurer shall retain the local option motor vehicle tax or flat fee.

(5) (a) The permanent registration of a light vehicle allowed by this section may not be transferred to a new owner. If the light vehicle is transferred to a new owner, the department shall cancel the light vehicle's permanent registration.

(b) Upon transfer of a light vehicle registered under this section to a new owner, the new owner shall apply for a certificate of title under 61-3-201 and 61-3-216 and register the light vehicle under 61-3-303."

Section 5. Effective date. [This act] is effective January 1, 2008.

Section 6. Applicability. [This act] applies to motor vehicles and trailers registered, and license plates that are issued or renewed, on or after [the effective date of this act].

CHAPTER NO. 393

[SB 48]

AN ACT GRANTING TO A RELATIVE WHO IS A CARETAKER BUT NOT A PARENT OF A CHILD THE POWER TO APPROVE MEDICAL CARE FOR THE CHILD UNDER CERTAIN CONDITIONS; PROVIDING FOR A CARETAKER RELATIVE MEDICAL AUTHORIZATION AFFIDAVIT; PROVIDING FOR GOVERNMENTAL IMMUNITY; AMENDING SECTIONS 20-5-412 AND 20-5-420, MCA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose — legislative intent — parental rights — definitions. (1) The legislature recognizes that the rights of parents to the custody and control of a child are based upon liberties secured by the United States and Montana constitutions and that a parent's rights to that custody and control of a child are therefore normally supreme to the interests of other persons. The legislature also recognizes a growing phenomenon in which absent or otherwise unavailable parents have temporarily surrendered the custody and care of their children to a grandparent or other relative for lengthy periods of time. Regardless of the purpose of the absence, a child willfully surrendered to a relative for an extended time period still has the same needs as a child in the care of its parents. In this situation, a caretaker relative assumes responsibilities for the child but has no legal right of control over the child, a situation that interferes in the caretaker relative's ability to perform routine functions of child rearing, including tending to the medical needs of the child. It is therefore the purpose of the legislature in these instances to protect the rights of a child granted by Article II, section 15, of the Montana constitution by granting a caretaker relative limited authority for a child left in the relative's care.

(2) It is the intent of the legislature that a caretaker relative given the responsibility of caring for a child with little or no warning and without any other provision having been made for the child's care, such as the appointment of a guardian or the provision of a power of attorney, be granted authority to consent to medical care for the child without superseding any parental rights regarding the child.

(3) [Section 2] and this section are not intended to affect the rights and responsibilities of a parent, legal guardian, or other custodian regarding the child, do not grant legal custody of the child to the caretaker relative, and do not grant authority to the caretaker relative to consent to the marriage or adoption of the child or to receive notice of a medical procedure, including abortion, not consented to by the relative, if notice is required by law, for the child except as expressly provided in this section.

(4) For the purposes of [section 2] and this section, the following definitions apply:

(a) "Caretaker relative" or "relative" means an individual related by blood, marriage, or adoption by another individual to the child whose care is undertaken by the relative, but who is not a parent, foster parent, stepparent, or legal guardian of the child.

(b) "Caretaker relative medical authorization affidavit" or "affidavit" means an affidavit completed in compliance with [section 2].

(c) "Health care provider" means a person who provides medical care.

(d) "Medical care" means care, by a health care provider for which parental consent is normally required, for the prevention, diagnosis, or treatment of a mental, physical, or dental injury or disease.

(e) "Parent" means a biological or adoptive parent or other legal guardian of a child.

Section 2. Caretaker relative medical authorization affidavit — use — immunity — format. (1) A caretaker relative of a child who has voluntarily been given custody of the child by a parent of the child has the same authority as a custodial parent of the child to consent to medical care for the child for which parental consent is usually required if:

(a) in leaving the child with the caretaker relative, the parent expressed no definite time period in which the parent would return for the child;

(b) the child is residing with the caretaker relative on a full-time basis;

(c) the caretaker relative is unable to contact the parent following the voluntary leaving of the child with the relative or the parent refuses to regain custody of the child after a written request by the relative to do so;

(d) no adequate provision, such as the appointment of a guardian ad litem or execution of a power of attorney, has otherwise been made for the medical care of the child; and

(e) a caretaker relative medical authorization affidavit is completed in compliance with this section.

(2) An affidavit is effective only if it is signed by the caretaker relative, under oath, before a notary public. A clear photographic copy of an affidavit completed in compliance with this section is sufficient in any instance in which an original is required by a health care provider.

(3) Unless the rights of a parent have been judicially terminated or unless the ability to give legal consent for the child to receive medical care for which parental consent is usually required has been granted to the caretaker relative pursuant to 40-4-211 and 40-4-228, a decision by a parent of the child communicated to the health care provider regarding the health care of the child supersedes a conflicting decision by a caretaker relative made pursuant to an affidavit completed in compliance with this section. However, a decision by a parent does not supersede a decision by a relative made pursuant to an affidavit completed in compliance with this section if the decision by the parent endangers the life of the child. A health care provider may require reasonable proof of authenticity of a decision by a parent intended to supersede a decision by a caretaker relative.

(4) (a) A [public or] private health care provider or a [public or] private school official who acts in good faith reliance on a caretaker relative medical authorization affidavit completed in compliance with this section who has no actual knowledge of facts contrary to those indicated in the affidavit is not subject to civil liability or criminal prosecution or to a professional disciplinary procedure for an action that would have been proper if the facts had been as the health care provider believed them to be.

(b) This subsection (4) applies even if medical care is provided to a child against the wishes of a parent of that child if the health care provider rendering the service does not have actual knowledge of the parent's wishes.

(5) A health care provider who relies on an affidavit completed in compliance with this section has no obligation to make further inquiry or investigation.

(6) An affidavit completed in compliance with this section is effective for the earlier of:

(a) 6 months;

(b) until it has been revoked by the caretaker relative; or

(c) until the child no longer resides with the caretaker relative.

(7) If the child ceases to live with the caretaker relative or the caretaker relative revokes the affidavit, the caretaker relative shall provide written notice of that fact to all health care providers to whom the caretaker relative has given the affidavit or to whom the caretaker relative has caused the affidavit to be given.

(8) This section does not relieve a person from a violation of other law, and this section does not affect the rights of a child's parent except as provided in this section.

(9) A caretaker relative medical authorization affidavit is invalid unless it is written in substantially the following form and contains the warning provided for in paragraph 5 of the format below:

"20-5-420. Self-administration of asthma medication. (1) As used in this section, the following definitions apply:

(a) "Anaphylaxis" means a systemic allergic reaction that can be fatal in a short time period and is also known as anaphylactic shock.

(b) "Asthma" means a chronic disorder or condition of the lungs that requires lifetime, ongoing, medical intervention.

(c) "Medication" means a medicine, including inhaled bronchodilators, inhaled corticosteroids, and autoinjectable epinephrine, prescribed by a licensed physician as defined in 37-3-102, a physician assistant who has been authorized to prescribe asthma medications as provided in 37-20-404, or an advanced practice registered nurse with prescriptive authority as provided in 37-8-202(5).

(d) "Self-administration" means a pupil's discretionary use of the asthma medication prescribed for the pupil.

(2) A school, whether public or nonpublic, shall permit the self-administration of medication by a pupil with asthma if the parents or guardians of the pupil provide to the school:

(a) written authorization, acknowledging and agreeing to the liability provisions in subsection (4), for the self-administration of medication;

(b) a written statement from the pupil's physician, physician assistant, or advanced practice registered nurse containing the following information:

(c) documentation that the pupil has demonstrated to the health care practitioner and the school nurse, if available, the skill level necessary to administer the medication as prescribed; and

(d) documentation that the pupil's physician, physician assistant, or advanced practice registered nurse has formulated a written treatment plan for managing asthma or anaphylaxis episodes of the pupil and for medication use by the pupil during school hours.

(3) The information provided by the parents or guardians must be kept on file in the office of the school nurse or, in the absence of a school nurse, the school's administrator.

(4) The school district or nonpublic school and its employees and agents are not liable as a result of any injury arising from the self-administration of medication by the pupil unless an act or omission is the result of gross negligence, willful and wanton conduct, or an intentional tort. (8) Youth correctional facilities are exempt from this section and shall adopt policies related to access and use of asthma medications."

Section 5. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 40, chapter 6, and the provisions of Title 40, chapter 6, apply to [sections 1 and 2].

Section 6. Two-thirds vote required — contingent voidness. Because [section 2(4)(a)] limits governmental liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage. If [this act] is not approved by at least two-thirds of the members of each house of the legislature, then the bracketed language in [section 2(4)(a)] and in the notice to health care providers and school officials in paragraph 8b of [section 2(10)] is void.

Section 7. Applicability. [This act] applies to a caretaker relative, as defined in [section 1], to whom a child is given by a parent after October 1, 2007, for care by the relative.

CHAPTER NO. 394

[SB 71]

AN ACT REQUIRING A STATE AGENCY TO STATE IN ITS NOTICE OF PROPOSED RULEMAKING THE DATE AND MANNER IN WHICH IT GAVE NOTICE OF ITS INITIAL RULEMAKING EFFORTS TO THE PRIMARY SPONSOR OF THE IMPLEMENTED LEGISLATION; PROVIDING FOR THE LEGAL EFFECT OF THE LACK OF NOTICE TO A PRIMARY SPONSOR OF INTENDED RULEMAKING; AMENDING SECTION 2-4-302, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-302, MCA, is amended to read:

"2-4-302. Notice, hearing, and submission of views. (1) Prior to the adoption, amendment, or repeal of any rule, the agency shall give written notice of its intended action. The notice must include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, the reasonable necessity for the intended action, and the time when, place where, and manner in which interested persons may present their views on the intended action. The reasonable necessity must be written in plain, easily understood language. If the agency proposes to adopt, increase, or decrease a monetary amount that a person shall pay or will receive, such as a fee, cost, or benefit, the notice must include an estimate, if known, of:

(a) the cumulative amount for all persons of the proposed increase, decrease, or new amount; and

(b) the number of persons affected.

(2) (a) The notice must be filed with the secretary of state for publication in the register, as provided in 2-4-312, and mailed within 3 days of publication to

the *primary* sponsor of the legislative bill that enacted *or amended* the section that is cited as implemented in the notice ~~if the notice is the initial proposal to implement the section~~, to interested persons who have made timely requests to the agency to be informed of its rulemaking proceedings, and to the office of any professional, trade, or industrial society or organization or member of those entities who has filed a request with the appropriate administrative rule review committee when the request has been forwarded to the agency as provided in subsection (2)(b). Each agency shall create and maintain a list of interested persons and the subject or subjects in which each person on the list is interested. A person who submits a written comment or attends a hearing in regard to proposed agency action under this part must be informed of the list by the agency. An agency complies with this subsection if it includes in the notice an advisement explaining how persons may be placed on the list of interested persons and if it complies with subsection (7).

(b) The appropriate administrative rule review committee shall forward a list of all organizations or persons who have submitted a request to be informed of agency actions to the agencies that the committee oversees that publish rulemaking notices in the register. The list must be amended by the agency upon request of any person requesting to be added to or deleted from the list.

(c) The notice required by subsections (1) and (2)(a) must be published and mailed at least 30 days in advance of the agency's intended action. In addition to publishing and mailing the notice under subsection (2)(a), the agency shall post the notice on a state electronic access system or other electronic communications system available to the public.

(d) The agency shall also, at the time that its personnel begin to work on the substantive content and the wording of the initial rule proposal to implement one or more statutes, notify the *primary* sponsor of the legislative bill that enacted *or amended* the section. *The agency shall state, in the notice required by subsection (1), the date on which and the manner in which the primary sponsor was notified. If notice was sent to the primary sponsor by mail, the date to be used by the agency is the date on which the notice is mailed by the agency. If an agency fails to state the date on which and the manner in which notice was given to the primary sponsor, the filing of the notice of proposed rulemaking with the secretary of state is ineffective for the purposes of this part and the authorizing and implemented law for which the rule is purported to be noticed.*

(3) If a statute provides for a method of publication different from that provided in subsection (2), the affected agency shall comply with the statute in addition to the requirements contained in this section. However, the notice period may not be less than 30 days or more than 6 months.

(4) Prior to the adoption, amendment, or repeal of any rule, the agency shall afford interested persons at least 20 days' notice of a hearing and at least 28 days from the day of the original notice to submit data, views, or arguments, orally or in writing. If an amended or supplemental notice is filed, additional time may be allowed for oral or written submissions. In the case of substantive rules, the notice of proposed rulemaking must state that opportunity for oral hearing must be granted if requested by either 10% or 25, whichever is less, of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency, by the appropriate administrative rule review committee, or by an association having not less than 25 members who will be directly affected. If the proposed rulemaking involves matters of significant interest to the public, the agency shall schedule an oral hearing.

(5) An agency may continue a hearing date for cause. In the discretion of the agency, contested case procedures need not be followed in hearings held pursuant to this section. If a hearing is otherwise required by statute, nothing in this section alters that requirement.

(6) If an agency fails to publish a notice of adoption within the time required by 2-4-305(7) and the agency again proposes the same rule for adoption, amendment, or repeal, the proposal must be considered a new proposal for purposes of compliance with this chapter.

(7) At the commencement of a hearing on the intended action, the person designated by the agency to preside at the hearing shall:

(a) read aloud the "Notice of Function of Administrative Rule Review Committee" appearing in the register; and

(b) inform the persons at the hearing of the provisions of subsection (2)(a) and provide them an opportunity to place their names on the list.

(8) For purposes of notifying sponsors under subsections (2)(a) and (2)(d) who are no longer members of the legislature, a former legislator who wishes to receive notice may keep the former legislator's name, address, and telephone number on file with the secretary of state. An agency proposing rules shall consult the register when providing sponsor notice."

Section 2. Coordination instruction. If Senate Bill No. 47 is passed and approved and if it includes a section that amends 2-4-302, then [section 1 of this act], amending 2-4-302, is void and 2-4-302 is amended to read as follows:

"2-4-302. Notice, hearing, and submission of views. (1) *(a)* Prior to the adoption, amendment, or repeal of any rule, the agency shall give written notice of its ~~intended~~ *proposed* action. The *proposal* notice must include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, the reasonable necessity for the ~~intended~~ *proposed* action, and the time when, place where, and manner in which interested persons may present their views on the ~~intended~~ *proposed* action. The reasonable necessity must be written in plain, easily understood language.

(b) The agency shall state in the proposal notice the date on which and the manner in which notification was given to the primary sponsor as required in subsection (2)(d). If the notification to the primary sponsor was given by mail, the date stated in the proposal notice must be the date on which the notification was mailed by the agency. If the proposal notice fails to state the date on which and the manner in which the primary sponsor was notified, the filing of the proposal notice under subsection (2)(a) is ineffective for the purposes of this part and for the purposes of the law that the agency cites in the proposal notice as the authority for the proposed action.

(c) If the agency proposes to adopt, increase, or decrease a monetary amount that a person shall pay or will receive, such as a fee, cost, or benefit, the notice must include an estimate, if known, of:

~~(a)~~*(i)* the cumulative amount for all persons of the proposed increase, decrease, or new amount; and

~~(b)~~*(ii)* the number of persons affected.

(2) (a) The *proposal* notice must be filed with the secretary of state for publication in the register, as provided in 2-4-312~~, and mailed within~~. *Within* 3 days of publication, ~~to the sponsor of the legislative bill that enacted the section that is cited as implemented in the notice if the notice is the initial proposal to~~

Each agency shall create and maintain a list of interested persons and the subject or subjects in which each person on the list is interested. A person who submits a written comment or attends a hearing in regard to proposed agency action under this part must be informed of the list by the agency. An agency complies with this subsection if it includes in the *proposal* notice an advisement explaining how persons may be placed on the list of interested persons and if it complies with subsection (7).

(b) The appropriate administrative rule review committee shall forward a list of all organizations or persons who have submitted a request to be informed of agency actions to the agencies that the committee oversees that publish rulemaking notices in the register. The list must be amended by the agency upon request of any person requesting to be added to or deleted from the list.

(c) The *proposal* notice required by ~~subsections~~ *subsection* (1) ~~and (2)(a)~~ must be published ~~and mailed~~ at least 30 days in advance of the agency's ~~intended~~ *proposed* action. ~~In addition to publishing and mailing the notice under subsection (2)(a), the~~ *The* agency shall post the *proposal* notice on a state electronic access system or other electronic communications system available to the public.

(d) ~~The~~ *(i) When an* agency ~~shall also, at the time that its personnel begin~~ *begins* to work on the substantive content and the wording of ~~the initial rule~~ *a* proposal ~~to implement one or more statutes that enacted the section~~ *notice for a rule that initially implements legislation, the agency shall notify the legislator who was the primary sponsor of the legislation. If the legislation affected more than one program, notice must be given to the sponsor pursuant to this subsection (2)(d) each time that a rule is being proposed to initially implement the legislation for a program.*

(ii) Within 3 days after a proposal notice covered under subsection (2)(d)(i) has been published as required in subsection (2)(a), a copy of the published notice must be sent to the primary sponsor notified under subsection (2)(d)(i).

(3) If a statute provides for a method of publication different from that provided in subsection (2), the affected agency shall comply with the statute in addition to the requirements contained in this section. However, the notice period may not be less than 30 days or more than 6 months.

(4) Prior to the adoption, amendment, or repeal of any rule, the agency shall afford interested persons at least 20 days' notice of a hearing and at least 28 days from the day of the original notice to submit data, views, or arguments, orally or in writing. If an amended or supplemental notice is filed, additional time may be allowed for oral or written submissions. In the case of substantive rules, the notice of proposed rulemaking must state that opportunity for oral hearing must be granted if requested by either 10% or 25, whichever is less, of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency, by the appropriate administrative rule review committee, or by an association having not less than 25 members who will be directly affected. If the proposed rulemaking involves matters of significant interest to the public, the agency shall schedule an oral hearing.

(5) An agency may continue a hearing date for cause. In the discretion of the agency, contested case procedures need not be followed in hearings held pursuant to this section. If a hearing is otherwise required by statute, nothing in this section alters that requirement.

(6) If an agency fails to publish a notice of adoption within the time required by 2-4-305(7) and the agency again proposes the same rule for adoption, amendment, or repeal, the proposal must be considered a new proposal for purposes of compliance with this chapter.

(7) At the commencement of a hearing on the intended action, the person designated by the agency to preside at the hearing shall:

(a) read aloud the "Notice of Function of Administrative Rule Review Committee" appearing in the register; and

(b) inform the persons at the hearing of the provisions of subsection (2)(a) and provide them an opportunity to place their names on the list.

(8) For purposes of notifying *primary* sponsors under subsections (2)(a) and (2)(d) who are no longer members of the legislature, a former legislator who wishes to receive notice may keep the former legislator's name, address, and telephone number on file with the secretary of state. An agency proposing rules shall consult the register when providing sponsor notice."

Section 3. Effective date. [This act] is effective on passage and approval.

Section 4. Applicability. [This act] applies to notices of proposed rulemaking filed with the secretary of state on or after [the effective date of this act].

CHAPTER NO. 396

[SB 131]

AN ACT REVISING LAND BANKING LAWS; EXTENDING THE TERMINATION DATE FOR THE SALE OF STATE TRUST LAND AND PURCHASE OF REPLACEMENT PROPERTY THROUGH THE LAND BANKING PROGRAM; DECREASING THE TIMEFRAMES FOR POSTING OF A BID BOND; REDUCING THE PERCENTAGE USED FOR DETERMINING A MINIMUM BID BOND; REDUCING THE NUMBER OF DAYS PRIOR TO A SALE THAT A LESSEE MAY CANCEL A LAND BANKING SALE; PROVIDING FOR PAYMENT OF ESTIMATED SALE PREPARATION COSTS; PROVIDING FOR A 60-YEAR ACCOUNTING PERIOD FOR FIGURING A REASONABLE ANNUAL RATE OF RETURN; AMENDING SECTIONS 77-2-363, 77-2-364, AND 77-2-366, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-2-363, MCA, is amended to read:

"77-2-363. Land banking land sales and limitations — *sale preparation costs.* (1) The board may not cumulatively sell or dispose of more than 100,000 acres of state land. Seventy-five percent of the acreage cumulatively sold must be isolated parcels that do not have a legal right of access by the public. At any one time during the life of the land banking process, the board may not sell more than 20,000 acres of state land unless the board has acted to use the revenue from that land to make purchases pursuant to 77-2-364.

(2) (a) A person bidding to purchase state land offered for sale shall ~~45~~ *20* days prior to the day of auction deposit with the department a bid bond in the form of a certified check or cashier's check drawn on any Montana bank equal to at least ~~50%~~ *20%* of the minimum sale price specified by the department pursuant to 77-2-323(1) to guarantee the bidder's payment of the purchase price.

(b) If the current lessee of the land to be sold has initiated the sale as authorized by 77-2-364, the lessee may cancel the sale by giving notice to the department at least ~~30~~ *10* days prior to the day of the auction. When the sale is canceled by the lessee, the lessee shall pay the costs incurred by the department for the preparation of the sale*,* including any costs incurred for preparation of documents required by 75-1-201.

(c) The department shall retain the bid bond of the successful bidder and shall return the bid bonds of the unsuccessful bidders. If the successful bidder fails to comply with the terms of the sale for any reason, the successful bidder's bid bond must be forfeited and credited to the interest and income account of the proper trust.

(3) Except for a sale that is initiated by the lessee of the parcel of land proposed for sale, prior to the proposed sale of any parcel of state land under the

land banking process, the board shall give 60 days' notice of the proposed sale to the lessee of the parcel to allow the lessee sufficient time to determine whether the lessee wishes to propose an exchange of the land to the board.

(4) For a sale initiated by the board or the department, the lessee of the land must be afforded all the rights and privileges to match the high bid, as provided in 77-2-324.

(5) (a) When the lessee has initiated a sale of land under this section, the lessee shall remit to the department the estimated costs of preparing the parcel for sale, including but not limited to appraisals, cultural surveys, environmental review pursuant to Title 75, chapter 1, parts 1 through 3, and land surveys. Payment must be made within 10 days after the board has provided preliminary approval for the sale of the parcel.

(b) If the parcel is sold to the lessee, the funds remitted for the costs of the sale must be applied to the actual costs at closing. If the parcel is sold to a party other than the lessee, the funds remitted by the lessee must be refunded to the lessee and actual costs of preparing the parcel for sale must be assessed to the purchaser at closing."

Section 2. Section 77-2-364, MCA, is amended to read:

"77-2-364. Land banking purchases. (1) The board may select and purchase, lease, receive by donation, hold in trust, or in any manner acquire for and in the name of the state of Montana, in trust for the beneficiaries specified in sections 10 through 19 of The Enabling Act of Congress (approved February 22, 1889, 25 Stat. 676), as amended, any interest in real property and improvements, tracts, and leaseholds of land that the board considers proper in order to best provide prudent, maximum, long-term revenue for the beneficiaries.

(2) Sales of state land may be initiated only by the board, *by* the department, or at the request of a lessee, pursuant to 77-1-202, 77-1-301, 77-2-301, or 77-2-308. The board shall ensure that the full market value of the land sold is realized for each trust by using the appraisal, sale, advertising, and competitive bid procedures contained within 77-2-303, 77-2-321, 77-2-322, 77-2-323, and 77-2-324.

(3) When it is not inconsistent with the purpose of the trust, the board shall purchase land possessing legal access for all legal purposes.

(4) When purchasing land, easements, or improvements for the existing trusts, the board shall develop and apply appraisal and revenue projection procedures to ensure that the land or easements proposed for purchase or that the improvements proposed to be acquired are likely to produce more net revenue for the affected trust than the revenue that was produced from the land that was sold. The board may not purchase land, easements, or improvements pursuant to 77-2-361 through 77-2-367 unless it has first prudently determined that the land, easements, or improvements are likely to produce a greater or equal annual rate of return, as may be reasonably expected over a 20-year accounting period *for Class 1, 3, and 4 lands and over a 60-year accounting period for Class 2 lands, as described in 77-1-401*, with an acceptable level of risk for the affected trust, than the current annual rate of return from the state land that has been sold pursuant to 77-2-363. As guidance, the board shall use generally accepted accounting standards and the Uniform Appraisal Standards for Federal Land Acquisitions published by the U.S. department of justice and the appraisal institute.

(5) Prior to purchasing any land, easements, or improvements, the board shall determine that the financial risks and benefits of the purchase are prudent, financially productive investments that are consistent with the board's fiduciary duty as a reasonably prudent trustee of a perpetual trust. For the purposes of implementing 77-2-361 through 77-2-367, that duty requires the board to:

(a) discharge its duties with the care, skill, prudence, and diligence that a prudent person acting in a similar capacity with the same resources and familiar with similar matters should exercise in the conduct of an enterprise of similar character and aims;

(b) diversify the land holdings of each trust to minimize the risk of loss and maximize the sustained rate of return;

(c) discharge its duties and powers solely in the interest of and for the benefit of the trust managed;

(d) discharge its duties subject to the fiduciary standards set forth in 72-34-114; and

(e) maintain, as closely as possible, the existing land base of each trust, consistent with the state's fiduciary duty.

(6) Prior to purchasing a parcel of land in excess of 160 acres in any particular county, the board shall consult with the county commissioners of the county in which the parcel is located."

Section 3. Section 77-2-366, MCA, is amended to read:

"77-2-366. Land banking process — time limit — report to environmental quality council. (1) State land may not be sold through the land banking process pursuant to 77-2-361 through 77-2-367 after October 1, ~~2008~~ *2011*. Land banking purchases under 77-2-364 may continue after October 1, ~~2008~~ *2011*, until all the proceeds in the state land bank fund are expended or revert to the public school fund or the permanent fund of the respective trust pursuant to 77-2-362(2)(d).

(2) The department shall provide a report to the environmental quality council by July 1, 2008, that describes the results of the land banking program in detail. At a minimum, the report must summarize the sale and purchase transactions made through the program by type, location, acreage, value, and trust beneficiary. The environmental quality council shall make any recommendations that it determines necessary regarding the implementation of the state land banking process, including recommendations for legislation."

Section 4. Effective date. [This act] is effective July 1, 2007.

(1) Persons with disabilities are entitled to fish and to hunt game birds, not including turkeys, with only a conservation license if they are residents of Montana not residing in an institution and are certified as disabled as prescribed by departmental rule. A person who has purchased a conservation license and a resident fishing license or game bird license for a particular license year and who is subsequently certified as disabled is entitled to a refund for the fishing license or game bird license previously purchased for that license year. A person who is certified as disabled pursuant to subsection (3) and who was issued a permit to hunt from a vehicle for license year 2000 or a subsequent license year is automatically entitled to a permit to hunt from a vehicle for subsequent license years if the criteria for obtaining a permit does not change.

(2) A resident of Montana who is certified as disabled by the department and who is not residing in an institution may purchase a Class A-3 deer A tag for $6.50 and a Class A-5 elk tag for $8. A person who has purchased a conservation license and a resident deer license or resident elk license for a particular license year and who is subsequently certified as disabled is entitled to a refund for the deer license or elk license previously purchased and reissuance of the license for that license year at the rate established in this subsection.

Each board must have at least one Montana-licensed physician as a member.

(4) A person with a disability carrying a permit to hunt from a vehicle, referred to in this subsection as a permitholder, may hunt by shooting a firearm

This subsection does not allow a permitholder to shoot across the roadway of any public highway or to hunt on private property without permission of the landowner. A permitholder must have a companion to assist in immediately dressing any killed game animal. The companion may also assist the permitholder by hunting a game animal that has been wounded by the permitholder when the permitholder is unable to pursue and kill the wounded game animal. Any vehicle from which a permitholder is hunting must be conspicuously marked with an orange-colored international symbol of persons with disabilities on the front, rear, and each side of the vehicle, or as prescribed by the department.

(6) (a) A resident of Montana who is certified by the department as experiencing blindness, as defined in 53-7-301, may be issued a lifetime fishing license for the blind upon payment of a one-time fee of $10. An applicant for a license under this subsection need not obtain a wildlife conservation license as a prerequisite to licensure.

(b) A person who is certified by the department as experiencing blindness, as defined in 53-7-301, may be issued regular resident deer and elk licenses, in the manner provided in subsection (2), and must be accompanied by a companion, as provided in subsection (4).

(7) The department shall adopt rules to establish the qualifications that a person must meet to be a companion and may adopt rules to establish when a companion can be a designated shooter for a disabled person.

A member who participated in a contingency operation ~~between~~ *after* September 11, 2001, ~~and February 28, 2006,~~ that required the member to serve at least ~~6~~ *2* months outside of the state may make an election in ~~2006 or~~ 2007 *or in the year following the member's return, based on the member's election, and in any of the 4 years after the member's election* and be entitled to a free resident wildlife conservation license or a ~~$25~~ *free* Class AAA resident combination sports license in the year of election and ~~the license year~~ *in any of the 4 years* after the member's election.

(d) if used with respect to a licensee, a company or business of which the licensee holds control under [sections 23 through 25].

Section 3. Purposes. The purposes of [sections 1 through 56] are to:

(1) promote economic development by encouraging the formation of one or more BIDCOs to help meet the financing assistance and management assistance needs of businesses in the state;

(2) establish a system of licensing, regulation, and enforcement to enable a BIDCO to satisfy the eligibility requirements for participating in programs that further the purposes of the BIDCO;

(3) encourage capital sources to invest in and lend money to BIDCOs by providing for BIDCOs a system of licensing, regulation, and enforcement designed to prevent fraud, conflict of interest, and mismanagement and to promote competent management, accurate recordkeeping, and appropriate communication with shareholders; and

(4) safeguard the general reputation of BIDCOs in order to increase the confidence of prospective equity investors in and prospective debt sources for BIDCOs.

Section 4. Administration — rules — orders — declaratory rulings — judicial review. (1) The department shall administer [sections 1 through 56]. The department may issue orders and may adopt rules that, in the opinion of the department, are necessary to execute, enforce, and achieve the purposes of [sections 1 through 56].

(2) When the department issues an order or license under [sections 1 through 56], the department may impose conditions that the department determines are necessary to carry out the purposes of [sections 1 through 56].

(3) The department may provide to an interested person a declaratory ruling on a provision of [sections 1 through 56].

(4) A final order, decision, license, or other official act of the department under [sections 1 through 56] is subject to judicial review by a district court.

Section 5. Application procedure. When applying for a license, an applicant shall provide the information required by the department in the form required by the department. The information must include:

(1) information on the directors, officers, and controlling persons of the applicant;

(2) the applicant's business plan, including at least 10 years of detailed financial projections, and other relevant information; and

(3) any additional information considered relevant by the department.

Section 6. Requisite net worth. (1) In order to receive a license, an applicant shall demonstrate to the satisfaction of the department that the applicant has raised sufficient capital so that:

(a) the net worth of the BIDCO is expected to be adequate, in the context of its business plan, to support the BIDCO's management team and to achieve an appropriate spreading of the risk involved in the BIDCO's provisions of financing assistance; and

(b) the BIDCO has a reasonable promise of being a viable, ongoing BIDCO, satisfying the basic objectives of its business plan and achieving long-term financial success.

(2) The department may not establish a minimum net worth for a BIDCO under this section of less than $1.5 million.

Section 7. Criteria for directors, officers, and controlling persons. (1) A license may be issued only if the department determines that each director, officer, and controlling person of the applicant is:

(a) of good character and sound financial standing;

(b) competent to perform the director's, officer's, or controlling person's functions for the applicant; and

(c) when considered collectively with the other directors, officers, and controlling persons, adequate to manage the business of the applicant as a BIDCO.

(2) The department may determine that a director, officer, or controlling person of an applicant is not of good character. Bases that the department may use to make that determination include proof that the director, officer, or controlling person or a director or officer of a controlling person has:

(a) had an administrative sanction imposed under the Program Fraud Civil Remedies Act of 1986, 31 U.S.C. 3801 through 3812, for an offense under 15 U.S.C. 645; or

(b) been convicted of or plead guilty or nolo contendere to a crime involving fraud or dishonesty, including a conviction for an offense under 15 U.S.C. 645.

Section 8. Determination of likelihood of future noncompliance. The department may determine that it is not reasonable to believe that an

applicant would comply with [sections 1 through 56] if licensed. Bases that the department may use to make that determination include proof that the applicant has been convicted of any felony or a misdemeanor involving fraud or dishonesty, including a conviction based on a guilty plea or plea of nolo contendere.

Section 9. Denial of application. If the department denies a license, the department shall provide the applicant with a written statement explaining the reasons for the denial.

Section 10. License — display — transfer or assignment — surrender. (1) A licensee shall post the license in a conspicuous place in the licensee's principal office.

(2) A licensee may not transfer or assign its license.

(3) Upon approval by a two-thirds vote of its board of directors and after complying with subsections (4) and (5), a licensee may apply to the department to have the department accept the surrender of the licensee's license. If the department determines that the requirements of subsections (4) and (5) have been satisfied, the department shall approve the application unless the department determines that the purpose of the application is to evade a current or prospective action by the department under [sections 41 through 50].

(4) Not less than 60 days before filing an application under subsection (3), a licensee shall notify all of its shareholders and creditors of its intention to file the application. Each creditor must be notified of the right to comment to the department. Each shareholder must be notified of the right to file with the licensee an objection to the proposed surrender of the license within the 60-day period and must be advised that, if the shareholder files an objection, the shareholder may also send a copy of the objection to the department.

(5) If shareholders representing 20% of the outstanding voting securities of the licensee file an objection with the licensee, the licensee may not proceed with the application unless the application is approved by a vote of shareholders representing two-thirds of the outstanding voting securities of the licensee.

Section 11. Corporate name and representation of status. (1) The corporate name of a licensee must include the word "BIDCO" or "Bidco" and must be distinguishable on the records of the department from the name of any other organized entity and from a reserved or registered name. A licensee may not transact business under a name other than its corporate name.

(2) Before being issued a license, a corporation that proposes to apply for a license or that applies for a license may perform, under a name that indicates that the corporation is a corporation licensed under [sections 1 through 56], the acts necessary to apply for and obtain a license and otherwise prepare to begin business as a licensee. The corporation may not represent that it is a licensee until after the license has been obtained.

Section 12. Misrepresentation. (1) Except as otherwise provided in [section 11], a person transacting business in the state who is not a licensee may not knowingly use a name or title that indicates that the person is a BIDCO or otherwise represent that the person is a BIDCO or a licensee.

(2) A licensee may not knowingly misrepresent the meaning or effect of its license.

Section 13. Board of directors. (1) The board of directors of a licensee must have at least seven directors.

(2) The board of directors shall hold at least one meeting each calendar quarter.

Section 14. Notice of officer and director changes. Within 30 days after each of the following events, the licensee shall notify the department in writing of the event and provide any additional information that the department requires:

(1) the death, resignation, or removal of a director or officer;

(2) the election of a director; or

(3) the appointment of an officer.

Section 15. Dividends. (1) A licensee may not pay or obligate itself to pay a cash dividend or dividend in kind to the licensee's shareholders unless the payment is consistent with a dividend policy that has been adopted by the licensee and approved by the department.

(2) When approving dividend policies under this section, the department shall consider the special characteristics of BIDCOs and the diverse range of dividend policies that are potentially appropriate for a BIDCO, without allowing the licensee to engage in unsafe or unsound acts that could threaten the viability of the licensee as an ongoing BIDCO by eroding its capital base.

(3) The department may at any time withdraw a previous approval of a dividend policy if the department determines that the withdrawal is necessary to prevent unsafe or unsound acts.

Section 16. Stock buyback. A licensee may not buy back or obligate itself to buy back a share of equity interest from a shareholder without the prior approval of the department.

Section 17. Offices. (1) A licensee shall maintain at least one office in this state.

(2) The location of each office of a licensee must be reasonably accessible to the public.

(3) A licensee shall post in a conspicuous place at each of the licensee's offices a sign that bears the corporate name of the licensee.

(4) If a licensee establishes, relocates, or closes an office, the licensee shall give the department written notice within 30 days of the event.

Section 18. Business of licensee — general powers. (1) A licensee may not engage in a business other than providing financing assistance and management assistance to businesses.

(2) In addition to the other powers provided by [sections 1 through 56] and the powers conferred on the licensee by the laws under which it is incorporated that are not inconsistent with [sections 1 through 56], a licensee may:

(a) borrow money and otherwise incur indebtedness for the licensee's purposes, including the issuing of corporate bonds, debentures, notes, and other evidence of indebtedness. A licensee's indebtedness may be secured or unsecured and may involve equity features, including provisions for conversion to stock and warrants to purchase stock.

(b) make contracts;

(c) incur and pay necessary and incidental operating expenses;

(d) purchase, receive, hold, lease, acquire, sell, convey, mortgage, pledge, or otherwise acquire or dispose of real or personal property and the rights and

privileges that are incidental and appurtenant to the transactions if the real or personal property is for the licensee's use in operating the licensee's business or if the real or personal property is acquired by the licensee from time to time in satisfaction of debts or the enforcement of obligations;

(e) make donations for charitable, educational, research, or similar purposes;

(f) provide financing assistance and management assistance to businesses and establish the terms and conditions of the assistance;

(g) implement a reasonable and prudent policy for conserving and investing the licensee's money before the money is used to provide financing assistance to businesses or to pay the expenses of the licensee; and

(h) exercise the incidental powers that are necessary, convenient, or reasonably related to providing financing assistance and management assistance to businesses.

Section 19. Financing assistance allowed — forms, terms, conditions. (1) The financing assistance that a licensee may provide includes:

(a) loans;

(b) purchase of debt instruments;

(c) straight equity investments including the purchase of common stock or preferred stock;

(d) debt with equity features, including warrants to purchase stock, convertible debentures, or receipt of a percentage of net income or sales;

(e) royalty-based financing;

(f) debt guarantees; and

(g) property leasing.

(2) A licensee may determine the form, terms, and conditions for the financing assistance that it will provide.

Section 20. Participation in government programs. (1) A licensee may participate in a federal, state, or local government program for which the licensee is eligible and that has as the program's function the provision or facilitation of financing assistance or management assistance to businesses.

(2) If a licensee participates in a program referred to in subsection (1), the licensee shall comply with the requirements of the program.

Section 21. Scope of management assistance. When providing management assistance, a licensee may provide management advice, management services, technical advice, and technical services.

Section 22. Limitation to purposes of business. Financing assistance and management assistance provided by a licensee to a business may be only for the business purposes of the business.

Section 23. Control of other businesses. (1) A licensee may not hold control of another business except as provided under [sections 24 and 25].

(2) In this section, "licensee" includes the licensee in concert with a director, officer, controlling person, or affiliate of the licensee.

Section 24. Control of assisted business. (1) A licensee that has provided financing assistance to a business may acquire and hold control of the

business to the extent that it becomes necessary to protect the licensee's interest as a creditor of or investor in the business.

(2) Unless the department approves a longer period, a licensee holding control of a business under this section shall divest itself of the control as soon as practicable or within 5 years after acquiring the interest, whichever is sooner.

(3) Within 30 days after a licensee exercises its authority to acquire and hold control of a business under this section, the licensee shall notify the department of the action. The notification must include the reasons why it is necessary for the licensee to acquire and hold control of the business and the length of time the licensee anticipates that it may be necessary to hold control of the business.

Section 25. Control of business providing financing assistance and management assistance or other businesses. (1) With the approval of the department, a licensee may acquire and hold control of another business that is engaged only in the business of providing financing assistance and management assistance to businesses.

(2) With the approval of the department, a licensee may acquire and hold control of a business not otherwise allowed under [sections 23 and 24] and this section.

(3) The department may not approve an application under subsection (2) unless the department determines that:

(a) the acquisition and control will not cause the amount of the licensee's investments in businesses covered by this section to exceed 15% of the assets of the licensee; and

(b) in the department's judgment the approval will promote the purposes of [sections 1 through 56].

(4) An approval under subsection (2) may not be for a period of more than 3 years unless the department determines that a longer period is necessary and consistent with the purposes of [sections 1 through 56].

Section 26. Business practice standards and reserve. (1) A licensee shall transact its business in a safe and sound manner and shall maintain itself in a safe and sound condition.

(2) Subject to subsection (3), in determining whether a licensee is transacting business in a safe and sound manner, the department may not consider the risk of providing financing assistance to a business, unless the department determines that the risk is great enough to demonstrate gross mismanagement when compared with the return that can be realistically expected.

(3) The department may:

(a) if the amount of the financing assistance is unduly large in relation to the total assets or the total shareholder equity of the licensee, determine that a licensee's financing assistance to a single business or group of affiliated businesses violates subsection (1) or constitutes an unsafe or unsound act;

(b) require that a licensee maintain a reserve in the amount of anticipated losses;

(c) require that a licensee have in effect a written financing assistance policy approved by the licensee's board of directors, including credit evaluation and other matters. The department may not require that a licensee adopt a financing assistance policy that contains standards that prevent the licensee

from exercising needed flexibility in evaluating and structuring financing assistance to businesses on an individual basis.

Section 27. Disclosure of potential conflict of interest — terms and conditions — examples. (1) A person shall disclose a potential conflict of interest that occurs in a transaction in the financing documents of the transaction or, if the transaction does not involve financing assistance, in another appropriate document if the person:

(a) participates in a decision of a licensee relating to the transaction; and

(b) knows of a potential conflict of interest involving the transaction.

(2) If a licensee provides financing assistance to a business or engages in another business transaction and if the assistance or transaction involves a potential conflict of interest, the terms and conditions under which the licensee provides the assistance or engages in the transaction may not be less favorable to the licensee than the terms and conditions that would be required by the licensee in the ordinary course of business if the assistance or transaction did not involve a potential conflict of interest.

(3) Licensee transactions that involve a potential conflict of interest include:

(a) providing financing assistance to a principal shareholder of the licensee, to a person controlled by a principal shareholder of the licensee, or to a director, officer, partner, relative, controlling person, or affiliate of a principal shareholder of the licensee;

(b) providing financing assistance to a business to which one or more of the following provides or plans to provide contemporaneous financing assistance:

(i) a principal shareholder of the licensee;

(ii) a director, officer, partner, relative, controlling person, or affiliate of a principal shareholder of a licensee;

(iii) an affiliate of a principal shareholder of a licensee; or

(iv) a person controlled by a principal shareholder of the licensee;

(c) providing financing assistance to a business that has or is expected to have a substantial business relationship with another business that has a director, officer, or controlling person who is also:

(i) a director, officer, or controlling person of the licensee; or

(ii) the spouse of a director, officer, or controlling person of the licensee;

(d) providing financing assistance to a business if the business or a director, officer, or controlling person of the business contemporaneously has lent or will lend money to an associate of the licensee;

(e) providing financing assistance for the purchase of property of an associate or principal shareholder of the licensee;

(f) selling or otherwise transferring an asset of the licensee to an associate or principal shareholder of the licensee.

(4) In this section, "relative" means a parent, child, sibling, spouse, grandparent, grandchild, nephew, niece, aunt, or uncle or a relative of the same degree through marriage.

Section 28. Acquiring control of licensee — application — determination. (1) A person may not acquire control of a licensee without the prior approval of the department.

(2) The department shall approve an application to acquire control of a licensee if the department determines that:

(a) the applicant and the directors and officers of the applicant are of good character and sound financial standing;

(b) it is reasonable to believe that the applicant will comply with [sections 1 through 56]; and

(c) the plans, if any, of the applicant to make a major change in the business, corporate structure, or management of the licensee are not detrimental to the safety and soundness of the licensee.

(3) If, after notice and a hearing, the department determines that the criteria for approval in subsection (2) have not been satisfied, the department shall deny the application.

(4) When the department is reviewing an application under this section, the department may determine that:

(a) an applicant or a director or officer of an applicant is not of good character if the person has been convicted of a crime involving fraud or dishonesty, including a conviction based on a guilty plea or plea of nolo contendere;

(b) an applicant's plan to make a major change in the management of a licensee is detrimental to the safety and soundness of the licensee if the plan provides for a person to become a director or officer of the licensee and the person has been convicted of a crime involving fraud or dishonesty, including a conviction based on a guilty plea or plea of nolo contendere.

(5) The conditions described in subsection (4) are not the only conditions upon which the department may determine that an applicant or a director or an officer of an applicant is not of good character or that an applicant's plan to make a major change in the management of a licensee is detrimental to the safety and soundness of the licensee.

Section 29. Merger — purchase — sale. (1) A licensee may not merge with another corporation unless the merger is approved by the department, and, if the licensee is not the surviving corporation, the surviving corporation is a licensee.

(2) A licensee may not purchase all or substantially all of the business of another person unless the purchase is approved by the department.

(3) A licensee may not sell all or substantially all of the licensee's business or of the business of an office of the licensee to another person unless the purchaser is a licensee and the sale is approved by the department.

(4) The department may not approve a merger, purchase, or sale under this section unless the department determines that:

(a) the merger, purchase, or sale will be safe and sound with respect to the acquiring licensee;

(b) upon consummation of the merger, purchase, or sale, it is reasonable to believe that the acquiring licensee will comply with [sections 1 through 56];

(c) the merger, purchase, or sale will not have a major detrimental effect on competition in the providing of financial assistance or management assistance to businesses or, if there will be a detrimental effect, the merger, purchase, or sale is necessary in the interests of the safety and soundness of a party to the merger, purchase, or sale or is otherwise, on balance, in the public interest.

Section 30. Investigations — powers — failure to comply or testify. (1) The department may investigate any matter, upon complaint or otherwise, if it appears that a person has engaged or offered to engage in any act or practice that is in violation of any provision of [sections 1 through 56] or any rule adopted or order issued by the department pursuant to [sections 1 through 56].

(2) The department may issue subpoenas to compel the attendance of any witnesses and the production of books, accounts, records, documents, and other evidence in any matter over which the department has jurisdiction, control, or supervision under [sections 1 through 56]. The department may administer an oath or affirmation to any person whose testimony is required.

(3) If a person refuses to obey a subpoena or to give testimony or produce evidence as required by the subpoena, a judge of the district court of Lewis and Clark County or the county in which the licensee's premises are located may, upon application and proof of the refusal, issue a subpoena or subpoena duces tecum for the witness to appear before the department to give testimony and produce evidence as may be required. The clerk of court shall issue the subpoena requiring the person to whom it is directed to appear at the time and place designated in the subpoena.

(4) If a person served with a court-ordered subpoena refuses to obey the subpoena or to give testimony or produce evidence as required by the subpoena, the department may proceed under the contempt provisions of Title 3, chapter 1, part 5.

(5) Failure to comply with the requirements of a court-ordered subpoena is punishable under 45-7-309.

Section 31. Fees — special revenue account. (1) A fee for filing an application with the department must be paid at the time the application is filed with the department and is not refundable. A person shall pay the department:

(a) $5,000 for filing an application for a license;

(b) $1,250 for filing an application for approval to acquire control of a licensee;

(c) $1,250 for filing an application for approval for a merger, purchase, or sale under [section 29]. If two or more applications relating to the same merger, purchase, or sale are filed, the fee for filing each application is the figure resulting from dividing $1,250 by the number of the applications.

(2) A licensee shall pay $2,500 each calendar year at a time established by the department.

(3) The department shall establish by rule a fee for the examination of a licensee or an affiliate or subsidiary of a licensee. The fee must be paid within 30 days after receiving a statement from the department. A fee established under this subsection must include:

(a) the proportionate part of the salaries and cost of employee benefits of the examiners while conducting the examination and while preparing the examination report; and

(b) the transportation costs and per diem costs of each examiner while away from the examiner's place of employment.

(4) Fees collected under this section must be deposited in the special revenue account established in subsection (5).

(5) There is a special revenue account to the credit of the department for use in administering [sections 1 through 56].

Section 32. Records and report requirements. (1) A licensee shall make and keep books, accounts, and other records in the form and manner, at the place, and for the period of time that the department establishes.

(2) A licensee, an affiliate of a licensee, and a subsidiary of a licensee shall file with the department the reports that the department requires. A report must be in the form and contain the information that the department requires.

(3) The department may require, by order, that a licensee include an asset on the licensee's books and records at a valuation that represents the current value of the asset.

(4) Not later than 90 days after the close of the calendar year, or a longer period if established by the department, a licensee shall file with the department an audit report containing:

(a) financial statements, including a balance sheet, statement of income or loss, statement of changes in capital accounts, and statement of changes in financial position for or as of the end of the calendar year, prepared with an audit by an independent certified public accountant in accordance with generally accepted accounting principles;

(b) a report, certificate, or opinion of the independent certified public accountant who performs the audit, stating that the financial statements were prepared in accordance with generally accepted accounting principles; and

(c) other information that the department may require.

Section 33. Records kept by others. (1) If a person other than a licensee makes or keeps all or part of the books, accounts, or other records of the licensee, [sections 1 through 56] apply to the person with respect to the books, accounts, and other records to the same extent as if the person were the licensee.

(2) If a person other than an affiliate or subsidiary of a licensee makes or keeps all or part of the books, accounts, or other records of the affiliate or subsidiary, [sections 1 through 56] apply to the person with respect to the books, accounts, and other records to the same extent as if the person were the affiliate or subsidiary.

(3) If the department considers it expedient, the department may require a licensee to obtain the approval of the department before permitting another person to make or keep all or part of the books, accounts, or other records of the licensee.

Section 34. Information on economic development effect. Each year, the department shall publish and provide to the legislature information on the effect of [sections 1 through 56] on promoting economic development in the state. The information must include aggregate statistics on:

(1) the number and dollar amount of the financing assistance made by licensees to businesses. The amounts must be organized into broad categories based on the types of industry involved. The North American Industry Classification System Manual may be used for the categories.

(2) the number and dollar amount of the financing assistance made by licensees to minority-owned businesses and to businesses owned by women; and

(3) estimates of the number of jobs created or retained.

Section 35. Examination of licensees and subsidiaries. (1) The department may at any time examine a licensee or an affiliate or subsidiary of a licensee. Licensure under [sections 1 through 56] constitutes implied consent to examination by the department.

(2) The department shall examine a licensee at least once during each calendar year.

(3) At the department's request, the following persons shall provide to the department the books, accounts, and records of a licensee or a licensee's affiliate or subsidiary and shall otherwise facilitate the department's examination of the licensee to the fullest extent possible:

(a) a director, officer, or employee of a licensee being examined by the department;

(b) a director, officer, or employee of an affiliate or subsidiary of a licensee being examined by the department;

(c) a person having custody of the books, accounts, or records of a licensee being examined by the department;

(d) a person having custody of the books, accounts, or records of an affiliate or subsidiary of a licensee being examined by the department.

(4) The department may retain a certified public accountant, attorney, appraiser, or other person to assist the department in the examination of a licensee or an affiliate or subsidiary of a licensee if the department determines that the assistance is necessary. Within 10 days after receipt of a statement from the department, the licensee being examined shall pay the fees of a person retained by the department under this subsection.

Section 36. Inspection or copying refusal. A person having custody of all or part of the books, accounts, or other records of a licensee may not knowingly refuse to allow the department, upon request, to inspect or make copies of the records.

Section 37. Restrictions on financing assistance. (1) A licensee may not directly or indirectly provide financing assistance to an associate of the licensee.

(2) A licensee may not directly or indirectly provide financing assistance to discharge or to free money for use in discharging part or all of an obligation to an associate of the licensee. This subsection does not apply to a transaction of an associate of a licensee in the normal course of the associate's business involving a line of credit or financing assistance with a term of not more than 5 years.

Section 38. Contemporaneous financing assistance. (1) If the terms on which a licensee provides financing assistance to a business are less favorable to the licensee than the terms on which an associate of the licensee provides financing assistance to the business, the licensee may not directly or indirectly provide the assistance to the business within 1 year before or after the associate provides assistance.

(2) If the financing assistance provided by the licensee's associate is of a different kind from the financing assistance provided by the licensee, the burden is on the licensee to prove that the terms on which the licensee provided the financing assistance were at least as favorable to the licensee as the terms on which the associate provided the assistance.

(3) This section does not apply:

(a) if the associate is a controlling person of the licensee and is also the only shareholder of the licensee;

(b) if the associate is an affiliate or subsidiary of the licensee; or

(c) to a transaction of an associate of a licensee in the normal course of the associate's business involving either a line of credit or financing assistance with a term of not more than 5 years.

Section 39. Compensation of associate. (1) An associate of a licensee may not directly or indirectly receive from a person to whom the licensee provides financing assistance:

(a) compensation in connection with the providing of the financing assistance; or

(b) other things of value for procuring, influencing, or attempting to procure or influence the licensee's action with respect to providing the financing assistance.

(2) This section does not apply to the receipt of fees by an associate of a licensee for bona fide services performed by the associate if:

(a) the associate, with the consent and knowledge of the person to whom the financing assistance is provided, is designated by the licensee to perform the services;

(b) the services are appropriate and necessary under the circumstances;

(c) the fees for the services are approved as reasonable by the licensee; and

(d) the fees for the services are collected by the licensee, and the licensee pays the associate.

Section 40. Exemptions. (1) If the department finds that the exemption is in the public interest and that the regulation of the person or transaction is not necessary for the purposes of [sections 1 through 56], the department may exempt a person or transaction from [sections 37 through 39] for the purposes of a particular transaction.

(2) The exemption may be unconditional or upon specified terms and conditions and for specified periods.

Section 41. Injunction — appointment of receiver. (1) If in the opinion of the department a person is using, has used, or is about to use any method, act, or practice that violates any provision of [sections 1 through 56] or any rule adopted or order issued by the department pursuant to [sections 1 through 56], the department, upon determining that proceeding would be in the public interest, may bring an action in the name of the state to restrain by temporary or permanent injunction or temporary restraining order the use of the unlawful method, act, or practice.

(2) The notice for an action pursuant to subsection (1) must state generally the relief sought and must be served at least 20 days before the hearing of the action in which the relief sought is a temporary or permanent injunction. The notice for a temporary restraining order is governed by 27-19-315.

(3) An action under this section may be brought in the district court of Lewis and Clark County.

(4) (a) A district court may issue a temporary or a permanent injunction or a temporary restraining order to restrain and prevent violations of [sections 1 through 56], and an injunction must be issued without bond to the department.

(b) If the department is successful in obtaining an injunction or a restraining order under this section, the department is entitled to reasonable attorney fees and costs.

(5) (a) In addition to all other means provided by law for the enforcement of a restraining order or an injunction, the district court of Lewis and Clark County may impound and appoint a receiver for the property and business of the defendant, including books, accounts, records, and documents pertaining to the property or business, or as much of the property or business as the court considers reasonably necessary to prevent violations of [sections 1 through 56].

(b) The receiver, when appointed and qualified, has the powers and duties conferred by the court that may include custody, collection, administration, winding up of business, and liquidation of the property and business.

Section 42. Cease and desist orders. (1) If it appears to the department that a person is engaged in or is about to engage in any act or practice constituting a violation of any provision of [sections 1 through 56] or any rule adopted or order issued by the department pursuant to [sections 1 through 56], the department may issue an order directing the person to cease and desist from continuing the act or practice after reasonable notice and opportunity for hearing. The department may issue a temporary order pending the hearing that:

(a) remains in effect until 10 days after the hearings examiner issues proposed findings of fact and conclusions of law; or

(b) becomes final if the person to whom notice is addressed does not request a hearing within 10 days after receipt of the notice.

(2) A violation of an order issued pursuant to this section is subject to the penalty provisions of [sections 1 through 56].

Section 43. Penalties — license suspension and revocation — restitution. (1) If, after providing a 10-day written notice that includes a statement of alleged violations and a notice of an opportunity for a hearing as provided in Title 2, chapter 4, the department finds that any licensee or unlicensed person or any officer, director, partner, trustee, employee, or representative of the licensee or unlicensed person has violated any of the provisions of [sections 1 through 56], has failed to comply with the rules or orders adopted by the department, has failed or refused to make required reports to the department, has furnished false information to the department, or has operated without a license, the department may:

(a) impose a civil penalty not to exceed $1,000 for each violation or, in the case of a continuing violation, $1,000 a day;

(b) issue an order revoking or suspending the right of the licensee or person, directly or through an officer, director, partner, trustee, employee, or representative, to do business in this state as a licensee or to engage in the business of a BIDCO; or

(c) issue an order requiring restitution to borrowers and reimbursement of the department's cost in bringing the administrative action.

(2) All notices, hearing schedules, and orders must be mailed to the licensee or person by certified mail to the address for which the license was issued or, in the case of an unlicensed business, to the last-known address of record.

(3) A revocation, suspension, or surrender of a license does not relieve the licensee from civil or criminal liability for acts committed prior to the revocation, suspension, or surrender of the license.

(4) (a) The department may reinstate any suspended or revoked license if there is not a fact or condition existing at the time of reinstatement that would have justified the department refusing to originally issue the license.

(b) If a license has been revoked for cause, an application may not be made for issuance of a new license or the reinstatement of a revoked license for a period of 6 months from the date of revocation.

(5) All civil penalties collected under this section must be deposited in the general fund.

Section 44. Removal and suspension orders for certain acts. (1) The department may issue an order removing a subject person of a licensee from office with the licensee and prohibiting the subject person from further participation in any manner in the conduct of the business of the licensee if the department determines after notice and an opportunity for a hearing that:

(a) the person has violated [sections 1 through 56] or another applicable law, has engaged in an unsafe or unsound act with respect to the business of the licensee, or has engaged in an act that constitutes a breach of the person's fiduciary duty;

(b) the act, violation, or breach of fiduciary duty has caused or is likely to cause substantial financial loss or other damage to the licensee or has seriously prejudiced or is likely to seriously prejudice the interest of the licensee or the person has received financial gain by reason of the act, violation, or breach of fiduciary duty; and

(c) the act, violation, or breach of fiduciary duty involves dishonesty on the part of the person, demonstrates the person's gross negligence with respect to the business of the licensee, or demonstrates the person's wilfull disregard for the safety and soundness of the licensee.

(2) The department may issue an order removing a subject person of the licensee from office with the licensee and prohibiting the subject person from further participation in any manner in the conduct of the business of the licensee except with the prior consent of the department if, after notice and a hearing, the department determines that, by engaging or participating in an act with respect to a financial or other business institution that resulted in substantial financial loss or other damage, the subject person of a licensee demonstrated:

(a) dishonesty or a wilfull or continuing disregard for the safety and soundness of the financial or other business institution; and

(b) unfitness to continue as a subject person of the licensee or to participate in conducting the business of the licensee.

(3) The department may immediately issue an order suspending a subject person of a licensee from the person's office with the licensee and prohibiting the subject person from further participation in any manner in the conduct of the business of the licensee except with the consent of the department if the department determines that:

(a) the factors in subsection (1) or (2) are true with respect to the person; and

(b) an immediate order is necessary to protect the interests of the licensee or the public.

(4) In this section, when used with respect to a licensee, "office" means the position of director, officer, or employee of the licensee or of an affiliate or subsidiary of the licensee.

Section 45. Removal and suspension orders in cases of indictment or conviction. (1) If the department determines that a subject person of a licensee has been indicted by a grand jury or has been bound over for trial by a court for a crime involving dishonesty or breach of trust and that the continuation of the person as a subject person of the licensee may threaten the interests of the licensee or may threaten to impair public confidence in the licensee, the department may issue an order suspending the person from the person's office with the licensee and prohibiting the person from further participation in any manner in the conduct of the business of the licensee until the person's charge has been disposed of.

(2) If the department determines that a subject person or former subject person of a licensee to whom an order was issued under subsection (1) or another subject person of a licensee has been convicted of a crime involving dishonesty or breach of trust and that the continuation or resumption of the person as a subject person of the licensee may threaten the interests of the licensee, the department may issue an order suspending or removing the person from the person's office with the licensee and prohibiting the person from further participation in any manner in the conduct of the business of the licensee except with the prior consent of the department.

(3) The failure to convict a subject person who is charged with a crime involving dishonesty or breach of trust does not prevent the department from issuing an order to the person under another provision of [sections 1 through 56].

(4) In this section, "office" has the meaning provided in [section 44].

Section 46. Hearings on orders — recision and modification. (1) Within 30 days after an order is issued under [section 44(3) or 45], the licensee or subject person of a licensee to whom the order is directed may file with the department an application for a hearing on the order.

(2) After the hearing, the department shall affirm, modify, or rescind the order.

(3) A person to whom an order is issued under this section may apply to the department to modify or rescind the order. The department may not modify or rescind the order unless the department determines that it is in the public interest to do so and that it is reasonable to believe that the person will comply with [sections 1 through 56].

(4) The right of a licensee or subject person to whom an order is issued under [section 44(3) or 45] to an interlocutory review of the order is not affected by the failure of the licensee or subject person to apply to the department for a hearing on the order issued under this section.

Section 47. Disclosure to shareholders. If the department determines that the results of a department communication or order addressed to the licensee or to a subject person of the licensee should be disclosed to the licensee's shareholders, the department may require the licensee to make the disclosure in the form and manner determined by the department.

Section 48. Meetings of directors and shareholders called by department. (1) If the department considers it expedient, the department may call a meeting of the board of directors or of the shareholders of a licensee.

(2) The department shall send notification of the time, place, and purpose of the meeting not less than 5 days before the meeting to each director for a directors' meeting or to each shareholder for a shareholders' meeting, either by personal service or by certified mail sent to the person's last-known address as shown in the records of the department.

(3) The licensee shall pay the notice and meeting expenses for a meeting of directors or shareholders called under this section.

Section 49. Orders restricting additional financial assistance. (1) The department may issue an order directing a licensee to refrain from providing additional financing assistance to businesses if, in the opinion of the department, the order is necessary to protect the interests of the licensee or the public and if, after notice and an opportunity for a hearing, the department determines that:

(a) the licensee or a controlling person, subsidiary affiliate of the licensee has violated [sections 1 through 56] or another applicable law;

(b) the licensee is conducting the licensee's business in an unsafe and unsound manner;

(c) the licensee is in a condition that makes it unsafe or unsound for the licensee to transact business;

(d) the licensee has ceased to transact business as a BIDCO;

(e) the licensee is insolvent;

(f) the licensee has suspended payment of the licensee's obligations, has made an assignment for the benefit of the licensee's creditors, or has admitted in writing the licensee's inability to pay the licensee's debts as the debts become due;

(g) the licensee has applied for an adjudication of bankruptcy, reorganization, arrangement, or other relief under a bankruptcy, reorganization, insolvency, or moratorium law, an involuntary petition in bankruptcy against the person has not been dismissed in 90 days, or a person has applied for the relief under the law against a licensee and the relief has been granted or the licensee has by an affirmative act approved of or consented to the action; or

(h) a fact or condition exists that would have been grounds for denying the licensee a license if the fact or condition had existed when the licensee applied for the license.

(2) If the department determines that a factor in subsection (1) is true with respect to a licensee and that it is necessary for the protection of the interests of the licensee or the public that the department immediately prevent the licensee from providing additional financing assistance to businesses, the department may issue the order without a hearing.

(3) If the department consents, a licensee that has been the subject of an order under subsection (1) or (2) may resume providing financing assistance to businesses under the conditions that the department prescribes.

(4) A person to whom an order is issued under subsection (1) or (2) may apply to the department to modify or rescind the order. The department may not grant

the application unless the department determines that it is in the interest of the public to do so and that it is reasonable to believe that the person will comply with [sections 1 through 56].

Section 50. Taking possession of licensee. (1) If the department finds that a factor in [section 49] is true with respect to a licensee and that it is necessary for the protection of the interests of the licensee or of the public, the department may take immediate possession of the property and business of the licensee and appoint a conservator for the licensee.

(2) The department may appoint as conservator a competent and disinterested person. The department must be reimbursed out of the assets of the conservatorship for all money expended by the department in connection with the conservatorship. The expenses of the conservatorship paid for by the department must be paid out of the assets of the licensee. Payment of the expenses of the department takes priority over other payments from the assets and must be fully paid before a final distribution is made.

(3) Under the direction of the department, the conservator shall take possession of the books, records, and assets of the licensee and shall take other action that is necessary to conserve the assets of the licensee or to ensure payment of obligations of the licensee pending further disposition of the licensee's business.

(4) At an appropriate time, the department may terminate the conservatorship and permit the licensee to resume the transaction of the licensee's business subject to the terms, conditions, restrictions, and limitations that the department prescribes.

Section 51. Appeals. A final order of an administrative proceeding under [sections 42 through 45, 49, or 50] may be appealed to the district court.

Section 52. Application of law under which licensee incorporated. Except as otherwise provided in this section, the provisions of the law under which a licensee is incorporated apply to the licensee. If a provision of the licensee's incorporating law conflicts with a provision of [sections 1 through 56], [sections 1 through 56] control.

Section 53. Associates. (1) For purposes of [sections 27 and 37 through 39], a person who is an associate within 6 months before or after a licensee provides financing assistance must be considered to be an associate as of the date the licensee provides the assistance.

(2) If a licensee, in order to protect the licensee's interests, designates a person to serve as a director of, officer of, or in a management capacity of a business to which the licensee provides financial assistance, the person may not, on that account, be considered to be an associate under [sections 27 and 37 through 39]. This subsection does not apply if the person has, directly or indirectly, another financial interest in the business or if the person, at any time before the licensee provides the financing assistance, served as a director of, officer of, or in another capacity in the management of the business for a period of 30 days or more.

Section 54. Other licenses. A corporation that is licensed under [sections 1 through 56] may apply for and be issued a license under another law of the state, the federal government, or another state unless the transaction of business by the corporation as a licensee under the other license would violate [sections 1 through 56] or would be contrary to the purposes of [sections 1 through 56].

Section 55. Authority of department. The provisions of [sections 1 through 56] relating to conflicts of interest do not limit the authority of the department to determine that an act involves a conflict of interest and is therefore an unsafe or unsound act.

Section 56. Confidentiality. (1) The director and other employees of the department may not disclose information acquired by them in the discharge of their duties under [sections 1 through 56] except to the extent that disclosure of the information is required by law, other than the public records provisions of Title 2, chapter 6, or is required by court order.

(2) Notwithstanding subsection (1), the department may disclose information that is confidential under subsection (1) if the department determines that disclosure of the information is necessary to promote the public interest. This subsection does not authorize the disclosure of information acquired by the department in the course of an examination of a licensee.

(3) A BIDCO may provide to a current or prospective creditor or shareholder of the BIDCO a copy of an examination report on the BIDCO made by the department under [sections 1 through 56].

Section 57. Codification instruction. [Sections 1 through 56] are intended to be codified as an integral part of Title 32, and the provisions of Title 32 apply to [sections 1 through 56].

(i) located in a basin concerning which a temporary preliminary decree, a preliminary decree under 85-2-231, or a final decree under 85-2-234 has been entered; and

(ii) for which and for so long as there is ~~an agreement~~ *a contract* between the department and the federal government concerning the acquisition of water ~~and the sharing of revenue with the state~~.

~~(4) Water may be leased for any beneficial use. The amount of water that can be leased under this program for all beneficial uses may not exceed 50,000 acre-feet.~~

(4) (a) Subject to subsections (4)(b) and (4)(c), the department may lease up to 1 million acre-feet of water from the reservoirs identified in subsection (3)(b) to water users for beneficial uses in Montana.

(b) The department may lease up to 50,000 acre-feet of water from the reservoirs identified in subsection (3)(b) to water users for beneficial uses outside Montana.

(c) The total amount of water leased under this subsection (4) may not exceed 1 million acre-feet.

~~(5)~~*(5)* The term of any lease may not exceed 50 years. A term may be extended up to another 50 years if the department again determines the desirability of leasing by applying the considerations in subsection ~~(7)~~ *(7)*. In making a redetermination, the department may require the completion of an environmental impact statement in accordance with subsection ~~(6)~~ *(6)*.

~~(6)~~*(6)* The department shall require the completion of an environmental impact statement under the provisions of Title 75, chapter 1, for lease applications that would result in the consumption of 4,000 acre-feet a year or more and 5.5 cubic feet per second or more of water and for any other application for which an environmental impact statement is required by law. The department shall require the completion of an environmental impact statement whenever the cumulative effect of more than one application for a lease would constitute a probable significant environmental impact.

~~(7)~~*(7)* Upon application by a person to lease water, the department shall make an initial determination of whether it is desirable for the department to lease water to the applicant. The determination of desirability must be made solely on the following considerations:

(a) the content of the environmental impact statement, if required;

(b) whether there is sufficient water available under the water leasing program; and

(c) whether the criteria, except as to legislative approval, set forth in 85-2-311 have been satisfied.

~~(8)~~*(8)* The department shall for any *lease* agreement require commercially reasonable terms and conditions, which may include the requirement that up to 25% of the water to be leased be made available to a potential user for any beneficial use upon payment by the user of the costs of tapping into and removing water from the applicant's project. The department may differentiate in pricing, depending on the proposed beneficial use of the water.

~~(9)~~*(9)* The lease of water or the use of water under a lease does not constitute a permit, as provided in 85-2-102, and does not establish a right to appropriate water within the meaning of Title 85, chapter 2, part 3.

~~(10)~~*(10)* For purposes of the water leasing program established in this section, it is the intent of the legislature that the state act as a proprietor."

(d) Any money deposited in the special revenue account in a fiscal year is available for reimbursement of search and rescue missions and to provide matching funds during the fiscal year when the money is deposited and during the following fiscal year. After this period, any money remaining in the special revenue account after the transfers provided for in this section must be transferred to the general license account of the department."

Section 4. Section 72-30-207, MCA, is amended to read:

"72-30-207. Release *or modification* of restrictions ~~in gift instrument~~ *on management, investment, or purpose.* (1) ~~With the written consent of~~ *If* the donor *consents in a record*, ~~the governing board~~ *an institution* may release *or modify*, in whole or in part, a restriction ~~imposed by the applicable~~ *contained in a* gift instrument on the ~~use or~~ *management,* investment*, or purpose* of an institutional fund.

~~(2) If written consent of the donor cannot be obtained by reason of his death, disability, unavailability, or impossibility of identification, the governing board may apply in the name of the institution to the appropriate court for release of a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund. The attorney general shall be notified of the application and shall be given an opportunity to be heard. If the court finds that the restriction is obsolete, inappropriate, or impracticable, it may by order release the restriction in whole or in part. A release under this subsection may not change an endowment fund to a fund that is not an endowment fund.~~

~~(3)~~ A release *or modification* ~~under this section~~ may not allow a fund to be used for ~~purposes~~ *a purpose* other than ~~the educational, religious,~~ *a* charitable~~, or other eleemosynary purposes~~ *purpose* of the institution ~~affected~~.

~~(4) This section does not limit the application of the doctrine of cy-pres.~~

(2) The court, upon application of an institution, may modify a restriction contained in a gift instrument regarding the management or investment of an institutional fund if the restriction has become impracticable or wasteful, if it impairs the management or investment of the fund, or if, because of circumstances not anticipated by the donor, a modification of a restriction will further the purposes of the fund. The institution shall notify the attorney general of the application, and the attorney general must be given an opportunity to be heard. To the extent practicable, any modification must be made in accordance with the donor's probable intention.

(3) If a particular charitable purpose or a restriction contained in a gift instrument on the use of an institutional fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the court, upon application of an institution, may modify the purpose of the fund or the restriction on the use of the fund in a manner consistent with the charitable purposes expressed in the gift instrument. The institution shall notify the attorney general of the application, and the attorney general must be given an opportunity to be heard.

(4) If an institution determines that a restriction contained in a gift instrument on the management, investment, or purpose of an institutional fund is unlawful, impracticable, impossible to achieve, or wasteful, the institution, 60 days after notification to the attorney general, may release or modify the restriction, in whole or part, if:

(a) the institutional fund subject to the restriction has a total value of less than $25,000; or

(b) more than 20 years have elapsed since the fund was established; and

(c) the institution uses the property in a manner consistent with the charitable purposes expressed in the gift instrument."

Section 5. Standard of conduct in managing and investing institutional fund. (1) Subject to the intent of a donor expressed in a gift instrument, an institution, in managing and investing an institutional fund, shall consider the charitable purposes of the institution and the purposes of the institutional fund.

(2) In addition to complying with the duty of loyalty imposed by law other than this chapter, each person responsible for managing and investing an institutional fund shall manage and invest the fund in good faith and with the care an ordinarily prudent person in a like position would exercise under similar circumstances.

(3) In managing and investing an institutional fund, an institution:

(a) may incur only costs that are appropriate and reasonable in relation to the assets, the purposes of the institution, and the skills available to the institution; and

(b) shall make a reasonable effort to verify facts relevant to the management and investment of the fund.

(4) An institution may pool two or more institutional funds for purposes of management and investment.

(5) Except as otherwise provided by a gift instrument, the following rules apply:

(a) In managing and investing an institutional fund, the following factors, if relevant, must be considered:

(i) general economic conditions;

(ii) the possible effect of inflation or deflation;

(iii) the expected tax consequences, if any, of investment decisions or strategies;

(iv) the role that each investment or course of action plays within the overall investment portfolio of the fund;

(v) the expected total return from income and the appreciation of investments;

(vi) other resources of the institution;

(vii) the needs of the institution and the fund to make distributions and to preserve capital; and

(viii) an asset's special relationship or special value, if any, to the charitable purposes of the institution.

(b) Management and investment decisions about an individual asset must be made not in isolation but rather in the context of the institutional fund's portfolio of investments as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the fund and to the institution.

(c) Except as otherwise provided by law other than this chapter, an institution may invest in any kind of property or type of investment consistent with this section.

(d) An institution shall diversify the investments of an institutional fund unless the institution reasonably determines that, because of special circumstances, the purposes of the fund are better served without diversification.

(e) Within a reasonable time after receiving property, an institution shall make and carry out decisions concerning the retention or disposition of the property or to rebalance a portfolio, in order to bring the institutional fund into compliance with the purposes, terms, and distribution requirements of the institution as necessary to meet other circumstances of the institution and the requirements of this chapter.

(f) A person that has special skills or expertise, or is selected in reliance upon the person's representation that the person has special skills or expertise, has a duty to use those skills or that expertise in managing and investing institutional funds.

Section 6. Appropriation for expenditure or accumulation of endowment fund — rules of construction. (1) Subject to the intent of a donor expressed in the gift instrument and to subsection (4), an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Unless stated otherwise in the gift instrument, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution. In making a determination to appropriate or accumulate, the institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, and shall consider, if relevant, the following factors:

(a) the duration and preservation of the endowment fund;

(b) the purposes of the institution and the endowment fund;

(c) general economic conditions;

(d) the possible effect of inflation or deflation;

(e) the expected total return from income and the appreciation of investments;

(f) other resources of the institution; and

(g) the investment policy of the institution.

(2) To limit the authority to appropriate for expenditure or accumulate under subsection (1), a gift instrument must specifically state the limitation.

(3) Terms in a gift instrument designating a gift as an endowment, or a direction or authorization in the gift instrument to use only "income", "interest", "dividends", or "rents, issues, or profits", or "to preserve the principal intact", or words of similar import:

(a) create an endowment fund of permanent duration unless other language in the gift instrument limits the duration or purpose of the fund; and

(b) do not otherwise limit the authority to appropriate for expenditure or accumulate under subsection (1).

(4) The appropriation for expenditure in any year of an amount greater than 7% of the fair market value of an endowment fund, calculated on the basis of market values determined at least quarterly and averaged over a period of not less than 3 years immediately preceding the year in which the appropriation for expenditure was made, creates a rebuttable presumption of imprudence. For an endowment fund in existence for fewer than 3 years, the fair market value of the endowment fund must be calculated for the period the endowment fund has been in existence. This subsection does not:

(a) apply to an appropriation for expenditure permitted under law other than this chapter or by the gift instrument; or

(b) create a presumption of prudence for an appropriation for expenditure of an amount less than or equal to 7% of the fair market value of the endowment fund.

Section 7. Delegation of management and investment functions. (1) Subject to any specific limitation set forth in a gift instrument or in law other than this chapter, an institution may delegate to an external agent the management and investment of an institutional fund to the extent that an institution could prudently delegate under the circumstances. An institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, in:

(a) selecting an agent;

(b) establishing the scope and terms of the delegation, consistent with the purposes of the institution and the institutional fund; and

(c) periodically reviewing the agent's actions in order to monitor the agent's performance and compliance with the scope and terms of the delegation.

(2) In performing a delegated function, an agent owes a duty to the institution to exercise reasonable care to comply with the scope and terms of the delegation.

(3) An institution that complies with subsection (1) is not liable for the decisions or actions of an agent to which the function was delegated.

(4) By accepting delegation of a management or investment function from an institution that is subject to the laws of this state, an agent submits to the jurisdiction of the courts of this state in all proceedings arising from or related to the delegation or the performance of the delegated function.

(5) An institution may delegate management and investment functions to its committees, officers, or employees as authorized by law of this state other than this chapter.

Section 8. Reviewing compliance. Compliance with this chapter is determined in light of the facts and circumstances existing at the time a decision is made or action is taken and not by hindsight.

Section 9. Application to existing institutional funds. This chapter applies to institutional funds existing on or established after [the effective date of this act]. As applied to institutional funds existing on [the effective date of this

act], this chapter governs only decisions made or actions taken on or after that date.

Section 10. Relation to Electronic Signatures in Global and National Commerce Act. This chapter modifies, limits, and supersedes the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001, et seq., but does not modify, limit, or supersede section 101 of that act, 15 U.S.C. 7001(a), or authorize electronic delivery of any of the notices described in section 103 of that act, 15 U.S.C. 7003(b).

Section 11. Repealer. Sections 72-30-201, 72-30-202, 72-30-203, 72-30-204, 72-30-205, and 72-30-206, MCA, are repealed.

Section 12. Codification instruction. [Sections 5 through 10] are intended to be codified as an integral part of Title 72, chapter 30, and the provisions of Title 72, chapter 30, apply to [sections 5 through 10].

(2) A judge may exclude a victim of a criminal offense from:

(a) a trial or hearing upon the finding of specific facts supporting exclusion or for disruptive behavior; or

(b) a portion of a proceeding under Title 41, chapter 5, that deals with sensitive personal matters of a youth or a youth's family and that does not directly relate to the act or alleged act committed against the victim.

(3) If a victim is excluded from a trial or hearing upon the finding of specific facts supporting exclusion, the victim must be allowed to address the court on the issue of exclusion prior to the findings.

(4) A family member of a victim may not be excluded from a trial or hearing based solely on the fact that the family member is subpoenaed or required to

testify as a witness in the trial or hearing unless there is a showing that the family member can give relevant testimony as to the guilt or innocence of the defendant or that the defendant's right to a fair trial would be jeopardized if the family member is not excluded.

(5) As used in this section, "victim" means:

(a) a person who suffers loss of property, bodily injury, or reasonable apprehension of bodily injury as a result of:

(i) the commission of an offense;

(ii) the good faith effort to prevent the commission of an offense; or

CHAPTER NO. 425

[SB 461]

AN ACT REQUIRING THE DEPARTMENT OF ENVIRONMENTAL QUALITY TO RELEASE ALL OR A PORTION OF A BOND IF THE DEPARTMENT IS SATISFIED THAT RECLAMATION OF COAL AND URANIUM OPERATIONS HAS BEEN COMPLETED; CLARIFYING WRITTEN FINDINGS AND RECOMMENDATIONS; AND AMENDING SECTION 82-4-232, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-232, MCA, is amended to read:

"82-4-232. Area mining required — bond — alternative plan. (1) (a) Area strip mining, a method of operation that does not produce a bench or fill bench, is required where strip mining is proposed. The area of land affected must be backfilled and graded to the approximate original contour of the land. However:

(i) consistent with the adjacent unmined landscape elements, the operator may propose and the department may approve regraded topography gentler than premining topography in order to enhance the postmining land use and develop a postmining landscape that will provide greater moisture retention, greater stability, and reduced soil losses from runoff and erosion;

(ii) postmining slopes may not exceed the angle of repose or lesser slope as is necessary to achieve a long-term static safety factor of 1.3 or greater and to prevent slides;

(iii) permanent impoundments may be approved if they are suitable for the postmining land use and otherwise meet the requirements of this part, as provided by board rules; and

(iv) reclaimed topography must be suitable for the approved postmining land use.

(b) Spoil from the first cut is not required to be transported to the last cut if highwalls are eliminated, box cut spoils are graded to blend in with the surrounding terrain, and the approximate original contour of the land is achieved.

(c) When directed by the department, the operator shall construct in the final grading diversion ditches, depressions, or terraces that will accumulate or control the water runoff.

(2) In addition to the backfilling and grading requirements, the operator's method of operation on steep slopes may be regulated and controlled according to rules adopted by the board. These rules may require any measure to accomplish the purpose of this part.

(3) For coal mining on prime farmlands, the board shall establish by rule specifications for soil removal, storage, replacement, and reconstruction, and the operator must as a minimum be required to:

(a) *(i)* segregate the A horizon of the natural soil, except ~~where~~ *when* it can be shown that other available soil materials will create a final soil having a greater productive capacity; and

(ii) if not used immediately, stockpile this material separately from other spoil and provide needed protection from wind and water erosion or contamination by other acid or toxic material;

(b) *(i)* segregate the B horizon of the natural soil, or underlying C horizon or other strata, or a combination of ~~such~~ *the* horizons or other strata that are shown to be both texturally and chemically suitable for plant growth and that can be shown to be equally or more favorable for plant growth than the B horizon in sufficient quantities to create in the regraded final soil a root zone of comparable depth and quality to that ~~which~~ *that* existed in the natural soil; and

(ii) if not used immediately, stockpile this material separately from other spoil and provide needed protection from wind and water erosion or contamination by acid or toxic material;

(c) replace and regrade the root zone material described in subsection (3)(b) with proper compaction and uniform depth over the regraded spoil material; and

(d) redistribute and grade in a uniform manner the surface soil horizon described in subsection (3)(a).

(4) All available topsoil must be removed in a separate layer, guarded from erosion and pollution, and kept in ~~such~~ a condition *so* that it can sustain vegetation of at least the quality and variety it sustained prior to removal~~,~~. ~~provided that~~ *However,* the operator shall accord substantially the same treatment to any subsurface deposit of material that is capable, as determined by the department, of supporting surface vegetation virtually as well as the present topsoil. After the operation has been backfilled and graded, the topsoil or the best available subsurface deposit of material that is best able to support vegetation must be returned as the top layer.

(5) As determined by rules of the board, time limits must be established requiring backfilling, grading, subsidence stabilization, water control, highwall reduction, topsoiling, planting, and revegetation to be kept current. All backfilling, subsidence stabilization, sealing, grading, and topsoiling must be completed before necessary equipment is moved from the operation.

(6) (a) The permittee may file an application with the department for the release of all or part of a performance bond. The application must contain a proposed public notice of the precise location of the land affected, the number of acres for which bond release is sought, the permit and the date approved, the amount of the bond filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, and a description of the results achieved as they relate to the permittee's approved reclamation plan. In addition, as part of any bond release application, the permittee shall submit copies of letters that the permittee has sent to adjoining property owners, local governmental bodies, planning agencies, and sewage and water treatment authorities or water companies in the locality of the operation, notifying them of the permittee's intention to seek release from the bond.

(b) The department shall determine whether the application is administratively complete. An application is administratively complete if it includes:

(i) the location and acreage of the land for which bond release is sought;

(ii) the amount of bond release sought;

(iii) a description of the completed reclamation, including the date of performance;

(iv) a discussion of how the results of the completed reclamation satisfy the requirements of the approved reclamation plan; and

(v) information required by rules implementing this part.

(c) The department shall notify the applicant in writing of its determination no later than 60 days after submittal of the application. If the department determines that the application is not administratively complete, it shall specify in the notice those items that the application must address. After an application for bond release has been determined to be administratively complete by the department, the permittee shall publish a public notice that has been approved as to form and content by the department at least once a week for 4 successive weeks in a newspaper of general circulation in the locality of the mining operation.

(d) Any person with a valid legal interest that might be adversely affected by the release of a bond or the responsible officer or head of any federal, state, or local governmental agency that has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation or is authorized to develop and enforce environmental standards with respect to the operation may file written objections to the proposed release of bond to the department within 30 days after the last publication of the notice. If written objections are filed and a hearing is requested, the department shall hold a public hearing in the locality of the operation proposed for bond release or in Helena, at the option of the objector, within 30 days of the request for hearing. The department shall inform the interested parties of the time and place of the hearing. The date, time, and location of the public hearing must be advertised by the department in a newspaper of general circulation in the locality for 2 consecutive weeks. Within 30 days after the hearing, the department shall notify the permittee and the objector of its final decision.

(e) Without prejudice to the rights of the objector or the permittee or the responsibilities of the department pursuant to this section, the department may establish an informal conference to resolve written objections.

(f) For the purpose of the hearing under subsection (6)(d), the department may administer oaths, subpoena witnesses or written or printed materials, compel the attendance of witnesses or the production of materials, and take evidence, including but not limited to conducting inspections of the land affected and other operations carried on by the permittee in the general vicinity. A verbatim record of each public hearing required by this section must be made, and a transcript must be made available on the motion of any party or by order of the department.

(g) If the applicant significantly modifies the application after the application has been determined to be administratively complete, the department shall conduct a new review, including an administrative completeness determination. A significant modification includes but is not limited to:

(i) the notification of an additional property owner, local governmental body, planning agency, or sewage and water treatment authority of the permittee's intention to seek a bond release;

(ii) a material increase in the acreage for which a bond release is sought or in the amount of bond release sought; or

(iii) a material change in the reclamation for which a bond release is sought or the information used to evaluate the results of that reclamation.

(h) The department shall, within 30 days of determining that the application is administratively complete or as soon as weather permits, conduct an inspection and evaluation of the reclamation work involved. In the evaluation, the department shall consider, among other things, the degree of difficulty in completing any remaining reclamation, whether pollution of surface and subsurface water is occurring, the probability of continuance or future occurrence of the pollution, and the estimated cost of abating the pollution.

(i) The department shall review each administratively complete application to determine the acceptability of the application. A complete application is acceptable if the application is in compliance with all of the applicable requirements of this part, the rules adopted under this part, and the permit.

(j) (i) The department shall notify the applicant in writing regarding the acceptability of the application no later than 60 days from the date of the inspection.

(ii) If the department determines that the application is not acceptable, it shall specify in the notice those items that the application must address.

(iii) If the applicant revises the application in response to a notice of unacceptability, the department shall review the revised application and notify the applicant in writing within 60 days of the date of receipt as to whether the revised application is acceptable.

(iv) If the revision constitutes a significant modification, the department shall conduct a new review, beginning with an administrative completeness determination.

(v) A significant modification includes but is not limited to:

(A) the notification of an additional property owner, local governmental body, planning agency, or sewage and water treatment authority of the permittee's intention to seek a bond release;

(B) a material increase in the acreage for which a bond release is sought or the amount of bond release sought; or

(C) a material change in the reclamation for which a bond release is sought or the information used to evaluate the results of that reclamation.

(k) The department ~~may~~ *shall* release the bond in whole or in part if it is satisfied the reclamation covered by the bond or portion of the bond has been accomplished as required by this part according to the following schedule:

(i) When the permittee completes the plugging, backfilling, regrading, and drainage control of a bonded area in accordance with the approved reclamation plan, the department shall release 60% of the bond or collateral for the applicable permit area.

(ii) After revegetation has been established on the regraded lands in accordance with the approved reclamation plan, the department shall, for the period specified for operator responsibility of reestablishing revegetation,

retain that amount of bond for the revegetated area that would be sufficient for a third party to cover the cost of reestablishing revegetation. Whenever a silt dam is to be retained as a permanent impoundment, the portion of bond may be released under this subsection (6)(k)(ii) if provisions for sound future maintenance by the operator or the landowner have been made with the department. Any part of the bond may not be released under this subsection (6)(k)(ii):

(A) as long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of the requirements of 82-4-231(10)(k); or

(B) before soil productivity for prime farm lands to which the release would be applicable has returned to equivalent levels of yield as nonmined land of the same soil type in the surrounding area under equivalent management practices, as determined from the soil survey.

(iii) When the permittee has successfully completed all prospecting, mining, and reclamation activities, the department shall release the remaining portion of the bond, but not before the expiration of the period specified for responsibility and not until all reclamation requirements of this part are fully met.

(l) If the department disapproves the application for release of the bond or a portion of the bond, it shall ~~notify~~*:*

(i) provide to the permittee, ~~in writing, stating the reasons for disapproval and recommending~~ *detailed written findings demonstrating that the reclamation covered by the bond or a portion of the bond has not been accomplished as required by this part; and*

(ii) recommend corrective actions necessary to secure the release and allowing opportunity for a public hearing.

(m) When an application for total or partial bond release is filed with the department, it shall notify the municipality or county in which a prospecting or mining operation is located by certified mail at least 30 days prior to the release of all or a portion of the bond.

(7) All disturbed areas must be reclaimed in a timely manner to conditions that are capable of supporting the land uses that they were capable of supporting prior to any mining or to higher or better uses as approved pursuant to subsection (8).

(8) (a) An operator may propose a higher or better use as an alternative postmining land use. If the landowner is not the operator, the operator shall submit written documentation of the concurrence of the landowner or the land management agency with jurisdiction over the land. The department may approve the proposed alternative postmining land use only if it meets all of the following criteria:

(i) There is a reasonable likelihood for achievement of the alternative land use.

(ii) The alternative land use does not present any actual or probable hazard to the public health or safety or any threat of water diminution or pollution.

(iii) The alternative land use will not:

(A) be impractical or unreasonable;

(B) be inconsistent with applicable land use policies or plans;

(C) involve unreasonable delay in implementation; or

(D) cause or contribute to violation of federal, state, or local law.

(b) As used in this section, the term "landowner" includes a person who has sold the surface estate to the operator with an option to repurchase the surface estate after mining and reclamation are complete.

(9) The reclamation plan must incorporate appropriate wildlife habitat enhancement features that are integrated with cropland, grazing land, pastureland, land occasionally cut for hay, or other uses in order to enhance habitat diversity, with emphasis on big game animals, game birds, and threatened and endangered species that have been documented to live in the area of land affected, and to enhance wetlands and riparian areas along rivers and streams and bordering ponds and lakes. Incorporation of wildlife habitat enhancement features does not constitute a change in land use to fish and wildlife habitat and may not interfere with the designated land use.

(10) Facilities existing prior to mining, including but not limited to public roads, utility lines, railroads, or pipelines, may be replaced as part of the reclamation plan."

Section 2. Contingent voidness. (1) If the provisions of [this act] are disapproved by the United States secretary of the interior pursuant to 30 CFR 732.17, then [this act] is void.

(2) Within 15 days of the effective date of a disapproval pursuant to subsection (1), the department of environmental quality shall notify the code commissioner certifying that the disapproval has occurred.
